

Printing Irreproachable

THAT the Job Printing turned out at the office of the Prince Edward Island Magazine is recognized as different and "better" than the usual class of Job Work, is probably the reason why customers who want first-class printing come here.

Modern type and presses, intelligent display, taste in setting up, and the best of paper are combined to make Irreproachable Job Printing.

Books, Booklets, Calenders, anything at all in the Job Printing line will receive careful attention.

Unequalled facilities for doing good work cheap.

Archibald Irwin
