

**Keep Theosophical Literature before the People and the  
Theosophical Movement cannot Die.**

**PUBLISHERS, IMPORTERS, BOOKSELLERS.**

**ELLIOTT B. PAGE & COMPANY, 415 Park Row Building, New York City,**

Will furnish, at lowest regular rates, all Theosophical books now in the market. We are also publishing new works and reprints of standard books which have become scarce or out of print.

Some time since, an advertisement, a reproduction of which is given herewith, was brought to our notice. Knowing the great value of the book mentioned, and in furtherance of our well-known desire to "Keep Theosophical Literature before the people," we at once secured exclusive control of this work, and now have ready a new edition, *the eleventh thousand*, much better printed and bound than any heretofore published.

**THE OCEAN OF THEOSOPHY,**

By William Q. Judge,

Has had a greater circulation than any Theosophical book ever published in America, and is one of the most valuable that can be used

**FOR PROPAGANDA PURPOSES.**

But it requires no pencil and paper to demonstrate the fact that only a very small proportion of the seventy odd millions in America have read it.

This work gives, in plain, simple language, a synopsis of the Ancient Wisdom-Religion, the root from which all existing systems have sprung, and there is no other book known which supplies, in the same compass, so much information on the subjects discussed.

We have no desire to allot this book to the use of

**ANY PARTICULAR BODY OR SOCIETY,**

and members of the T. S. and U. B. who may desire to order copies of it need not necessarily give the name of their Lodge.

This edition is finely printed on handsome laid paper with wide margins, and contains the best portrait of the author ever given to the public. It is bound in paper, opening flat, at 25 cents per copy; in cloth, with gilt top and attractive side stamp in colour and gold at 50 cents, postpaid in either case.

**SPECIAL OFFER FOR PROPAGANDA.**

We will send, to any address, prepaid, five copies of "The Ocean of Theosophy," in paper cover, for \$1.00. Here is an opportunity to do good to your neighbour.

**OUT OF PRINT!**

From "Universal Brotherhood"  
Notice is given to members that the

**Ocean of Theosophy**

is out of print. We have a very limited supply of copies in both bindings (cloth, 50c., paper, 25c.), and as we are told that there are a certain number of members who have no copy we give this information for their benefit so that they may obtain one before it is too late. We are holding out a certain number of copies for this purpose, and members desiring a copy should order at once, sending the cash with the order. In ordering, state whether you are a member of a Lodge. Lodges in sending orders should give the names of the individuals for whom they are being purchased. Otherwise orders will not be filled, as there will not be enough to supply the demand and we wish every member to have an opportunity of securing the book.
