science

Science is "knowing how." The only secret about **Scott's Emulsion** is years of science. When made in large quantities and by improving methods, an emulsion must be more perfect than when made in the old-time way with mortar and pestle a few ounces at a time. This is why Scott's Emulsion of cod-liver oil never separates, keeps sweet for years, and why every spoonful is equal to every other spoonful. An even product throughout.

In other emulsions you are liable to get an uneven benefit—either an over or under dose. Get Scott's. Genuine has a salmon-colored wrapper.

"It speaks well for the good taste of Poet-LORE that it publishes 'Talesin': a Mask in Three Movements," by Richard Hovey—a poet of strong originality.
