

ON March 8th there was a good attendance of students to hear Professor Seth His contribution was a paper on the 'Wisdom of Solomon.' It was well worthy of attention, and threw light on many passages before obscure.

TUESDAY evening, March 15th, we had an informal hour's talk from Dr. Currie, on Hospital visitation. The talk was "practical" in the best sense, and was highly prized. We had the ripe fruit of experience and reflection arising from Dr. Currie's contact with the sick and suffering. It will be of great service to us all.

ACKNOWLEDGMENTS.
