Lehmann on Jan. 6.

The greatest German soprano of the day, Mme. Lilli Echmann, will appear in Toronto at Massey Hall on Monday evening, Jan. 6. After most brilliant successes in opera, Mme. Lehmann has been induced by Mr. C. L. Graff to undertake a concert tour in America this season and her opening recitals in New York have created great enthusiasm. At great expense, but with a view of adding to the artistic perfection of the concerts, Reinhold Herman, the famous conductor and composer of Berlih, has been engaged as planist. The program in this city will introduce a feature novel to Toronto audiences. A part of it will be devoted to the illustration of Wagner's opera, Tristan. Mr. Herman will verbally explain the music and give illustrative excerpts on the plano, while Mine. Lehmann will sing Isolde's principal numbers.

The Messiah in January.

The annual Yuletide performance of the "Messiah," will be given this season at Massey Hall on Jan. 16, by the Royal Chorus, under the direction of Mr. F. H. Torrington in aid of the debt of the Metropolitan Church. Mr. Torrington is determined to give the finest choral production of Handel's great work yet attempted in this city and on account of the largely increased chorus and the greater time required for the perfect drilling of the various sections the date has been fixed at later time than usual. The list of socioists will be announced in a few days. "The Messiah" has now won fame in Toronto as the most popular production of high-class music appreciated by the general public. The subscribers' list is now open at Massey Hall.

Washington, Dec. 18.—Admiral Schley, state this afternoon, thru his counsel, presented to the Secretary of the Navy his bill of exceptions to the findings of the majority of the court were irregular, hat Admiral Schley's rights have been prejudiced and his testimony in many particulars not considered and that the evidence is absolutely insufficient to sustain the opinion which has been rendered irregular. That therefore a grave and irregular. The subscribers' list is now open at Massey Hall.

Papils' Concert at Junction.

A vocal recital was given at the Toronto Junction College of Music on Tuesday aight by pupils of Mr. Arthur Blight, principal of the vocal department, assisted of pupils in the piano department of Miss Payne, and organ pupils of Mr. Wilbur G. Grant. An interesting program was carried out in a finished manner and many of the vocalists showed decided talent. This department is in a thriving condition under Mr. Blight's management. The piano numbers showed careful training.

During the evening Miss MacMillan, directress of the college, was presented with a handsome set of Bronte's works by the teachers of the college.

GONE TO NEW BRUNSWICK.

Phoenix, Ariz., Dec. 18.—It was announced that Lee D. Mills, local manager of the Southern Mutual Investment Company, has fled to Canada, taking a large sum of money and leaving behind local creditors to the amount of several thousand dollars. FOR INDUSTRIAL PEACE.

THURSDAY MORNING

Organize for Business. New York, Dec. 18.-The conference call- Galt, Ont., Dec. 18.-Thomas McGiverin, Marcus A. Hanna was chosen as its chairman, with Samuel Gompers second in command. It retained its connection with the National Civic Federation, and becomes the Industrial department of the organization. The statement issued expressed a determination to strive for industrial peace, to aid in establishing rightful relations between those who toil and their employers, to confer and advise with employers and employed when in conflict, to encourage agreements under which labor shall be performed and to arbitrate disputes when asked by both sides to the dispute. Determination to avoid discussions of abstract industrial problems was avowed.

The following statement was given out at the conclusion of the Executive tession:

Marcus A. Hanna was chosen as its chairman, with Samuel Gompers second in command. It retained its connection with the pipe leading to the metre. Medical assistace was obtained and restoratives applied, which, after some hours, proved effective, and it is now thought the patient will recover. Owing to the fact that Mr. McGiverin. who has been a trusted public man, being reeve of the town and council for for several years, and a prominent member and superintendent of the Sabbath school of the Methodist Church, was about a month ago discovered to be short in the fulls of the church of which he was treasurer, and otherwise financially involved, criminal proceedings were threated. This, in conjunction with the other circumstances of the case, leads to the general belief that silicide was attempted.

"This committee shall be known as the Industrial Department of the National

Civic Federation.

"The scope and province of this department shall be to do what may seem best to promote industrial peace, to be helpful in establishing rightful relations between employers and workers; by its good offices to endeavor to obviate and prevent strikes and lockouts; to aid in renewing industrial relations where a rupture has occurred.

"That at all times representatives of em-
