

pickets will be turned out for Michigan factories to be manufactured into curtain poles.

It is understood that the logs cut on Fraser & Company's Coulonge River limits last winter will be cut at the Rockland mill of the W. C. Edwards Company. The manufactured stock will aggregate about 14,000,000 feet.

The acquirement of the Pontiac line by the C.P.Ry. has again brought to the

front the question of the erection of the proposed mill at Descheves near Ottawa. The difficulty that stood in the way earlier in the season was the question of rates between the Pontiac and other companies. Now the C. P. Ry. furnishes a through line and it is probable the mill will be built this fall.

The local contests in the approaching Provincial election are exciting great interest in the lumber trade. Mr. Alex.

Lumsden, proprietor of the Temiscamincue mills, and Ex-Mayor Samuel Bingham, who contracts for the log drives on the Gatineau, are Liberal standard bearers. Mr. Dennis Murphy, president of the Ottawa River Transportation Company, is in the field in the Conservative interests.

E. Roberge, lumber jobber, Scotstown, Que., is reported to have assigned, with small liabilities.
