COFFEE NIBBLERS

day by day at one's nerves and health.
When you feel bad and the condition of incipient disease shows forth you take coffee to stimulate and HIDE OR COVER UP the trouble. That kind of work brings a fearful pay day, when the disease has grown so fixed that nothing will cover it.

If you are one of the kind that coffee affects adversely—stomach, heart, bowels, eyes or kidneys. (It affects some in one organ, some in another, and with some the entire nervous system), suppose you quit in time. It's a lot of fun to be entirely well. And it's a surprise to see how quickly the old bad feelings leave when the coffee has been "let out" for a few days.

Then there's the daily help, of the strong re-builder with its smooth, delicious flavor.
