

The New Embassy and You

The new Embassy will offer exhibition, reception, theatre and gallery areas in a prime Tokyo location, and will be phased into operation from the spring of 1991. Its many promotional and representational facilities are intended to be used for supporting general Canadian interests, whether the user is located in Place Canada or not. Proposals for such events in the Embassy are welcomed from any Canadian firm, federal or provincial government ministry, educational or cultural institution. For further details on how you can benefit from these facilities, and terms and conditions, please complete and return the reply card.

The Embassy is located on Aoyama-dori (Aoyama Street), 3 minutes' walk from Aoyama 1-chome station (Exit for Minami-aoyama) on the Ginza and Hanzomon subway lines.
