Lambton Sugar Beet Growers Organize

A largely attended meeting of the Sugar Beet Growers of Enniskillen, Plympton township, was held in the Agricultural office, Petrolia, on Thursday, November 2nd. Reeve Simpson of Enniskillen township, called the meeting to order and explained why all the sugar beet growers were asked to attend this meeting. "We want our rights, and nothing but our rights," was Reeve Simpson's first assertion. "Sugar Beet growers are not receiving a just return for their labor in comparison to what the manufacturer is receiving for sugar. Beet sugar manufacturers claim that the average per centage of sugar in a ton of beets for the past few years is 15 per cent. Before the war this netted the manufacturer \$13.50, and the grower received \$4.50 per ton. To-day the manufacturer receives \$22.50 for the same product and the grower receives \$5.50 per ton for beets. One receives an increase of \$9.00 per ton while the other only receives an increase of one dollar per ton.

The average crop of beets per acre in Lambton County for the past two years has not been over 8 tons. At present prices the growers do not receive current wages for his labor. The growers are determined not to sign contracts for sugar beets for 1917 unless they receive at least a flat rate of \$7.00 per ton or an understanding to be reached that the price of beets will correspond to the raise and fall in the price of sugar.

Local Beet Growers' Club are being formed at each shipping point in the Counties of Lambton, Kent and Essex. From these Clubs a County, and then a Provincial Sugar Beet Growers' Association is to be formed.

Malt Extract Case Withdrawn

(St. Thomas Times)

The case preferred against E. C. Harvey, druggist, by License Inspector Ross of selling malt extract in violation of the Ontario Temperance Act was disposed of at police court on Tuesday morning. The Crown, with the consent of the magistrate, withdrew the case, and Mr. Harvey, at the suggestion of the Crown, agreed not to place the malt extract on sale until such time as the position of druggists in general with regard to the sale of malt extracts under the act is defined by the Department, the Ontario License Board or the law courts.

Mr. Harvey, through his solicitor, J. B. Davidson, at first signified his desire to fight the case to a finish, as he believed he had done no wrong and had violated no law, and to make a promise as suggested, it was claimed by Mr. Davidson, might be taken as an admission of guilt. When it was made clear that the whole object was to secure a proper interpretation of the new law with respect to malt extract, Mr. Harvey agreed to the Crown's suggestion, and the case was dropped.

No Time For Huckstering

Canada Cannot Ignore the Sacrifices That the Dependents of our Soldiers are Making

"Some women, whose husbands are at the front, have more money than when they are at home."

So say unthinking persons when asked to give, and give liberally, to the Canadian Patriotic Fund.

The answer should come straight and quickly:—"Why shouldn't women who are giving their husbands to the country be as well off, or better off? They are struggling along, probably with large families of children, and anxiety about the fate of their husbands gnawing at their hearts every hour of the day. Any moment may come tidings that the bread-winner is gone forever. Are we to reward these women with the smallest pittance that will keep body and soul together?"

It is, in business affairs, an accepted rule that the more hazardous the work the higher the pay. A few weeks ago the men working on the Quebec Bridge demanded and got a large increase in wages because of the risk involved in placing the centre span in position. The result showed that the risk was a real one. How much more certain are the risks of this great war? Every casualty list carries its burden of sorrow into Canadian homes. And yet we pay these heroes who are fighting and dying for us far less than the great majority of them would be earning it still in civil life.

Are we going to stint the wives, while at the same time we shelter ourselves behind the men whom these wives have sent to the front?

Look at the subject from another point of view. Even if these women do not mourn their husbands dead, how many of them will find the home-returning soldiers are financial liabilities rather than financial assets? Go to Quebec or Halifax when a ship comes in laden with our brave lads, maimed and battered. Look at these pathetic figures, and then picture the work that lies before the mothers and wives who with loving hearts and tireless hands will have to care for these poor fellows till death do them part.

And thus picturing the future, which one of us will say that the women who are facing that future must be dealt with, by prosperous Canada, in the spirit of the huckster in the market-place.

A TALK ON RHEUMATISM

Telling How to Actually Cure This Common and Painful Malady.

This article is for the man or woman who suffers from rheumatism who wants to be cured, not merely relieved—but actually cured. The most the rheumatic sufferer can hope for in rubbing something on the tender, aching joint, is a little relief. No lotion or liniment ever did or can make a cure. The rheumatic poison is rooted in the blood. Therefore rheumatism can only be cured when this poisonous acid is driven out of the blood. Any doctor will tell you this is true. If you want something that will go right to the root of the trouble in the blood take Dr. Williams' Pink Pills. They make new, rich blood which drives out the poisonous acid and cures rheumatism to stay cured. The truth of these statements has been proved in thousands of cases throughout Canada, and the following cure is a striking instance. Mr. Henry Smith, St. Jerome, Que., says: "For upwards of a year I was a victim of rheumatism in a most painful form. The trouble was located in my legs and for a long time I was so bad that I could not walk. The suffering which I endured can only be imagined by those who have been similarly afflicted. Doctors' treatment did not help me and then I began trying other remedies, but with no better results. Finally I was advised to try Dr. Williams' Pink Pills, and although I had begun to lose faith in medicine, I finally decided to give the pills a trial. I am very grateful now that I did so, for after taking eight boxes of the pills the trouble completely disappeared. I was free from pain and could walk as well as ever I did in my life. I have since taken the pills as a precautionary measure, and I cannot speak too highly in their favor."

Dr. Williams' Pink Pills cure all the troubles due to weak, watery blood or broken down nerves. You can get these pills through any dealer in medicine, or by mail postpaid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

From Old Subscribers

J. F. Langan, Belgonie, Sask., in renewing his subscription writes:—"Can't get along without it, although it does delay dinner on Mondays. We are having very bad weather in this district. Three snow storms during October and only about one-third of the threshing done. Grain all standing in the stook yet. Several outfits threshed all day Sunday, and to-day it is snowing again.

Eleven cases of drunkenness were tried on one day at Sombra. All were Canadians.

To Investors

THOSE WHO, FROM TIME TO TIME, HAVE FUNDS REQUIRING INVESTMENT, MAY PURCHASE AT PAR

DOMINION OF CANADA DEBENTURE STOCK

IN SUMS OF \$500 OR ANY MULTIPLE THEREOF.

Principal repayable 1st October, 1919. Interest payable half-yearly, 1st April and 1st October by cheque (free of exchange at any chartered Bank in Canada) at the rate of five per cent per annum from the date of purchase.
