

When the Mason & Hamlin Company announced the accomplishment of a great improvement in Upright Pianos, which they would soon give to the public, much was expected, because of the vast improvements which had been effected by them in reed instruments, and the acknowledged superexcellence of their organs. Those expectations are fully justified by the pianos which they are producing, which have extraordinary purity and refinement of tone. Every mechanic will see that the peculiarities of their construction must add greatly to their durability and especially their capacity to keep in good tune.

This company have as great a future in their pianos as they already realizing in their organs, which are confessedly unequalled among such instruments.—Boston Traveller.

We call the attention of our readers to the Enterprise Mop Choppers advertised in our present issue. The demand for these Choppers has attained such immense proportions that the manufacturers have been compelled to largely increase their facilities for making them, and we are assured that they are now being turned out at the rate of 2,500 per week, 150 hands being steadily employed on them.

There can be no doubt as to the excellence of these Choppers, as they have been tested by the editors of nearly 100 agricultural papers, who have given them a hearty endorsement. We cordially recommend them to all our subscribers as by far the best machine of the kind ever introduced to public favour.

**CONSUMPTION CURED.**

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nerve Complaints, after having tested its wonderful curative powers in thousands of cases, he felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp naming this paper, W. A. NOYES, 149 Power's Block Rochester, N.Y.
