FIFTEENTH YEAR

TO RESUME ON MONDAY NEXT

THEIR WILL BE NO DELAY IN THE BOODLE INVESTIGATION.

Talk With Judge McDougal—He Has Important Facts In His Possession Vouches For By Respectable Business Men—Expects the Result of the Enquiry Will Be Clean Government in Future.

"Do not lose one precious moment," was the peremptory instruction that Mayor Kennedy gave Lawyer Green, when that gentleman called upon his worship yesterday morning with reference to the further prosecution of the boodle investigation.

At the request of the counsel was supplied with the files of the Board of Works for the year 1908. It will be remembered that this period includes the Swedish trolley and the overture of the Street Railway Company in reference to the perpetual maintenance of the roadway between the tracks.

Asked by the World yesterday when the enquiry would resume, Judge McDougal replied: "I cannot say definitely, but it will not be before Monday next. I have too much other business to attend to this week."

The Next Course to Be Followed.

The judge would not say the course that would be pursued in the investigation. "You understand," said his Honor, "that a great deal of fact is to be ascertained in regard to the order in which witnesses are to be called. I expect to have a consultation with the attorney general this week, when we shall discuss the matter and decide upon the course to be followed."

Justice McDougal said that he would not say the course that would be pursued in the investigation.

"I fancy," however, that we shall be able to throw some light upon the bottom and ensure the city clean government for the future."

Asked by the World last night: "I shall most certainly appeal against the verdict of the jury in the Ogilvie case. I make no apology for the Privy Council if necessary, I know for a fact that at first the vote of the jury was 6 to 6."

"This morning," continued the alderman, "I received no less than 27 letters from my constituents expressing entire confidence in me, and I was occupied a couple of hours in reading them."

FASHIONABLE HEBREW WEDDING.

Celebrated With All the Symbols That Have Been in Use Since Time Immemorial—The Rabbi's Address.

A fashionable Jewish wedding took place yesterday at the Holy Blossom Synagogue. Mr. Gustave Cohn of Philadelphia was united to Miss Harriet Streamer, the daughter of Mr. Marcus Streamer of Gerrard-street. The wedding was witnessed by nearly all the prominent Hebrews in this city and by many outsiders as well. Archdeacon Lander of Ottawa, Rev. A. J. Broughall of St. Stephen's Church, Mayor Kennedy and other well-known gentlemen were present.

Rabbi Lazarus performed the wedding ceremony and Mr. Solomon acted as chanter. The proceedings commenced with singing of joyful canticles in the Hebrew tongue. The bride was dressed in white satin, with a bridal veil of white tulle. Her bridesmaids were her three sisters, Misses Gertrude, Gussie and Bertha Streamer, all attired in white, with their hair trimmed in the latest style. A few little maids of honor in pink, Misses Gertrude and Esme Wolfe, carried bouquets of flowers. The groomsmen wore Messrs. Louis Streamer, J. Cohn and L. Lawrence. All the gentlemen of the wedding party were dressed in the latest style, according to Jewish custom, they kept on their heads during the ceremony.

The Rabbi's Address.

When the party had all assembled beneath the silken canopy of crimson and gold, Rabbi Lazarus addressed the couple in the duties, the opportunities and the joys of wedded life. He spoke eloquently and delivered a glowing apostrophe to the divine institution of matrimony. It was a well-spring of happiness in the desert of human life and the couple became a sacred repository for the troubled man against all the sorrows of the world, said he.

The marriage ceremony then went forward in the Hebrew tongue with all the symbols that have been in use since time immemorial. The wedded couple drank of the loving cup, in token of their unity in all pleasures hereafter; the glass was broken as a symbol that life is as brittle and easily destroyed, and that it must be well used while we live it, and the happy pair agreed to love and cherish one another, and the husband agreed to bestow part of his substantial on his wife. The Christian promise to obey was not elicited from the bride. At the close of the ceremony, the Rabbi delivered the beautiful blessing of the Pontateuch: "The Lord make his face to shine upon you and give you peace!"

An Impressive Ceremony.

To those who saw the ceremony, it could not be too highly commended. Amid the group in modern millinery and fashionable attire stood the Rabbi and Chanter with their voices raised in prayer and their flowing robes of purple and black. Above swung the sacred canopy, and the tones of Abraham's harp were heard on the lips of priests and singers just as it was uttered thousands of years ago in Palestine.

The ceremony of yesterday was really two in one. The betrothal ceremony of old, which took place in the presence of the bride, had passed away. Nowadays the engagement ring and the confession of love serve instead of the betrothal promise as it was of yore.

Among the most striking books of the past year was "A Yellow Aster" and the author has now produced something even more startling and the critics are at a loss. The characters are not types that would be commonplace and make the book like an ordinary novel. They are personalities as "A Yellow Aster" was, but in this book, now for sale by John P. McKinnon, Bookseller, 30 Yonge-street, they are treated to a more thorough dissection and more elaborate description. The pictures of low female life in London are powerful, realistic and startling. In fact the whole book is a study of realistic realism of an absolutely new class.

MORE IMPORTANT ARRESTS.

ANOTHER GANG OF BURGLARS CAPTURED BY THE POLICE.

Two Brothers Charged With Having Committed Numerous Robberies in the City—Large Quantities of Stolen Jewelry, Silverware and Firearms Recovered in the House Occupied by the Couple.

The third and last of the gangs of burglars and thieves who have been terrorizing the city for the past few weeks as behind prison bars, and the latest arrest will be hailed with equal greater delight by the public than was the arrest of the drug store and clothes line thieves, and for this reason the latest gang to be corralled burglarized private houses.

Whether it is their masks, their stealthy tread, their blinding bull's-eye "glims" or the feeling that they have pistols ready for use at close quarters, or all of those concomitants combined, that make burglars so much an object of dread is immaterial, but it is certain that they have always been disagreeable rude when molested. Hence the satisfaction with which the news of the latest capture will be received.

Devis Sized Up His Man.

While walking along Adelaide-street yesterday afternoon, Detective Davis met John Walsh, aged 25, who was carrying over his arm a lady's satelet jacket. He was acting in a suspicious manner and Davis put him under arrest.

Police Headquarters had no record against Walsh, but he was a partner in a plan with any degree of satisfaction his possession of the article, and gave the address as 18 Regent-avenue. Detectives Davis and Cuddy immediately went over, and on searching his room found a large amount of jewelry, a pair of gentlemen's trousers, evidently a portion of a dress suit, and many other articles of wearing apparel. The whereabouts of which the police have long been trying to discover.

Some of the Places Burglarized.

The goods were taken to Headquarters and on looking up the reports it was seen they were the results of many burglaries which had been reported.

A partial list is: Oct. 23, A. E. Denison, 708 Ontario-st.; Oct. 23, W. H. Merritt, 483 Huron-st.; Oct. 24, H. D. Baker, 49, Louise-st.; Nov. 4, Miss Walsh, 86 Isabella-st.; Nov. 4, George Bell, 32 St. George-st.; Nov. 7, George Holmsted, 88 St. Albans-st.

The mode of operation was similar in all these cases and in many of them the hour chosen was when the occupants of the dwellings were attending the Sabbath services of their respective churches.

Jewelry and Furs Their Specialty.

Jewelry, silverware and furs were usually chosen as being of greatest value and more easily carried away, and with less danger of detection. Several gold watches and gold rings were secured, two watches being stolen from the house of Miss Walsh. A tour of the pawn-shops made by the detectives and many articles found which had been disposed of there.

Caught Before the Loss Was Reported.

Two hours after the arrest of John Walsh, St. W. Willinsky, 491 King-street, walked into the detective department and reported that during the afternoon a lady's seal jacket had been stolen from the door of his place of business. He was shown the jacket found in possession of Walsh, and at once identified it as his property.

THE WAY OF THE TRANSGRESSOR.

The Sad Story of the Entanglements of Arthur R. English and Mrs. Gore.

Mrs. Elizabeth Gore of Toronto, who a year ago took proceedings against Arthur R. English for complicity in an operation of a criminal nature performed on herself and who subsequently took proceedings against him, has this time gone into the courts, this time her action is taken at Chicago and she charges with the plaintiff, but avers that the marriage was broken off by Mrs. Alensteth, who also released him from all claims.

CLEARED UP THE MYSTERY.

Detective Rogers Arrests the Alleged Perpetrator of an Extensive Robbery.

Provincial Detective Rogers has been at Exeter during the past few days endeavoring to clear up the mystery surrounding the burglary of a tailor's shop in that town in September last, when \$400 worth of goods were stolen. Detective Rogers succeeded in obtaining sufficient evidence to justify the arrest of a young man named Edward Sharpe, residing in the village. Prisoner's boarding-house was subsequently searched and a quantity of the missing goods found therein. The prisoner was taken to London and remanded to jail.

THE BESMIRCHED ESCUTCHEON.

THE HAT GOING ROUND AGAIN.

The newspaper situation in Toronto continues in a congested state. None of the big morning papers have paid a dividend for years, while one of them, The Empire, has succeeded in sinking over \$200,000, and is now trying to raise more to be sent in the same direction. Some weeks ago an effort was made to amalgamate The Mail and Empire, but it failed, and now a combination, headed by Mr. W. R. Brock and Mr. Thomas Long and Mr. W. E. Sanford, is trying to form a syndicate to get control of The Empire, Mr. Brock and Mr. Long and Mr. Sanford have money of their own, and are free to do with it as they see fit, to embark in the newspaper or any other business. If they like, but up to date they have risked very little of their own. They have tried most vigorously to form a syndicate of other persons to join with them in getting control of The Empire and making the business men of Toronto and the Conservative party carry the load. Over a million and a half of dollars of private money is invested in newspaper property in Toronto, very little of which has earned a dollar for several years, and those who have this money invested cannot complain, as was said above, if Messrs. Brock, Long & Co. come into the field with their own money. But this is not what these gentlemen seek; they prefer that under an appeal, at one time, that the N.P. is in danger, at another that the Conservative party is in the most imminent danger, to try and get the money that would give them control of a newspaper that might assist them in their ambitions. But they do not want to put up the money themselves. They know where that \$200,000 went, and they know where that they may now raise will go. Furthermore, they used Hon. Mackenzie Bowell to assist them in their scheme. They had him up here the other day and tried to raise the wind on the strength of his accompanying them on their tour about the city. Now, Mr. Bowell is reputed to be a man of means; he is the Toronto, very little of which is known to have saved from \$75,000 to \$100,000 since he entered ministerial life. Mr. Bowell, like the others mentioned, is, of course, free to enter the newspaper field if he does so with his own money. He has the money, he knows the newspaper business, and if he saw anything in it he would not be slow to enter. But, so far his own ventures into The Empire project have been of the slightest kind. But all of these gentlemen, after seeing \$200,000 disappear, and disappear notwithstanding that all sorts of other property have been used for instance, after deputy Ministers and private secretaries at Ottawa have been bulldozed into the belief that somehow they are to consider themselves on the staff and bond to give exclusive information to that paper, and other prominent officials at Ottawa, to write weekly articles for it, and still others to write occasional ones for it, after all this bolstering a new appeal is being made to them to send forward with fresh money and the syndicate spent it for their own amusement.

Within the past few days shareholders in The Empire have been asked to pay the remaining twenty per cent. of their stock, or to assign it over to the syndicate in consideration of a release. They are glad to so assign it, if, then,

JUDGE McDOUGALL, arousing Justice: Pardon me, Madam, but I think we shall require your services here.

THE COACHMAN AND THE WIDOW.

The Latter Now Asks \$5000 Damages From the John Lee Carriage Hire.

An interesting breach of promise case is set down for trial at the York Civil Assizes to-day. The plaintiff is John Lee, a coachman of this city, and the defendant James Droop, a coachman, formerly of Toronto, but now living at Pickering. The damages asked are \$5000. Plaintiff alleges that she became acquainted with the coachman in December, 1892, and the marriage was to have taken place on June 7, 1893. She had been employed as a housekeeper, which position she gave up at defendant's request in order to prepare for the wedding. The defendant subsequently refused to marry her, and also declined to provide for her child. Defendant denies all the allegations, except that he agreed to marry the plaintiff, but avers that the marriage was broken off by Mrs. Alensteth, who also released him from all claims.

The newspaper situation in Toronto continues in a congested state. None of the big morning papers have paid a dividend for years, while one of them, The Empire, has succeeded in sinking over \$200,000, and is now trying to raise more to be sent in the same direction. Some weeks ago an effort was made to amalgamate The Mail and Empire, but it failed, and now a combination, headed by Mr. W. R. Brock and Mr. Thomas Long and Mr. W. E. Sanford, is trying to form a syndicate to get control of The Empire, Mr. Brock and Mr. Long and Mr. Sanford have money of their own, and are free to do with it as they see fit, to embark in the newspaper or any other business. If they like, but up to date they have risked very little of their own. They have tried most vigorously to form a syndicate of other persons to join with them in getting control of The Empire and making the business men of Toronto and the Conservative party carry the load. Over a million and a half of dollars of private money is invested in newspaper property in Toronto, very little of which has earned a dollar for several years, and those who have this money invested cannot complain, as was said above, if Messrs. Brock, Long & Co. come into the field with their own money. But this is not what these gentlemen seek; they prefer that under an appeal, at one time, that the N.P. is in danger, at another that the Conservative party is in the most imminent danger, to try and get the money that would give them control of a newspaper that might assist them in their ambitions. But they do not want to put up the money themselves. They know where that \$200,000 went, and they know where that they may now raise will go. Furthermore, they used Hon. Mackenzie Bowell to assist them in their scheme. They had him up here the other day and tried to raise the wind on the strength of his accompanying them on their tour about the city. Now, Mr. Bowell is reputed to be a man of means; he is the Toronto, very little of which is known to have saved from \$75,000 to \$100,000 since he entered ministerial life. Mr. Bowell, like the others mentioned, is, of course, free to enter the newspaper field if he does so with his own money. He has the money, he knows the newspaper business, and if he saw anything in it he would not be slow to enter. But, so far his own ventures into The Empire project have been of the slightest kind. But all of these gentlemen, after seeing \$200,000 disappear, and disappear notwithstanding that all sorts of other property have been used for instance, after deputy Ministers and private secretaries at Ottawa have been bulldozed into the belief that somehow they are to consider themselves on the staff and bond to give exclusive information to that paper, and other prominent officials at Ottawa, to write weekly articles for it, and still others to write occasional ones for it, after all this bolstering a new appeal is being made to them to send forward with fresh money and the syndicate spent it for their own amusement.
