WILL GIVE \$500 TO SICK READERS OF GRAPHIC.

Famous Scientist Who Originated the Now Wonderful "Home Treatment" Offers \$1.00 Package Free to Sick and Ailing.

In order that every reader of the Graphic, who may not have heard of this wonderful "Home Treatment" may have an opportunity to test this celebrated medicine, the now famous scientist, Dr. James W. Kidd, offers to give absolutely free a full size \$1.00 package to five hundred readers of this paper, to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

People who suffer from rheumatism, Kidney Trouble, Stomach Trouble, Liver or Bowel Disorders, Catarrh, Bronchitis, Asthma, Chronic Coughs, Weak Lungs, Lumbago, Piles, Urinary Disorders, Female Weaknesses of any kind, the weak, worn out, broken-down and despondent will be delighted at the effect of a few doses. This wonderful treatment creates a fine appetite and helps the digestive organs to carry on their functions as they should. It strengthens the kidneys, too, and drives rheumatism poisons from the blood as if by magic. That is why people who try it become so enthusiastic.

Any reader of the Graphic who will try this extraordinary medicine that has created so much excitement by its cures, can obtain absolutely free a full \$1.00 treatment by simply filling in the coupon below or writing a letter describing their case in their own words, if they prefer, and mailing it today to James W. Kidd, Toronto, Canada. No money need be sent and no charge of any kind will be made.

As this offer is limited, you should write at once, in order to be sure to receive your free treatment.

Coupon CB-245 For Free Dollar Treatment.

W.C.T.U. COLUMN

This department is conducted by the local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

As a result of representations made at the request of the Nova Scotia Alliance to the Minister of Railways through Rev. Dr. Shearer, of the Moral and Social Reform Council of Canada, regarding the transportation of liquor on the I. C. R. the following order has been issued by the Minister. It is dated January 25th, and addressed to E. Tiffin, Esq., Government Railways Managing Board:

"Notify all agents and employees of the Railway, giving directions that all officers of the law must be given access to any and all of the premises where freight is kept so that they may enter, inspect, search and seize liquor improperly shipped in contravention to any of the following laws: The Canada Temperance Act, the New Brunswick and Nova Scotia Liquor License Acts, the Prince Edward Island Prohibition Act and the Nova Scotia Temperance Act.

It must be gratifying to Temperance workers in the Provinces that our request has been granted. Heretofore liquor dealers have been enabled by shipping liquor marked "groceries," "provision," "glassware" and so forth, to evade the provisions of the law.

The issuance of this order should lead to very vigorous and successful law enforcement.

The liquor traffic in the provinces is doomed.

H. R. GRANT,
General Sec. N. S. T. Alliance

To the Editor of the "Presbyterian Witness":
"Sir: We have been having exciting times in Sydney in connection with the Temperance cause. For years the Town Council has refused to enforce the Nova Scotia Temperance Act, asserting as an excuse that public sentiment was not in favor of law enforcement. Recently the Council decided to have a plebiscite taken on the 28th inst., to ascertain whether or not the citizens would prefer a high license law, and if so the Council would apply to the Legislature to enact such a law for Sydney. The Attorney General of the province was consulted and he advised that the plebiscite proposed by the Town Council was illegal and without authority of law. The Temperance people decided immediately to have nothing to do with an illegal plebiscite, and the pastors of the Presbyterian, Methodist and Baptist Churches at the services on Sabbath, advised their people to abstain from voting on Tuesday, as the plebiscite would be illegal and a farce. However, the plebiscite was held. The rum party put forth every possible effort. Many teams and automobiles were hired. Liquor flowed freely and drunkenness was greatly in evidence. The Town Council conducted the voting to suit the circumstances. When the votes were counted the figures stood:

For license 995
Against 203
Regarding this vote the Rev. J. W. McConnell, pastor of Jubilee Methodist Church, said in an interview published in "The Morning Post": "The Mayor and City Council must now be aware that the sentiment in this city is overwhelmingly against license. When one thinks of the thoroughly organized and systematic work of the liquor party at the polls yesterday, and finds that only about nine hundred votes were rounded up by the agents, etc., of the whisky business, I am disposed to think there must be some serious questions asked in the 'Pigs' today. On the lists in Sydney we have 4,445 names. Allowing for all duplicates, etc. There must be over 3,600 qualified voters who could have gone to the polls yesterday. The liquor men have therefore about one fourth of the whole. After all their advertising and denunciation and cornering of the lively stable market, etc., this record must be disappointing. They had the whole field to themselves and they could do as they pleased, and of course they got out every last man. What about the remaining three-fourths of our population? This is the question to be seriously considered by our law makers and those who are at the head of affairs."

In one or two of the churches whose pastors instructed their people not to vote yesterday, there is enough ballots to swamp the votes of the rum party as indicated by the returns. The following churches may be regarded as well high solid to a man in favor of prohibition, St. Andrews, Falmouth, Jubilee, Pitt St., Bethany, St. Mark's Victoria Road and St. James. In both the Roman Catholic and Anglican there is a percentage of men who refused to vote. We know the full fighting force of the rum party is Sydney. They had in the field yesterday everything they owned, "Horse, Foot and Artillery." Would this city be asked to express itself on this question and carefully prepared British machinery be provided for taking the vote,

SOLDIERS TURN ON THEIR GENERAL

Turkish Commander is Wounded by His Men
HIS GREAT FAILURE

LONDON, Feb. 17.—Turkish soldiers last night attempted to assassinate and succeeded in badly wounding Enver Bey, the young Turkish leader, who last week made a disastrous effort to pierce the flanks of the Bulgarian army on the shores of the Sea of Marmora with a "forelorn hope" of Ottoman troops, who were beaten back with terrible losses. A news agency despatch by wireless telegraphy from Constantinople today says Enver Bey was stabbed several times.

New York, Feb. 17.—A cable to the Tribune from London says:

Matters are going from bad to worse with the Turks. Enver Bey's expedition to land a large force on the north coast of the Sea of Marmora has ended ludicrously. Enver himself narrowly escaping with his life in an open boat. His disheartened men are now crowded, wet and hungry, in the open streets of Gallipoli, in the worst kind of weather, all the houses being filled with wounded. It is reported that he will ship his men again to take them across the Dardanelles, owing to the report that the Greeks have landed near Bezika Bay, intending to take the forts on the Asiatic side of the Dardanelles, in their rear. A correspondent in the Daily News says there are almost certain to be accidents, however, if this move is attempted, for the boats are bad and would be overcrowded, and a great tempest is blowing.

Enver's was an idealist armada, not that of a practical sailor. His men started filled with hope, but, without food, they soon got dispirited. The leaders retained then in that day the Temperance and Prohibition sentiment of Sydney will assert itself and beat the whiskey business all to pieces.

The whole proceedings of yesterday from the legal view point were meaningless before the ballot boxes opened, it is meaningless today. The campaign in the interests of prohibition has aroused the Temperance people of our city, and not for years has there been so strong a sentiment against the Gin Mill as there is today."

Yours,
A. F. THOMSON.

Together with all the buildings and improvements thereon and Rights and Advantages and appurtenances to the said lands and premises belonging or in any manner appertaining.

Dated at Campbellton in the County of Restigouche this tenth day February A. D. 1913
WILLIAM MORRIS, Mortgagee

Feb. 11-17

tan's harem, he being married into the Sultan's family. His own soldiers are still after him with knives. It seems that the Turkish fleet or what is left of it, will be occupied in keeping the government on its legs and preventing mutinies among its own troops.

The Kurdish troops at Scutari are a distinct source of danger, and danger will begin at Constantinople when peace is signed.

A concrete milk-house makes milk worth more

PEOPLE are willing to pay more for milk that comes from a clean, sanitary dairy. In nearly every city such dairies charge from 50 per cent. to 100 per cent. more than others—and even then they can't supply the demand for pure, high-grade milk. You will get more value out of your cows if you properly cool and store the milk. Such milk is not only more wholesome—and therefore can be sold for a better price—it is also slower to sour than milk handled by ordinary methods. Ask for the free book,

"What The Farmer Can Do With Concrete"

It will tell you how to build a concrete milk-house, and also describes scores of other uses for concrete around the home and on the farm. It is not a catalogue. Its 160 handsomely illustrated pages are devoted entirely to the subject—in which every progressive farmer is interested.

YOU do not place yourself under the slightest obligation in asking for the book. We do not even ask that you agree to use cement. Just sign the coupon attached to this advertisement, or send your name and address by letter or post card, and the book will be mailed to you at once. Address,

Publicity Manager
CANADA CEMENT COMPANY LIMITED
513 Herald Building, Montreal

WHEN you buy cement, remember that the Farmers of Canada have found that "Canada" cement is best. Look for the label on every bag and barrel.
