

We trust, Sir, that you as the Principal of our Alma Mater, McGill, will accord your careful consideration to the subject matter of these resolutions, and the memorial, and that you will feel assured of our best support as graduates of McGill, in any steps you may in your wisdom propose, for the betterment of a University which we as graduates feel should hold the premier place, certainly in the Dominion of Canada, if not on the whole North American Continent.

I have the honor to be,

Sir,

Your obedient servant,

*Giles B. Murphy*

Secretary.
