Guff from Gotham. C., B. & Q. have increased their div. to 11/4. rought some satisfaction to the bulls. Sales of D. & H. caused general heaviness in stocks.

Henry Allen to J. J. Dixon & Co.: The market was weak in the moraing, became somewhat stronger in the latter part of the day, but the decidines outnumbered the advances and on the whole the listfell off. The incident of the day which brought most satisfaction to the bulls was the advance in the dividend rate of C.B. & Q. and it is a fact of no little significance. It is easily go possible that this means the production of the tangible evidences of real prosperity that may give the market its boom, which will have the effect of piacing values on a plane represented by their productiveness and future. The great roads of the country are all doing more business than ever before, and this condition must sooner or later be reflected in stock market quotations.

The probability is that the time for advance is not far off if it is not upon us at the moment.

Gossip from Chicago. Second Liverpool cable 1/2d to 1d lower on wheat.

East bound shipments last week 67,199 tons against 58,265 for previous week, and 71,088 for same week last year.

Kennett, Hopkins & Co. to R. Cochran: Lower cables and rains were weak features; approaching cold wave, continued foreign demand and a decrease in visible were strong features. For first two hours price fluctuated but 3/c. Then private cables reported weak markets abroad and there was a further drop of 1/c. There was a recovery of 3/c on posting visible decrease, when from one to two millions increase had been expected. The market looks oversold, and if cables come stronger on the decrease in visible we shall look for higher prices to morrow. In any event we do not anticipate much more decline before a substantial recovery sets in.

Counselman & Day to J. J. Dixon & Co.: Corn RICE LEWIS & SON

The potato market is quiet and easy; a car lying on track sold at 43c, but buyers are lower in their views than a few days ago. Sales are reported of baled hay on track at equal to \$11.50 for small. We quote: Potatoes 55 to 60c per bag; wagon load 50c, car lot 40c to 43c per bag. Apples, \$1.50 to \$2.50 per bbl. Sweet potatoes, \$2.75 to \$3 per bbl. Sweet potatoes, \$2.75 to \$3 per bbl. Saled hay, \$11.50 to \$12 for timothy. Baled straw \$6 to \$6.50. Hops 14c to 16c for new and yearling. White beans \$1.20 to \$1.25 Evaporated apples, 61/2c to 75/2c; dried, 41/2c to 5c we do not anticipate much more decline sectors a substantial recovery sets in.

Counselman & Day to J. J. Dixon & Co.: Corn was strong with a good shipping demand early and a speculative advance later on the visible statement. Supplies of old corn seem practically exhausted and with but a small percentage of the new crop likely to pass into contract grades this year we regard short sales as dangerous and prefer purchases on all breaks. Provisions opened weak under pressure of sales induced by a four thousand overrun of hogs, but a good demand from shorts and the decline was recovered at one time, but final closing was easy at about opening figures.
