IRELAND!

DUBLIN, March 11.—This morning Consul Burrows received an official despatch from Minister Lowell, instructing him to enquire into the arrest of Michael Boynton, and the cause, the charges against him, and the grounds on which he founds his claim to be treated as an American citizen.

COUNTERACTING A TENDENCY TO CONSUMPTION.—It is well understood by medical pathologists that a tendency to consumption may be transmitted from parent to child.

Finance and Commerce.

TRUE WITNESS OFFICE. TUESDAY, March 15, 1881. FINANCIAL. The money market is without any new feature. It is an easy matter to negotiate for good commercial bills at 6 to 7 per cent as to name and date.

COMMERCIAL.

WEEKLY REVIEW—WHOLESALE MARKETS. Business during the week has been remarkably dull, in fact some branches of trade have been almost at a standstill.

DISASTER IN BUFFALO.

BUFFALO, March 11.—At 10 minutes past a o'clock, to-day, the inhabitants of the city in the vicinity of Donaldson & Patterson's boiler shop, on Indiana street, were suddenly startled by a terrific shock.

IMMEDIATELY ACROSS THE STREET.

from the boiler shops, two bodies were found that had been blown entire through a wooden shed and torn into a terrible mass of mangled flesh. One portion was discovered to be the remains of Robert Patterson, who it was thought by the excited people that the other body so cruelly torn was that of the partner, Mr. Donaldson.

A HISsing SOUND.

as if steam had sprung a leak, and then a low rumbling, as of an underground explosion, and then a noise as if from a furnace, when from the ground above the men were hurled into the air.

THE KILLED AND INJURED.

Robert Patterson was blown across Indiana street through a wooden shed and into a mass of confused mass of flesh; Wm. Gibson, a caulker, was blown across the street through the shed and across the street, and falling on his back, he was thrown violently to the ground.

WHEAT.—Dullness characterises this branch of business. Stocks are over and above adequate to the demand, especially in black leather, such as uppers and spalls.

THE FINEST ESTABLISHMENT OF THE KIND IN MONTREAL.

TO MY CUSTOMERS AND TO THE PUBLIC: The kind patronage with which you have honored me for the past 10 years, the general increase of business, alterations, which I hope you will have the pleasure of appreciating by yourself on visiting my new establishment.

My stock has necessarily been increased, and its great variety will offer to the buyers an immense advantage as to choice of goods and prices.

In a recent journey to the United States, I have spread no pains to visit the best tailoring establishments of New York, Chicago, Boston and Philadelphia, for the sole purpose of utilizing my experience in improving my ordinary system for the greater benefit of my customers and the public in general.

ALL ORDERS will be executed in my establishment, and under the immediate supervision of a first-class cutter, with whom I have engaged in New York, and who I can guarantee shall give entire satisfaction to all.

I intend to mark a special department for children's clothes, to which I shall give my best attention. Anyone wishing to judge of the ability of our Cutter in this department, have but to throw a glance in our window, and examine our samples. Let mother's of families, who like to see their children well-dressed, make the best use of the opportunity.

Having more space to dispose of I have added to my ordinary line of business that of hats for men and children. Henceforth, I will always have on hand the best assortment in this line as to most all different styles.

As I do not so much wish to make in my rapidly as give my establishment a good lasting reputation.

I. A. BEAUVAIS, 186 & 188 St. Joseph St.
