ten are with her, both being afflicted with this dread disease.

The words of the mother are pathetic. She writes: "I went to a doctor and got him to examine my lungs to see whether there was anything wrong with them, and he said that the right lung was affected. A little rest, he hoped, would build me up. I have a little girl, about five years old, and the doctor says that if I could take her up with me it would do her ever so much good, as she is not very strong. I have three more children, and one of these, a loy of ten, seems also to be afflicted, and it is advisable that he should enter the hospital."

These three are of the 104 patients who are residents in this deserving institution and being cared for without money and without price. The sorry part of it is that the trustees are carrying a debt of something like \$40,000, incurred largely through the additions that have been made within the past year, and that have more than doubled the accommodation of the institution, together with the heavy cost of maintaining so large a number of free patients.

Readers who desire to help this great charity may send their contributions to Mr. W. J. Gage, Chairman Executive Committee, 84 Spadina avenue, or to the Secretary-Treasurer, 347 King street west, Toronto. These three are of the 104 patients who

Electric Beans Are a Natural Remedy for Nerve, Stomach and Liver Disorders.

Once upon a time disease was thought to be due to direct influence of evil spirit and magic was invoked to cast it out.

Science has taught us wisdom. Science has taught us wisdom. The evil spirits still exist we call them "Disease Germs," and they must also be cast out. Once lodged in the stomach or intestines biliousmess with its aches and pains, or in fact seventy-five per cent of the ills that affect the human race, is the result.

Electric Beans are the approved remedy for driving out disease germs. Their action is quick and thorough, they clear the intestines, rouse the torpid liver to new life, stimulate mucous membranes to healthy action given to the collection of claims, and and cleanse and invigorate the whole digestive tract.
