

WHICH OF THESE Corn and Root Cultivators ?

YOU get more than paid, if you use your Cultivator steadily to mulch root crops, beans, and corn, from the very beginning. You need one of these implements for corn especially. The high axle construction allows continued cultivation until very late. Guard plates are provided so cultivation may begin the moment shoots appear above the ground, and narrow, medium and wide points meet every condition you need a Cultivator for. Remember you cut down hoeing, and save time with a Corn Cultivator.

COCKSHUTT SPRING-TOOTH CULTIVATOR

This is a prime favorite for cultivating root crops, especially those planted in narrow rows, as it can be narrowed down to cultivate not more than 28 inches wide. Practically an all steel implement, so one that will last a lifetime. Note the high axle and low steel wheels. These wheels are exceedingly strong and have dust-proof bearings, the boxings of which are removable. Spring teeth are made of best quality steel and cultivate every particle of ground, even the wheel tracks, for see how a tooth is placed directly behind each wheel. Both narrow points for mulching, and wide

points for thistle cutting are supplied. Narrow points are reversible; that means double wear. The New Spring Tooth mulches. It kills weeds. It cuts thistles. It is strongly built and is easy to operate.

FROST & WOOD "NEW AMERICAN" CULTIVATOR

Here's an implement with a fine record as a Corn and Root Cultivator. Can be used as a Field Cultivator by the addition of a centre section, easily bolted into place. As a Corn Cultivator it has two sections, each independent of the other. See the stirrups for operator's feet—and the way each section can be adjusted by him when cultivating uneven rows. Axles are also adjustable—

can be regulated to work in any width of rows. The New American is well made throughout and particularly easy to handle. Is equipped with corn shields and narrow, medium or wide teeth, so all kinds of cultivation can be accomplished. Bean Harvester attachment supplied at a small extra cost.

LET US SEND YOU A CATALOGUE WITH MORE INFORMATION ON THESE IMPLEMENTS. A POST CARD WILL BRING IT.
