One of the first ministerial duties of Dr. Honey was to join with his brethren in the ordination of Robert Murray McCheyne.

A TRAPPER'S STORY.

A CALLING THAT ENTAILS MUCH HARDSHIP
AND EXPOSURE

One Case in Which the Exposure Brought on La Grippe and Serious After Troubles —How the Victim Secured Renewed Health.

From the Brockville Recorder.

Rockport is but a small hamlet, but it has achieved a wide reputation owing to the fact that it is situated in the very heart of the far-famed Thousand Islands, and for this reason attracts during the summer months hundreds of pleasure seekers. Among the residents of the village none is better known than Wilson A. Root During the summer months he follows the occupation of an oarsman, and none knows better than he the haunts of the gamey bass and pickerel. In the winter and spring months Mr. Root follows the occupation of trapping and this pursuit requires one to be out in all sorts of weather, and in the water frequently at a time of the year when the water is none too warm. As a result of a wetting Mr. Root took a severe cold which developed into la grippe, which took such a firm hold upon his system that for a time he was unable to leave the house. His kidneys became affected, and he suffered from severe pains across the back. There was a feeling of continuous tiredness, which no amount of rest or sleep seemed to relieve. The appetite was fickle, and there was an indisposition to exertion or work. A number of remedies were tried, one after the other, but without any beneficial results. At this juncture a friend strongly advised that i'r Williams' Pink Pills be given a trial. They had cured thousands of others, and why not he? Acting on his friend's suggestion, Mr. Root procured a single box of the Pink Pills, and before all were used felt an improvement. This encouraged him to persevere with the treatment, and after the use of a few more boxes of the pills Mr. Root found his health fully restored, all the pains and aches had disappeared and with their disappearance came renewed strength and activity. Mr. Root says: "I firmly believe Dr. Williams' Pink Pills to be unsurpassed as a medicine, and I advise any who are ailing to give it a fair and honest trial."

Dr. Williams' Pink Pills strike at the root

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sallow cheeks. Men broken down by overwork, worry or excesses, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail postpaid, at 50c. a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y. Beware of imitations and substitutes alleged to be "just as good."

Since his retirement from politics the Hon. David Mills has taken to wooing the muse. In a recent issue of the Globe he had some verses entitled "Evening Twilight on the Hills."
