Did you want to marry her?

TREAT THEM GENTLY.

It is proposed in New Brunswick to forbid the shooting of any moose with less than ten points on the antlers. The flippant suggestion is that the hunters presumably will speak softly to the moose and gently stroke his ears while counting the points.—Halt-fax Chronicle.

IS GAMBLING PERMITTED.

The Graphic has been informed by reliable persons that a room over a certain business place on Water St. is the scene of frequent poker games where considerable money is lost and won.

It is said that one young man lost \$100.00 one night. It is also said that the police have been informed of the place, but that powers higher up have forbidden action, and consequently it looks as if the said gambling den is being run under police protection. We hope this will stir the proper authorities to take prompt action.
