No. 12

**Fairchild's Essence
of Pepsine**

is an extract of the gastric juice obtained directly
from the fresh stomach glands

It contains all the essential organic and
inorganic soluble constituents of the gas-
tric juice—the enzymes in their native
nucleo-proteid form and in their natural
association

Fairchild's Essence is a clear, bright
solution, devoid of all suggestion of
animal origin; is highly agreeable, car-
minative and stomachic, and these
qualities enhance the therapeutic effect
of the gastric principles themselves.
