Mortgage Sale

To William McGarvie of the Parish of Dalhousie in the County of Restigouche, Farmer, and Alice McGarvie, his wife, and to all others who may claim or may concern.

Take notice that there will be sold at Public Auction at the Intercolonial Railway Station at Est. River Crossing, in the said County of Restigouche, on Wednesday, the twenty-fifth day of September next, at the hour of two o'clock in the afternoon, the lands and premises mentioned and described in a certain Indenture of Mortgage bearing date the twenty-seventh day of June, A. D. 1910, and registered in the Office of the Registrar of Deeds for the said County of Restigouche as number 12433 on pages 654, 655, 656, 657 and 658 in book "H" of the Records of the said County, between the said William McGarvie and Alice McGarvie, his wife, of the one part, and the undersigned James Woods, of the other part, and in said Indenture of Mortgage bounded and described as follows:

"All and singular that certain lot of land and premises situate, lying and being at Est. River Crossing, in the Parish of Dalhousie in the County of Restigouche, and bounded and described as follows:—Beginning at a stake on the South side of the Foresters' Hall, situate at Est. River Crossing, in the said Parish of Dalhousie, on the West side of the Highway Road, thence Southerly on said Highway seventy feet (70), thence Westerly at right angles to said Highway, one hundred and ten feet, thence Northerly parallel to said Highway seventy feet, and thence Easterly one hundred and ten feet to the place of beginning," together with all and singular the privileges, profits, hereditaments and appurtenances thereto belonging.

The said sale will be made by virtue of a Power of Sale contained in the said Indenture of Mortgage, default having been made by the Mortgagees in payment of the moneys secured in and by the said Indenture of Mortgage.

Dated this twelfth day of July, A. D. 1912.

JAMES WOODS,
Mortgagee.

NEW CEMENT PLANT AT MARLBORO

Plans have been prepared by the Portland Cement Company for an industrial plant at Marlboro, about 17 miles east of Edouard, of the Grand Trunk Pacific, which will cover 9 acres of ground and for which \$500,000 worth of steel, concrete, and other construction material has been ordered. Already a hotel and stores have been built and the foundations of the factory laid. At the present time 20 men are working on the preliminary structure and digging excavations for the kiln buildings in which will be gathered 3,000 degrees of heat, as well as for the clinker ball mill and for the clinker tube mills which will grind the previously mixed marl and clay clinkers into a commercial commodity as finely ground as wheat flour.

By April it is understood that 150 men will be working on the plant. Ties are cut and stacked for the spur line on which the building material and clay will be shipped in, and the chief engineer is authority for the statement that, working night and day, the plant will have a total capacity of 1,500 barrels of Portland cement a day. Double freight car loading facilities are being provided so that 20 car loads a day can be despatched. A few years ago when the C. T. P. first passed over the spot, Marlboro was known only as "Mile 23" for no one thought that there was an enormous bed of marl varying in depth from 2 to 20 feet, which would make it the home of the mighty industry so soon to be easily established.

IN THE PROBATE COURT, COUNTY OF RESTIGOUCHE.

To the Sheriff of the County of Restigouche or any Constable within the said county, Greeting:

WHEREAS Margaret McMillan, Administratrix of the Estate of Daniel McMillan late of the Parish of Colborne in the County of Restigouche, deceased, hath prayed for the granting of a license to the Administratrix for the sale of the Real Estate of the deceased for the payment of the personal property for that purpose.

You are therefore required to cite the heirs, next of kin, creditors and all other persons interested, to appear before me at a Court of Probate to be held at my office in the Murray Building in the Town of Campbellton within and for the said County of Restigouche on the eighth day of November next, at two o'clock in the afternoon to show cause, if any, why license should not be granted to the Administratrix for the sale of the Real Estate of the deceased by reason of there being a deficiency of personal property for that purpose.

Given under my hand and seal of the said Court, this twelfth day of September, A. D. 1912.

(Signed) WILLIAM MURRAY
Judge of Probate in and for the County of Restigouche.

(Signed) JOHN BARBERIE
Registrar of Probate.
Sept. 20-12 (Seal)

DRUNKENNESS CAN BE CURED

Old Fallacy that Drunkenness Cannot be Cured Exploded

Many men drink who desire to stop the habit. Whiskey, however, has undermined the constitution and created a craving that is not to be denied and the man must have whiskey or something that will remove the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G.—of Hall says of it and what it did for her:—"It is four months today since I started to use your Remedy. I followed the directions, and had the best of results. One week after I started using your Remedy the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your Remedy whenever tried."

Remain,
Mrs. G.—Hall, Que.
(Name withheld by request)

Now, if there is anyone in your town who needs this remedy tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to-day

A FREE TRIAL PACKAGE of Samaria with booklet giving full particulars, directions, testimonials, price etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence merely confidential. Write to-day—The Samaria Remedy Co., Dept. 77, 49 Colborne Street, Toronto, Canada, also for sale by Thom. Wynn, Druggist, Campbellton, N. B.

NA-DRU-CO Ruby Rose Cold Cream

A toilet delight, with the exquisite fragrance of fresh roses. It preserves the most delicate complexion against sun, wind and dust, and keeps hands and arms soft and smooth. "Splendid for sore lips. Try it—you'll certainly appreciate it."

In 25c. and glass jars, at your druggist's.

RAILWAY PROBLEM TO BE SOLVED.

Quebec, Sept. 16.—In an effort to settle the difficulty over the operation of the completed section of the N. T. R. between Transjunc and Superior Junction conferences are in progress between Premier Borden and the Minister of Railways and Chairman Leonard of the N. T. R. commission on the one hand, and Chairman Smithers, President Chamberlain, Vice-President Wainwright and General Counsel Biggar of the Grand Trunk. It is thought that the outcome will be negotiated on a satisfactory basis within a few days.

THE war between Italy and Turkey is to be taken off the boards. It would not hold public attention with the baseball season in the third stage.

Acadia University
WOLFVILLE, Nova Scotia.

DEPARTMENTS

ARTS AND SCIENCE for degrees of B. A. and B. Sc.

THEOLOGY for degree of B. Th.

MUSIC for degree of B. Mus.

APPLIED SCIENCE first two years of engineering.

Aim to develop thorough scholarship and high character. Unsurpassed facilities. Three new lecture buildings. Complete faculty. Low cost of tuition and board. Fine athletic equipment. Over 2500 given in scholarships yearly. Full term begins Oct. 8. Write for catalogue.

George E. Colton, D.D., Ph.D., President.

Acadia Seminary
WOLFVILLE, Nova Scotia.

"A First Class Residential School for Boys and Young Men."

THE AIM—To Prepare for the Ministry.

COURSES—Eleven, including College Preparatory, Music, Art, Science, and Theology.

THE FACILITY—Twenty-two Teachers of Fine Ability and Special Training for the Work.

THE LOCATION—Scenic and Picturesque Spot of Canada.

THE EXPENSE—Very Moderate. Room and board according to common standards. INFORMATION—Write for Prospectus.

Rev. H. T. DeWolf, D.D., President.
Next Term begins Sept. 20, 1912.

Acadia College and Business Academy
WOLFVILLE, N.S.

Founded 1828.

Acadia College and Business Academy is a day school for boys and young men, preparing them for the University, for the Ministry, for the Law, for the Medical Profession, for the Army, Navy and Air Force, for the Commercial and Industrial World, and for the Home.

Complete instruction in English, French, Latin, Greek, Hebrew, and German. Also in the various branches of Science, Mathematics, History, Geography, and Literature.

Complete instruction in Book-keeping, Typewriting, and all the latest methods of the Commercial and Industrial World.

Complete instruction in the various branches of the Mechanical and Electrical Engineering.

Complete instruction in the various branches of the Chemical and Pharmaceutical Industries.

Complete instruction in the various branches of the Textile and Paper Industries.

Complete instruction in the various branches of the Food and Drink Industries.

Complete instruction in the various branches of the Clothing and Fashion Industries.

Complete instruction in the various branches of the Building and Construction Industries.

Complete instruction in the various branches of the Transportation Industries.

Complete instruction in the various branches of the Communication Industries.

Complete instruction in the various branches of the Public Service Industries.

Complete instruction in the various branches of the Social and Domestic Industries.

Complete instruction in the various branches of the Art and Craft Industries.

Complete instruction in the various branches of the Music and Entertainment Industries.

Complete instruction in the various branches of the Sports and Recreation Industries.

Complete instruction in the various branches of the Health and Hygiene Industries.

Complete instruction in the various branches of the Agriculture and Horticulture Industries.

Complete instruction in the various branches of the Forestry and Fishing Industries.

Complete instruction in the various branches of the Mining and Quarrying Industries.

Complete instruction in the various branches of the Communication Industries.

Complete instruction in the various branches of the Public Service Industries.

Complete instruction in the various branches of the Social and Domestic Industries.

Complete instruction in the various branches of the Art and Craft Industries.

Complete instruction in the various branches of the Music and Entertainment Industries.

Complete instruction in the various branches of the Sports and Recreation Industries.

Complete instruction in the various branches of the Health and Hygiene Industries.

Complete instruction in the various branches of the Agriculture and Horticulture Industries.

Complete instruction in the various branches of the Forestry and Fishing Industries.

Complete instruction in the various branches of the Mining and Quarrying Industries.

Complete instruction in the various branches of the Manufacturing Industries.

W. L. Anderson, Ph.D., Principal.

NEW PROFESSORS AT ACADIA COLLEGE

Acadia University has taken a step in advance in providing a separate Professor for each language. Last year Prof. W. H. Thompson, Ph. D., took charge of the Latin while Prof. K. V. Jones, Ph. D., continued with the Greek. This year a professor has been appointed for French and another for German.

Dr. Adolphe F. Harman has recently been appointed to the chair of German. He is a native of Germany, holding the degree of Rector from the University of Berlin, having received the Honorary Prize at that time. After graduating he studied in Bonn, Berlin, Kiel, Göttingen and Paris. He holds a Diploma from the French University of Grenoble, and the degree of Doctor of Philosophy from the German University of Kiel. He has taught in the Universities of Bonn, Hamburg, and Leipzig. German has never received the attention that it merited in the Maritime Provinces, but now at Acadia we may expect a most thorough department.

The Professor of French in John Rice, Ph. D. Dr. Rice is a citizen of the United States and at the age of eleven went abroad in the count of his father's health and spent the next five years on the continent, largely in France but also in Germany and Italy. After a year in an American preparatory school he attended Yale University and graduated in 1900 with a high-oration standing. In 1901 he took his M. A. at Yale, and in 1902 was awarded the Scott Hart Fellowship. In 1903 he was appointed Instructor of French and German in the Smith Science School of Yale University, and in 1904 Instructor in French which position he held until 1909, when he took the degree of Doctor of Philosophy. He had since been Instructor in Williams College, teaching besides French, Spanish and Italian. He has kept up his connection with his work abroad in spending a portion of 1910 in Spain and Portugal; 1904 in Italy; and has spent frequent summers in France since. Dr. Rice's work is informed of his appointment while in Paris and is now on his way to Wolfville.

NA-DRU-CO PURE BRED SHEEP

The Dominion Sheep Breeders' Association with the co-operation and assistance of the Dominion Live Stock Branch will hold auction sales of pure bred rams and grade ewes at the following places in New Brunswick.

Moncton	Oct 7th	11 a. m.
Sussex	" 8th	10 a. m.
St. Stephen	" 9th	2 p. m.
Fredericton	" 10th	2 p. m.
Bathurst	" 11th	10 a. m.

These sheep have been carefully selected with a view to stimulating and improving the sheep industry. Colonel H. Montgomery Campbell, Apohaqui, N. B., Colonel R. McEwen, Byron, Ont., C. M. Rae, Live Stock Branch, Department of Agriculture, Ottawa, compose the Committee in charge.

THE steamship Corozal, which recently sailed from Philadelphia for Brazil with a cargo of locomotives, was the first vessel floating the American flag to leave Philadelphia for a South American port in sixty years.

SYNDICALISM DEFEATED

By English Trades Union Congress.

Nonport, Eng., Sept. 7.—Syndicalism was crushingly defeated at the Trades Union Congress here to-day by the adoption by an overwhelmingly majority of a resolution which pledging support of the independent working class of Great Britain to political action in the industrial fight for a more equitable share of the wealth of the country.

Syndicalism is the most discussed feature of present day socialism. It is a movement for the placing of means of production such as factories, mines and railways under control of workmen themselves.

Delegates representing 1,967,109 workers are in attendance upon the Congress. In spite of the stormy year which labor has experienced in England the number of members of affiliated unions represented in the present congress is 304,976 more than the total of last year. Although it is said that the treasuries of unions are almost empty by reason of strikes during the past year figures given above are considered to show the vitality of English trade unionism is unimpaired.

THE WORSE YET

In a recent interview in Winnipeg, Mr. E. J. Chamberlain, president of the Grand Trunk Railway System predicts a more serious grain blockade this year than has ever occurred before, but points out that it is the facilities for removing the grain from the terminals and not the railways that are at fault. "I do not hesitate to say," Mr. Chamberlain observed, "that the three railways are in a position, as far as rolling stock is concerned, to move all the grain they will be asked to handle, but it cannot be removed from the terminal points. There is now at Montreal as is well known a considerable quantity of last year's grain awaiting removal and our company has a great many loaded cars standing idle. The labor troubles in England have contrived towards the probable blockade by delaying steamship sailings, but in any case there are not enough steamships to take the grain away with proper despatch. As far as elevator accommodation is concerned, so far as it is not required for storage, but only for transferring grain from the cars to the ships, everything will be all right. There is no doubt though that either better facilities for getting grain out of the country, or additional storage facilities are absolutely essential. Railroad cars are not intended for storage purposes, but they are obliged to be used for that purpose now."

AUCTION SALE OF PURE BRED SHEEP

The Dominion Sheep Breeders' Association with the co-operation and assistance of the Dominion Live Stock Branch will hold auction sales of pure bred rams and grade ewes at the following places in New Brunswick.

Moncton	Oct 7th	11 a. m.
Sussex	" 8th	10 a. m.
St. Stephen	" 9th	2 p. m.
Fredericton	" 10th	2 p. m.
Bathurst	" 11th	10 a. m.

These sheep have been carefully selected with a view to stimulating and improving the sheep industry. Colonel H. Montgomery Campbell, Apohaqui, N. B., Colonel R. McEwen, Byron, Ont., C. M. Rae, Live Stock Branch, Department of Agriculture, Ottawa, compose the Committee in charge.

THE steamship Corozal, which recently sailed from Philadelphia for Brazil with a cargo of locomotives, was the first vessel floating the American flag to leave Philadelphia for a South American port in sixty years.

Two New Fall Styles In Young Men's Sack Suits

YOU know Fit-Reform as the largest high class tailoring organization in the Dominion—and you probably know why we are the largest.

If not, our new fall Suits will tell you.

Let us show you the styles that other well dressed men are wearing.

W. L. MRAE

The Wonderful ALADDIN Lamp

Wonderful because it produces a luxurious, soft, white light, excelled only by sunlight. Burns ordinary kerosene or coal oil, the cheapest of all illuminating fuels.

Burns Less Oil than Any Other Lamp of Equal Candle Power.

Aladdin Lamps are most durable in construction—easy to take care of—simplest in operation. The light is brighter and easier on the eyes than gas or electricity.
