

ask each member of their Faculty at the head of a Department for a report, which they could boil down to something readable. Dean Eve felt that we should continue to print the list of winners of scholarships. Dr. Johnson suggested that we ought to have a statistical officer whose business it would be to collect all statistics. The Deans felt that the research report was worth printing and should be continued.

The meeting was adjourned to meet again at 2.30
Tuesday, February 7th, 1933.
