

Perhaps you would feel disposed to consult myself and the Bursar before the meeting. Should you consider this advisable, we would be glad to meet you here any afternoon provided it is a Tuesday or a Thursday. Should it be inconvenient for you to come to the College, Mr. Ward, the Bursar, and I would make a point of coming to McGill to see you, as I think you ought to have full information before the meeting with the school boards, on March 5th.

I shall await your reply and make arrangements in accordance therewith.

Yours faithfully,

*J. M. Clarendon*

Dean.
