## Wheat Market Declines With Realizing, But Closes Strong

Prices Break Early on Profit-taking, But Regain Losses—Crop Damage Reports Still Coming In.

CHICAGO, Aug. 9.—While awaiting the government crop report, wheat prices took profits today, and the market was more than a little better for the bulls than had been looked for, but came too late to have an influence before to-morrow's quotations were 1-1/2 to 1-3/4 lower than last night. Corn would be unchanged to 1-8 higher; oats 1-8 lower to 1-4 down, and hog products ranging from 5c advance to 17 1-2 decline.

The surprise which the government report gave to the wheat trade was in the lowering of the spring crop condition from 73.8 last month to 68.8 on Aug. 1, suggesting a loss of 35,000,000 bushels. To many dealers this showed a crop proved rather startling, although a private authority this morning predicted a condition percentage of 70. A source of additional information, however, was the knowledge that spring wheat had been damaged further since Aug. 1, when the official report was completed. During exchange prices were lifted by advice of a dealer and of widening injury to the wheat crop. The market was also lifted by news of export business. Unloading on the part of the dealers, the reached proportions great for the market to sustain. The result of the closing was a slight advance in the opening and the close fluctuated from 9 1/2 to 9 3/4 and 9 1/2 to 9 3/4. The market was strong in the southwest resulted from the considerable buying of the government report implying a crop of 250,000,000 bushels in the total promise, as compared with the outlook on July 1, 1910, of 240,000,000 bushels. The change of the day, September range from 64 5/8 to 65 3/8, with the close at 64 5/8. Cash prices were firm.

Oats had no independent action. The market advanced wholly by the action of other cereals, chiefly corn. High and low points touched by the September option were 42 1/8 and 42 1/4 and 42 1/8 and 42 1/4. The close, 42 1/8 and 42 1/4, moved a gain of a sixteenth over last night.

A let-up in demand by investors brought about a break in hog prices. The end of the day pork was strong, but not to exceed a nickel.
