DEFY THE MEDICAL COUNCIL

The Medical Defence Association Has Been Formed to Fight for a Principle.

ARE MEETING NOW IN THE CITY.

At Variance With the Ruling Body and Strongly Opposed to the Two-Dollar Fee.

It is not strange that there should be a gathering of medical men who are at variance with the ruling body in the Medical Council, are in session discussing fees and the best way to collect them, because some of the former are also members of the council.

The statement is made that there are some 2500 members of the profession in Ontario and that 700 of them are in open rebellion against the controlling majority of the council, which imposes fees and gives a certain amount of protection to its members.

A Chronic Trouble.

There has been trouble among the profession for years. The Medical Council exacts a fee of $2 a year from every physician practising in Ontario, and it is well known that many have not paid the fee at all. Others paid for years and then neglected the duty for reasons best known to themselves. The Medical Council say it is the $2 which the gentlemen don't like to become separated from; the recalcitrants say there is a principle involved, which one of the most vigorous fighters in the anti body describes in this wise:

The Principle Involved.

"There have been strained relations between the Medical Council and the profession on account of the profession resenting the intrusion of representatives of schools and universities into the government of the profession. The profession are striking for self-government. They claim they are competent to conduct their own affairs without school tutelage, just as the lawyers, or any other body have the right to do. Owing to the recent action of the Medical Council in erasing the names of 700 men, otherwise in good standing, from the register for non-payment of the annual fee, which they regard as unjust and unconstitutional, relations have become so strained that the medical men of the country have thought the time favorable for striking for such relief from legislation as shall give them the same boon of self-government as is enjoyed by other professions. Under these circumstances the Executive and Legislative Committees met to institute proceedings to approach the Legislature at its next session for relief in full."

It would, indeed, be a dull Sunday without The Toronto Sunday World.

FRENCH SENATE IN DEBATE.

With the Law of Associations as the Topic of Discussion.

Paris, June 11.—In the Senate to-day the Doyen, M. Wallon, opened the debate on the la wof associations, opposing the bill as a violation of the concordat. M. Combes, president of the committee on the bill, supported the Premier, M. Waldeck-Rousseau, and asked that urgency be voted, which was done by 176 to 96 votes. The figures leave no doubt of the final adoption of the bill.

Port Hope Old Boys.

At the meeting of the Port Hope Old Boys' Association in Central Association Hall last night, it was decided to go by Grand Trunk on Dominion Day. The committee on transportation will arrange the details of time-table, fare, etc., and at the weekly meetings from now on announcements will be made. An urgent request was made to all Port Hopers to be on hand.

HAMILTON NEWS.

NIAGARA ANGLICAN SYNOD

Bishop Dumoulin Presided and Gave a Review of the Work of the Year.

HOUSE OF REFUGE COMMITTEE

Percy McMillan's Body Recovered—Meeting of Cemetery Managers—General News.

Hamilton, Ont., June 11.—(Special.)—The Niagara Synod of the Anglican Church opened this afternoon in the Cathedral schoolhouse, with a large attendance of clerical and lay delegates. Bishop DuMoulin presided, and in his address touched on a great many matters that had come up during the year. He reported that 651 persons had been confirmed during the year. His Lordship favored the proposal to establish a provincial synod in Ontario.

The Bishop reappointed last year's committees on Sunday Schools, Systematic Giving, Churches and Parsonages, Buildings and Libraries. Canon Clark was reappointed clerical secretary, J. J. Mason lay secretary-treasurer. R. L. Gunnand C. S. Scott were appointed auditors.

The Standing Committee's report was taken up and discussed in detail. Rev. L. E. Skey reported that $15,608 had been collected during the year towards the quarter-century fund.

Considerable time was devoted to the discussion of the aged clergymen's fund.

During the afternoon the Bishop stirred things up by calling off a list of churches that had neglected to take up collections for one fund or another, and asking the delegates from these churches to say why these things had been left undone. The delegates, with one consent, began to make excuses, and they were quite varied, but thy all promised that their congregations would not so err again.

The Standing Committee's report was disposed of this afternoon, a task which in former years had frequently occupied two days, and the Synod business will in consequence be soon ended.

Ordination Service.

Ordination service was conducted by Bishop DuMoulin. There were four candidates for ordination. Alexander B. Higginson, who has been stationed at Smithville for about a year, was advanced a priest, and the following received deacons' orders: Ernest P. Selby Spencer, a Trinity graduate, son of the former rector of Thorold, and who is going to Port Robinson; Thomas H. Cotton, also of Trinity University, who is going to Nanticoke, and Walter F. Rushbrook, Wycliffe College, who is going to Erin and Orafraxa.

Rev. Canon Sweny preached the ordination sermon.

To-night a full choral service was held in the Cathedral. The sermon was preached by the Rev. Canon Welch, D.C.L., rector of St. James' Cathedral, Toronto.

House of Refuge Matters.

The House of Refuge Committee met this evening and discussed the question of lighting the building, but nothing definite was done. The Gas Light Company offered to pipe the place for $253.50. The committee decided to get the price for the fixtures before doing anything further.

Body Recovered.

The body of Percy McMillan, 309 North Hughson-street, who fell from Brown's wharf yesterday, was recovered to-night by William Cross, one of the grappling party. It was taken to the morgue, and Coroner McNichol ordered an inquest.

Cemetery Managers Met.

The Cemetery Managers met this evening and received a number of complaints regarding the management of the cemetery and the care of lots. Most of them were considered groundless. On motion of Seneca Jones, J. M. Burns was instructed to get the opinion of the City Solicitor regarding the removal of fences from around all plots.

A. E. Manningappeared for the Canadian Club, and asked permission to erect tablets of stone on the earthworks, which were thrown up in the war of 1812. It was granted.

Charge of Stealing a Coat.

Patrick McAuliffe, McNab-street north, wasarrested to-night on a charge of stealing a coat from R. O. McKay, vessel owner.

Daughters of the Empire.

The first annual meeting of the Fessenden Chapter of the Daughters of the British Empire was held this afternoon. The reports showed a membership of 110, and a balance on hand of over $3. These officers were elected: Mrs. J. V. Teetzel, regent; Mrs. P. D. Crerar and Mrs. H. Leggatt, vice-regents; Mrs. Fessenden, secretary; Mrs. Van Allan, treasurer; Mrs. Rose Holden, historian.

Were They Neglected?

Miss Sarah Cummings and William Cummings, No. 110 Inchburk-street, were removed to the isolation camp last evening by order of the Medical Health Officer, who stated they were suffering from smallpox. The patients are grown persons and are the children of John Cummings, who was removed to the camp two weeks ago. It is said their faces broke out last Friday, and the police on guard reported the matter, but no Board of Health physician visited them till yesterday, when the matter was reported to Mr. Raycroft, a member of the board, who called to see about sending them provisions.

It is said other persons who are quarantined have been neglected, and some of them have had to ask the police to get food for them. The Board of Health and the Medical Health Officer are being criticised.

Police Points.

At the Police Court this morning Harry Fay of Philadelphia was found guilty of a charge of pocketpicking, preferred by Gustave Reiginger, a diamond cutter of Toronto. He was remanded till to-morrow for sentence.

Robert Stokes, collector of the York Loan Company was fined $1 for annoying W. G. Slater.

J. D. Nelligan of the Hamilton Field Battery, was charged with assaulting Willoughby Carey of the same military organization. As Carey had gone to Deseronto to camp with the artillery, the case was enlarged for ten days.

Minor Matters.

Hon. ex-Speaker Bain, Mrs. Bain and Misses Marie and Helen Bain sailed on the steamship Cambria from Portland on Saturday last to Scotland, where they intend spending the next five months.

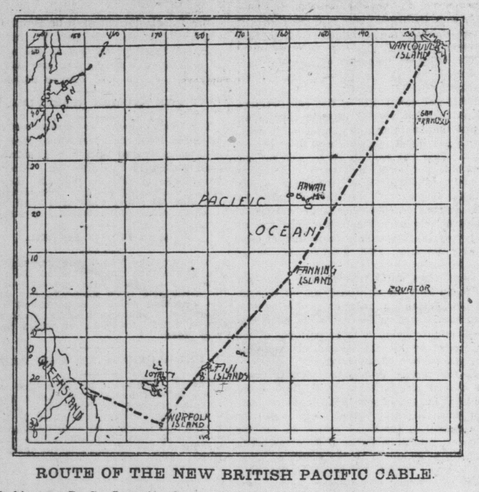
Ward's restaurant, 6 York-street, open day and night; beds, 10c, 15c, 25c. 36

Miss Fannie Senior, daughter of Thomas J. Senior of the Hamilton Jockey Club road house, will be married here on July 15, to William M. Weir, the well-known horseman.

The friends of Charles P. Tuckett are pleased to see him around again, he having nearly recovered from his recent injury inflicted at the race track by the negro, Thomas Lawrence.

GREAT BRITAIN'S PACIFIC CABLE TO BE IN WORKING ORDER BY 1903

Connection Between Victoria, B. C., and Queensland, Australia, Will Then Be Established, With Landings on Norfolk, Fiji and Fanning Islands.



ROUTE OF THE NEW BRITISH PACIFIC CABLE.

Washington, D. C., June 11.—Great Britain's Pacific cable, which is to connect Victoria, B. C., with Queensland, Australia, by Jan. 1, 1903, will have a total length of 5834.5 miles. Its longest section without a landing will be from Vancouver Island to Fanning Island, a distance of 3337 miles. The next landing will be on the Fiji Islands, and the next on Norfolk Island, whence the last section will be run to Queensland.

The sections from Queensland to Norfolk, Fiji and Fanning Islands will be laid first and will be sent out from England in January, 1902. The section between Vancouver Island and Fanning Island will be sent out in August, 1902. It will be laid from the landing place selected in Kelp Bay, on the shore of Barclay Sound, direct to Fanning Island, where it will be connected with the section laid from Queensland to the same point.

By starting the work from the Queensland end, Norfolk, Fiji and Fanning Islands, all important outposts of the British Empire in the Pacific, will be brought into cable communication with London several months before the completion of the entire line. The entire cost of the cable will be about $10,000,000.

The landing site of the cable in Canada connecting the Dominion with Australia, is on Keep Bay, near Banfield Creek, seven miles from the entrance to Barclay Sound, and a little more than 100 miles from Victoria.

The location is described as admirably adapted for the purpose—a good harbor and 12 fathoms of water close to the shore, so that vessels of 10,000 tons can find safe anchorage.

The harbor is landlocked and has a bottom of ooze, which, it is said, will furnish good protection for the wire.

WARM TIMES AT KINGSTON.

Striking Street Car Men Are Giving the Non-Unionists and Company a Lively Dance.

Kingston, June 11.—The street railway lock-out is assuming alarming proportions. A mob of about 1500 assembled at the Princess and Bagot-street junction last night, stoned the non-union motormen and conductors, turned switch points and interfered with the service. Several store windows were broken by missiles thrown at the street railway men. The police could not disperse the mob.

An attempt was made to wreck a car by placing timber on the track at a dark spot, but the obstruction was removed in time.

A wire strung across the street beneath the trolley cable threw off all the trolley poles as the cars passed. The cars had to be run in earlier than usual.

Several motormen were struck and had their faces and heads cut. Special constables patrolled the tracks in dark places.

The Toronto Sunday World is for sale everywhere.

Officers Elected.

Last night Modin Tent, K.O.T.M., 157, elected these officers: Commander, W J Watson; recordkeeper, J B Verney; treasurer, Dennis; chaplain, Cameron; physician, Dr Harley Smith; sergeant, L M Cather; M of A, McDougall; 1st M of G Dennis; 2nd M of G, Bogart; sentinel and picket, G F Watson. At the regular meeting a month hence, Sir Knight H. E. Trent of Star Bethlehem Tent will install the officers elected last night. Deputy Supreme Commander Wooley and Sir Knight Peacock of Trinity Tent were visitors, and delivered excellent speeches for the good of the order. The I P M of this tent is Sir Knight Wrigley.

Toronto Mounted Rifles—Major, George Peters; adjutant, Capt Blake; lieutenants, McCarthy, Moss.

Soldiers Cross the Lake.

Yonge-street wharf was converted into a military centre yesterday. From early morn until late in the afternoon soldiers were coming and going, arriving by rail and departing by water. Nearly all of the steamers carried troops to the camp at Niagara-on-the-Lake. The steamer Chicora, the first boat to clear, had on board the Toronto Mounted Rifles, with 65 horses, and detachments of several other regiments. At 11 o'clock the Corona left with the Governor-General's Body Guards and York Rangers and a number of horses on board. The Chippewa was also in service, making a trip across the lake with supplies for the soldiers and the 31st and 36th Battalions. At 4.45 p.m. the Corona conveyed over to camp the 35th Battalion and those that missed the earlier boats, together with a large quantity of provisions. The various regiments were accompanied by their bands, which rendered stirring music. The Argyle was also busy yesterday transporting troops.

Caledonian Society.

The Caledonian Society held a monthly meeting last evening in St. George's Hall, with Inspector Stark, second vice-president, in the chair. After the routine business had been attended to, the following gentlemen were elected members of the society. George Millard, James Shaw, Thomas Thomson and W. R. Matthewson.

The secretary, Mr. Campbell, reported that arrangements had been completed for the annual excursion, which will take place to the Brant House, Burlington, on July 18. Music will be provided by Gilonna's Orchestra, and the society piper. The Scottish societies in Hamilton have signified their intention of coming over to the Beach on that date.

McKendry & Co.
LADIES' EMPORIUM.

The Liveliest Kind of Bargain Selling All This Week.
