SAN JOSE SCALE

Oyster-shell Bark Louse and all like Scales and Aphis are most effectually exterminated by using "TARGET BRAND" SCALE DESTROYER. Experiment Stations and numbers who have used it declare IT HAS KILLED 100%. It has been in use over two years, and our largest and most numerous orders are coming from those localities where it is best known.

WALLACE POWER SPRAYERS

EXCEL ALL OTHERS—so say hundreds who use them. Power in abundance without one cent of cost, always there, always ready. 16 styles and sizes covering every requirement from a potato row to the largest apple trees. "Spray, or Quit the Business," is the echo from the Markets of the World, and Growers' Cash Balances substantiate it.
