Consignments solicited. Special attention given to all Consignments of Flour, Grain, Ashes, Leather, Butter, Coal Oil, &c. We guarantee the highest market prices for all kinds of Produce, and returns on day of sale. I have a large and favourable connection with the local consumers of Strong Flour, in bags and barrels. Bags returned promptly. First class storage for Leather, Butter, &c.

Sales effected of all kinds of Canadian Manufactures (patented or otherwise) Consigners may draw against property at two-thirds Montreal market price at time. Drafts must be accompanied by Bill of Lading, Railroad or other Receipts. Liberal Cash Advances made on all kinds of Produce. The Lowest Commission charged.

REVIEW OF THE MARKETS.

Flour.—A good enquiry for forward delivery mainly on Lower Port and On be account existed in the fore part of the week, stimulating at the same time the local enquiry, and a fair amount of business was done at full, and in some instances, enhanced prices; but the advancing pretensions of holders caused some of the orders to be withdrawn, and the market has resumed its former comparative quiet, prices, however, being for the time maintained. Extras and Fancy, though in limited supply, are only saleable in broken parcels. Strong Canada supers and buyers as offered at \$5.75 to \$5.90, according to quality. Brands from Western Wheat range from \$5.65 to \$5.75. No. 2 is scarce and readily sold at \$5.30 to \$5.50, according to sample. The lower grades are also much wanted, and command their full relative value. Bag Flour has been in short supply, owing to limited arrivals from Western Canada, and our local mills being for the time idle, a high relative value has been established, all the more desirable parcels being latterly taken at \$3.20 to \$3.25, and even the poorer lots have found buyers at highly remunerative figures.

OATMEAL.—The supplies are trifling, and the demand of the merest retail.

WHEAT.—In the absence of arrivals or sales, prices continue purely nominal.

PEASE.—Little doing on the spot, but there have been considerable sales for May delivery at gradually improving prices. Latest transactions in choice being at \$5c. per 60 lbs.

OATS.—Strictly good and white are saleable for delivery at 3c., while the more indifferent or those samples mixed with black oats, and with favour even at lower rates.

BARLEY.—Has been comparatively nominal since the close of the reciprocity, and former prices are no longer available.

SEEDS.—There is now a fair consumptive demand for lower bringing 10c to 12c per pound, and Timothy \$2 to \$2.55 per bushel, according to quality. Much of the latter offering is of inferior quality, being dirty and badly hulled.

PORK.—The declining tendency of provisions in Great Britain, though not immediately affecting prices, has checked any speculative feeling previously existing. The small stock of pork at this point justifies firmness, and although the demand is trifling and confined to present wants, holders show no sign of relaxing.

CUT MEATS.—The quantity in stock is so small as to restrict transactions mostly to consumptive wants, and quotations represent rather retail operations.

LARD.—Is a shade easier though not notably lower. TALLOW.—Has also received a check by later British advances.

BEEF.—The market is bare, and the supplies hardly adequate to the very restricted demand, high prices are secured for anything moderately good, while even common finds buyers for the time being. The first show however of new will at once change the existing state of things, so that all who have any old to dispose of had better realize while such exceptional rates can be had.

ASHES.—British advices for Pots continuing encouraging, prices have steadily improved here, closing moderately active at \$5.75 to \$5.80 for first sorts, and \$3.50 to \$3.60 for inferiors. Prices of both sorts have been steady for some days at about \$7.00.

WEEKLY PRICES CURRENT.

Table with columns for item, price per unit, and price per unit. Items include Flour (Pollards, Middlings, Fine, Superfine), Bag Flour, Wheat, Peas, Oats, Barley, Indian Corn.

Table with columns for item, price per unit, and price per unit. Items include Seeds (Clover, Timothy), Ashes (Pots, Inferiors), Butter (First Quality, Second Quality, Interior), Pork (Mess per bbl, Prime Mess per bbl), Hams (Per lb, Sugar cured), Lard (Per 100 lbs, Per lb in kegs), Tallow (Per lb), Petroleum (Per gallon), Cod Oil.

LEATHER.

SPANISH SOLE.—We hear of no important sales having taken place during the week, but prices are steady, and no decline is anticipated at present.

SLAUGHTER SOLE.—It has been in less demand, transactions have been chiefly in heavy average, light being but little inquired for.

HARNESS.—Exhibits rather a downward tendency, and is quiet, with a good stock in market.

WAXED UPPER.—We hear of considerable sales having taken place during the week at about our quotations, and these have very greatly reduced the stock.

Table with columns for item, price per unit, and price per unit. Items include Hemlock Spanish Sole, Harness Leather, Upper do, Grained Upper, Enamelled Cow.

Prices have altered but little, but exhibit great firmness.

GRAINED UPPER.—No Stock in market. BUFF AND PINKED.—The chief demand is for Pebbled, of medium substance, but strictly first-class of both sorts is in poor supply.

PATENT AND ENAMELLED.—The supply is unequal to the demand, and some difficulty is experienced by buyers in supplying their needs.

CALFSKINS.—Prime are still scarce, but some small lots of ordinary are being received.

Table with columns for item, price per unit, and price per unit. Items include Patent Cow, Bull Cow, Splits do, Calf Skins, Kips fine to extra, Do. common, Do. half.

JOHN B. GOODE,

WHOLESALE IMPORTER OF

Small Wares, Cutlery, Fancy Goods, &c.,

No. 57, St. Sulpice Street, Montreal. 1-ly

IRELAND'S FREIGHT AND PASSENGER LINE

FROM MONTREAL TO KINGSTON, TORONTO, HAMILTON, ST. CATHARINES, and vice-versa.

On opening of navigation, the following first class Steamers will form a line for the transportation of Freight and Passengers, viz:—

Table with columns for ship name and captain. Ships include HER MAJESTY, OSPREY, AMERICA, WHITBY, MAGNET.

As this will give five boats weekly each way, merchants can depend on having their freight delivered with despatch.

Rates as low as by any other line. For Freight or Passage, apply to H. W. IRELAND, St. Paul Street, Montreal.

JOHN PROCTOR, or GEO. T. MALCOLMSON } Hamilton. 12-4 mos.

NORTH SHORE TRANSPORTATION COMPANY.

THE NEW LOW PRESSURE SCREW

Steamer "CITY OF LONDON," will commence running on the opening of navigation, between PORT STANLEY and MONTREAL, calling at convenient ports on the North Shore of Lake Erie, and places on the Welland Canal.

This splendid new boat has been built and fitted up with all the modern improvements, insuring speed, safety and convenience. She is admirably adapted for the transportation of Passengers and Freight, and will be under the command of that well-known and efficient officer, Capt. ALEX. POLLOCK.

Parties shipping by her will secure the advantage of a low rate of Insurance.

For rates of Freight and Passage, apply to W.M. BOWMAN.

Superintendent London and Port Stanley Railway, London;

A. W. GUNN, Port Stanley;

W. W. IRELAND, Montreal. 12-4 mos.

L'EXTINCTEUR

PATENT PORTABLE SELF-ACTING FIRE ENGINE.

FROM \$18 AND UPWARDS.

THIS invaluable invention of Messrs

CARLIER & VIGNON possesses the

following advantages:—It is inexpensive, simple in construction, and may be used by the most inexperienced person, perfectly harmless to life and property always ready for use—so portable that one man carries it without hindrance to active exertion—entirely self-acting and self-propelling, so that all the labor has to do is to direct the jet by means of the flexible tube—it possesses within itself the power of a Force pump, and contains a chemical liquid (perpetually renewable) every drop of which has, as is described by the official report, a MAGICAL EFFECT. Less than one half the contents of L'Extincteur sufficed to EXTINGUISH a very large and fierce fire at an experiment tried, so that though NO SUPPLY OF WATER be immediately available, one of the greatest calamities to which individuals or communities are subject, may now be AVERTED by the use of this grand and simple invention. The public are referred for results of numerous experiments to the pamphlet on this subject, which may be procured of the undersigned agents gratis.

The Subscriber has in his possession a large number of testimonials from reliable sources, all testifying to the efficacy of L'Extincteur. In view of the possible continuance of a short supply of water, this little apparatus becomes a necessity to every house-holder, manufacturer, and commercial house.

For villages where no fire engine is kept, L'Extincteur is indispensable.

To farmers and persons living in isolated places, L'Extincteur is invaluable.

It will project the fluid to a height of forty feet. It lasts a lifetime with little care.

It is a fact well known that water will not extinguish burning coal oil. The fluid projected from L'Extincteur extinguishes burning petroleum with perfect ease.

The undersigned having been appointed Sole Agent for Canada by the Patentee is prepared to treat liberally with persons desirous of acting as Agents for the sale of this useful invention, as well as to supply all demands. Intending purchasers and the public generally are invited to call and obtain price lists and descriptive pamphlets.

From Mr. J. W. HOPKINS, D. A. ANSELL, Sole Agent for the Canadas, UNION BUILDING, St. Francois Xavier St. MONTREAL.
