

**AGREEMENT BETWEEN THE GOVERNMENT OF CANADA AND THE GOVERNMENT OF SPAIN FOR CO-OPERATION IN THE DEVELOPMENT AND APPLICATION OF ATOMIC ENERGY FOR PEACEFUL PURPOSES**

The Government of Canada and the Government of Spain,

Conscious of the many benefits, including the increase of energy supplies, the raising of agricultural and industrial production, and the wider availability of knowledge and means to combat disease, which the application of atomic energy to peaceful purposes is providing,

Desiring to accelerate and enlarge the contribution which the development of atomic energy can make to the welfare and prosperity of their peoples,

Recognizing the advantages to them both of effective co-operation in the development and application of atomic energy for peaceful purposes,

Intending, therefore, to co-operate with one another to these ends,

Have agreed as follows:

**ARTICLE I**

1. The co-operation contemplated by this Agreement relates solely to the development and application of atomic energy for peaceful purposes (and, without in any way limiting the generality of the foregoing, the development, manufacture or detonation of any nuclear explosive device shall not be regarded as a development or application of atomic energy for peaceful purposes).

2. The co-operation contemplated by this Agreement may include:

- (a) the supply of information including that related to:
  - (i) research and development;
  - (ii) health and safety;
  - (iii) equipment and facilities (including the supply of designs, drawings and specifications); and
  - (iv) uses of equipment, facilities, material and nuclear material;
- (b) the supply of material, nuclear material, equipment and facilities;
- (c) licensing arrangements and the transfer of patent rights;
- (d) access to and use of equipment and facilities;
- (e) the rendering of technical assistance and services; and
- (f) visits by nuclear scientists from one country to the other.
