

**Radway's Sarsaparillian Resolvent, through its Action in  
Purifying the Blood, Imparts Health to the Skin,  
and gives Clearness to the Complexion.**

LAFAYETTE, INDIANA.

I had not much confidence in your SARSAPARILLIAN RESOLVENT. Having been disfigured for the last four months with **BLOTCHES** and **PIMPLES**, I resolved, at all events, to try it, and took **TWO TEASPOONFULS** three times a day, as directed. It is not quite **ONE MONTH** since I commenced its use. To-day there is not a **BLOTCH**, **SPOT**, **BLEMISH** or deflection of any kind on my person. S. T.

We are receiving frequent letters from ladies, acknowledging cures of pimples, unsightly spots and redness of their skin cured by our Resolvent and Pills. Of these, it will be seen, we have given but few to the public in our various publications. The reason is obvious, as ladies generally do not like to have their names published in this connection. RADWAY & CO.

**PARENTS,**

Or those about becoming so, who know that they *inherit*, or if they have acquired scrofulous or any disease that may be transmitted, should commence the use of RADWAY'S SARSAPARILLIAN RESOLVENT. This will exterminate the poisonous taint from the blood, and, if the mother is *enacted*, it is her duty to take the Resolvent, as by this means the taint or corruption transmitted and received at the formation of the fetus will be removed, and the blood that is appropriated for the nourishment of the child before birth will be pure and healthy. In "the beginning" the children of men, the offspring of the parent, inherit the corruption of blood and vices of system. Time develops and increases them. Let the mother, by all means, take Radway's Resolvent, make her blood pure, strong and nourishing, and no sickly children will be born to her.

**CHILDREN'S INHERITANCE.**

How many thousands of children are now suffering with some inherited malady, received as an heirloom or legacy from their parents' infirmities! How many thousands of conscientious parents, who suffer mental torments as they witness the locked-up diseases and the prevalent infirmities of their own bodies gradually becoming developed in their children, **SCROFULA**, **KING'S EVIL**, **St. Vitus' Dance**, **Fits**, **RHEUMATISM**, **RICKETS**, **Strumous Discharges from the Ear**, **Eruptive Diseases of the Head**, **Nose**, **Cankers**, **Sores in the Mouth**, **Dropsical Swellings**, **Water of the Brain**, **White Swelling**, **Early Rotting of Teeth**, **Early Ripeness of Intellect**, **great precocity**; also subject to be laid up on the least exposure—these are but few of the many symptoms that the unfortunate child exhibits.

It is better, in all cases, where you know or suspect that your child inherits a disease, to commence early, and give the Sarsaparillian Resolvent in doses as prescribed for infants and young children. The longer the poison remains in the blood, weakening the organs and structure of the body out of the poisoned blood, the more difficult the cure.

**PROMPT ACTION OF READY RELIEF.**

FONTANNA, LEBANON CO., PA., Feb. 6, '86.

MESSRS.—While taking a view over your Almanac of '86, and reading about your R. R. R., it brought to my mind a terrible scene that I was a witness of some years ago out west. One of our companions took a spell of Colic and Cramp in the stomach, so bad that we thought death for him was close at hand, and while one of the party had a bottle of your valuable medicine, we

Vegetable diet is more likely to sour on the stomach than a meat diet.

It is much better that convulsions should precede than succeed fever.
