Rev. F. H. DuVernet Comments on Churchgoers Not Heading Preachers.

YOUNG LADIES AND WEARING APPAREL

Toronto Junction Council To-Night Will Discuss the Electric Light Question.

Toronto Junction, March 3.—Rev. F. H. DuVernet will to-morrow evening give a lecture on "Hypnotism or Artificial Sleep," in St. John's schoolhouse. His sermons to-day were very much on this line of thought. People, he said, grow so accustomed to the ticking of a clock, that when the mind was absorbed in thought they did not hear the tick. A slight burn, and the pain from it, were sometimes entirely removed for the time being by excitement of the mind in some other line of thought. So in church, when the sermon was being preached, the old man's thoughts would sometimes revert to the days of the past. The young man planned business enterprise; the youth thought of the big stroke he made in the last hockey match; and the young lady's thoughts were absorbed in the wearing apparel and millinery exhibits before her. Such persons went home, knowing nothing of what had been taught in the sermon. His remarks aimed at concentrating the mind upon the subject of the moment. His text was taken from Philippians, IV, 8, in which it is urged: "Whatever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue, and if there be any praise, think on these things."

The young people from all the churches in the town will hold a regular meeting of the Inverness Methodist Church on Monday, March 12. A song service will take place at 7:30, after which Rev. H. S. Matthews will speak on "The Social Side of Church Life," which will be followed by a "Question Drawer," conducted by Rev. J. W. Lee. Refreshments will be served at the close.

In addition to the salary question, the town council will discuss the electric light question at the regular meeting of Council to-morrow night.

The Carlton street choir and Sheelock quartet will furnish a program at the choir concert of Annet-street Methodist Church to-morrow evening.

Weston. The Weston Village Council, at a meeting held on Friday night, accepted the resignation of Councillor Frank, and fixed Wednesday, March 15, as the day of nomination for candidates to fill the vacancy. Mr. McEwen and Mr. J. T. McGuire are spoken of as probable candidates.

North Toronto. The receipts from the recent Liberal Conservative concert were between \$30 and \$50. Mrs. McCartney of Darville has caused a summons to be issued against Mr. J. Hinds of the same place for assault and use of abusive language. The case will be heard by Magistrate Smith on Wednesday morning at the Town Hall.

East Toronto. The Excelsior Club is the name of a club started on Saturday by Mr. W. Alexander in the building formerly occupied by the Excelsior Bicycle Club, on Danforth-road. The billiard tables are already well patronized, and other games and literature will shortly be provided. Mr. Alexander intends holding a bowling alley in connection with the club at an early date.

North York Farmers. A meeting of the Farmers' Institute will be held in Spofford's Hall, Spoffordville, to-morrow at 10:30, when the following subjects will be taken up: "Cold Storage and the Transportation and Marketing of Our Perishable Products," "Sheep Management," "The Export Bacon Trade," and "Soil Cultivation." The speakers are G. C. Cain, Craigburn, and M. A. Gee, Fisherville.

Deportations to Exclusion To-Day. Several deportations will take place on the York Township Council to-day, in favor of adopting the principle of local self-governance.

Points of Advantage

The pedal motion of the Harmonist is the bicycle motion—not that tiring motion like that of an organ, where with long playing the ankles become intensely weary. The most delicate can operate the Harmonist without fatigue—less physical effort with the Harmonist than with any other "Piano-Player" made.

It has an automatic expression stop which easily enables the operator to give the proper shading and expression to any composition, however little or he may know about music. This is a feature exclusive to the Harmonist—not known in other "Piano-Players."

Heintzman & Co., 115-117 King St. West, Toronto.

No Knowledge of Music Required to Operate This Instrument.

.. THE ..

Harmonist

THE ONLY PERFECT "PIANO-PLAYER" IN EXISTENCE.

In other "Piano-Players" a knowledge of music is a necessity in order to get at the proper shading and expression when playing.

The first principle of a "Piano-Player" is that anyone, without a knowledge of music, can play on it.

The Pianola, Angelus and other "Piano-Players" fail at this point.

The Harmonist is the one exception—it can be operated by a child, it is so simple, whilst it has greater power, greater variation of tempo, greater range between pianissimo and fortissimo than any "Player" in existence.

We invite everyone to visit our handsome Piano Salon and see for themselves the operations of this only perfect "Piano-Player" manufactured.

Ye Olde Firm of HEINTZMAN & CO., 115-117 King St. West, Toronto.

Points of Advantage

With other "Piano-Players"—the Pianola, Angelus, etc.—the operator must have a sufficient knowledge of music to mark his own time. The Harmonist is possessed of a simple contrivance, adjustable by anyone, that can be set to any time to suit the player's wish.

There is danger of the paper music of the "Piano-Player" sometimes getting damp and swelling, and then it will not adjust itself to the track on the bridge. But the Harmonist has an adjustable bridge in case the music does not track right and the defect is promptly overcome.

CAPTAIN BERNIER HAS FAITH IN HIS NORTH POLE EXPEDITION

The Intrepid French-Canadian Navigator Inspired an Audience With Some of His Own Enthusiasm at the Canadian Institute on Saturday Night.

The lecture on Saturday night of Capt. Bernier, the celebrated navigator, at the institute will be in smooth working order in the annals of the society. The gallant mariner, who is determined to carry the Canadian ensign farther north than has been penetrated by any adventurous predecessor in the Northern Polar regions, was introduced to his Toronto audience, which thronged the hall last night, by Mr. James Bata, Public Librarian. Brought by the lecture, which was a most robust and vigorous in appearance, he fulfilled the ideal of an intrepid leader for heroic adventure. Having the record of becoming a sea captain at 17 years of age, he is every such a sailor.

Chamberlain Irritated. Salisbury's Son Said to Have Offended Him by Position on Marriage Bill.

London, March 3.—Colonial Secretary Chamberlain is angry with Premier Salisbury's son, Lord Hugh Cecil, a member of the House of Commons, who has blocked a bill which had been warmly approved by Mr. Chamberlain, and which proposed to legalize in England marriages with dead wives' sisters which had been contracted in the colonies, where such unions are legal. Lord Cecil is the parliamentary champion of the extreme High Church party, which has always fiercely opposed attempts to make such marriages legal.
