

# FELLOWS IS ASKED TO LEAVE TO SPEND WINTER

### Controllers Also Decide to Institute Action Against Contractors—Censor Board Appointed.

The board of control yesterday decided to ask Engineer Fellows to tender his resignation; failing this, he is to be dismissed forthwith. Criminal action will also be taken against the contractors.

Mayor Hocken was particularly anxious that there be no discussion, taking the report as full authority for the action taken by the board. He did not want the names of Commissioner Harris dragged into the question, as it was distinctly understood that the board of control was dealing with the engineers' actions before he came under the control of the works commissioner. Mr. Harris states that the engineer is performing his present duties satisfactorily.

**Theatre Censors.**

The board of control decided in favor of the appointment of a censorship commission consisting of three members. The chairman to be paid a salary of \$200 per year to give him the whole time, and two assistants to give half their time, and be paid \$600 per year for their services.

The chairman's chief duties will be to supervise the advertising and poster work generally and be responsible for the work of the commission.

The controllers are unanimously of the opinion that the present system is totally undesirable, but would rather leave it to the board of control, subject to their recommendations as to the number which will compose the censorship commission, and the reporting of funds.

## Accused of Burning His Brother's Barn

### Kingsley Rand, Burford Township Farmer, Alleged to Have Caused Serious Loss.

BRANTFORD, Ont., Dec. 18.—(Special.)—Kingsley Rand, a Burford Township farmer, was arrested today by High Constable Kerr charged with arson. The barns belonging to Rand's brother, containing implements and the entire season's crops and several head of cattle, were a total loss yesterday following a fire at which determined efforts were made by the neighbors to extinguish the flames.

The prisoner is said to be mentally unbalanced, and his motive was an alleged grudge against his brother. He was remanded in court today.

### Appointment to Faculty Had Nothing to Do With Dr. Eakin's Resignation.

When interviewed by The World in last night's issue, Dr. Eakin of Toronto University said that there was not the slightest truth in the statement in an evening paper that the appointment to the faculty of the university faculty was partly responsible for his resignation.

"My intention is to go into law," said Dr. Eakin, "and there is absolutely no connection between my resignation and the appointment of Dr. Eakin."

Dr. Eakin, who will be associate professor in Semitic languages, was called on in Germany and has spent much time in Jerusalem, Palestine and the far east. He is also an acknowledged authority on Hebrew and oriental archaeology.

## Men Who Don't Exercise

### Suffer From Indigestion, Headaches, Poor Appetite, Sleeplessness.

### Nothing So Sure to "Set Up" a Man, Make Him Feel Brisk and Vigorous as Dr. Hamilton's Pills.

Lack of exercise and overwork were the causes that combined to almost kill Samuel S. Stephens, Jr., one of the best-known citizens in Woodstock.

In his convincing letter, Mr. Stephens says:

"A year ago I returned home after

a long trip, completely worn out, I was so badly affected by chronic biliousness, so much overcome by constant headaches, dizziness, that I despaired of ever getting well.

"It was a blessing that I used Dr. Hamilton's Pills. In one week I felt like a new man. The feeling of weight and nausea in my stomach disappeared. My eyes looked brighter, color grew better, and best of all, I began to enjoy my meals. The dizziness, languor and feeling of depression passed away, and I fast regained my old-time vigor and spirits. Today I am well-thanks to Dr. Hamilton's pills."

For health, strength, comfort and good spirits there is no medicine like Dr. Hamilton's Pills. 25c per box, five boxes for \$1. at all druggists and storekeepers or by mail from The Cataract Co., Buffalo, N.Y., and Kingston, Canada.

# COMING EAST TO SPEND WINTER

### Fifty Thousand Prosperous Westerners Will Also Spend Money Here—Take Many Enthusiasts Back.

At least fifty thousand wheat growers of Western Canada come east to spend their winters in the Province of Ontario. This was the estimate given The World yesterday afternoon by the passenger departments of the Canadian Pacific Railway and the Grand Trunk Railway.

It was stated that this number of men, principally those who left Ontario for the west and wish to spend the winter with their relatives and friends, come from the west to this province before Christmas and stay here until about the first of March, when they return to the west to ride more wheat.

"It is worthy of note," said one of the leading passenger officials of the Grand Trunk to The World, "that a good proportion of these men take back west with them their families, and in many cases friends who have had to go west with them. This is shown when these men come to the passenger departments of the Grand Trunk to buy their tickets and ask for several more tickets to the same destination."

"When it is taken into consideration that these men bring back to spend during their stay in Ontario from one hundred dollars up, it will be readily seen that the fact alone of these men spending their winters here means a million dollars or more annually to this province. It also means that the number of new men leaving this province for the west in the spring is greatly increased by the stories of success told by the westerners who spend their winters here.

## RAILWAY TO ISLAND NOW READY FOR GOVERNMENT INSPECTION, AND WILL BE RUNNING SHORTLY.

Within a very few days the new Manitoulin-Sudbury line of the East Algoma Railway will be opened and R. R. Gagey will be a happy man. Hon. A. J. Matheson, provincial treasurer, informed The World yesterday that the road had just been inspected and that Engineer Halford of the department of public works is now busy preparing the report on the inspection. The report will be ready in a few days.

Until now the only connection Manitoulin Island has had with the mainland has been by water. The new railroad, however, crosses North Channel by way of Cloche Island and enters Manitoulin Island at Little Current, where a drawbridge, 150 feet long, has been constructed. This remarkable bridge will allow the biggest lake boats to pass thru the channel.

The road from Sudbury to Little Current is 63 miles long and has been under construction for more than two years. The Ontario Government built the road, but the Ontario Government subsidized the southern 53 miles at \$5000 a mile. The cost of the road to the province is \$265,000. The population of Manitoulin is over 20,000. Transportation has been the island's knottiest problem and the success of the new road is due in a large measure to the work of E. R. Gagey. The scenery on the route of the new railway is said to be magnificent.

## NEW MISSION PROJECT.

### World-wide Movement to Be Started at New York.

New and gigantic plans for a world-wide mission campaign are proposed by the international secretary, J. Campbell White.

An emergency meeting of the Canadian council was held yesterday to consider the projects.

Today the plans will be considered at a special meeting in New York. Toronto will be represented by Rev. Canon Gould, Herbert K. Caskey, H. J. Gundy and W. G. Senior.

They will report to the Canadian council next Monday.

## "Municipal Night" at the Centre and South Toronto Conservative Club.

On Friday evening the members of the above club will listen to addresses, mostly on municipal topics, from candidates who belong to the club and who are seeking municipal honors. This meeting is one of the series of "Talks From the Man on the Street" on political, municipal and other questions of the day.

Amongst those who have signified their intention of speaking at this meeting are Mr. or Hocken, Controller Church, A. E. Brown, H. D. Fairbairn, A. E. Burgess and others. The president of the club, Mr. Arthur Van Koushney, will occupy the chair, and the public are cordially invited to attend.

## MUST IMPROVE TORONTO TAXES

J. D. Allan Says Land-Owners Should Be Prevented From "Shoving" Prices So High.

"Toronto is at present the greatest distributing point in the Dominion, but Winnipeg, Montreal, and other cities are in close competition with her, and if Toronto is to retain her supremacy, she must lower and not increase her taxes," said J. D. Allan, at the luncheon of the board of trade, in the St. Charles Hotel, yesterday. He stated that he wanted some improvement in taxation, no matter whether it was single tax, or something else, so long as it was an improvement.

"Speaking of the manner in which the price of land around Victoria and Toronto streets went up the moment a brick tile roof gives the new station quite an attractive appearance. The station building is of brick with concrete foundations and goes in the neighborhood of twenty thousand dollars."
