A Subtle Art.

As examples of artistic windowdressing it would be hard to find anything superior to those of Grafton & Co., on Dundas street. These windows have been made bright and attractive by flowers, foliage and a variety of gay colors, pleasing by harmonious arrangement of the high lights, and effective by proper stress on the children's, boys', youths', and men's clothing, to display which to the best advantage the window exists. A correct eye for effects and exquisite taste is revealed in the tout ensemble. The windows are handsome enough

catch the eye of every passerby, and effective enough to create on all, even those whose attention is arrested but On leaving Princess avenue school, for a moment, a favorable impression to become principal of the new school of Grafton & Co. and their goods. It is not, however, solely by the subtle and powerful art of window-dressing that Grafton & Co. have gained such a strong hold on the people of London beautiful painting from the teachers and vicinity. Square dealing and good goods have been more important factors; but the windows are capital illustrations of Manager Hickey's taste and thoroughness.

Successful Students.

Miss Perkins, who has just completed a course at Coo's Shorthand and Business Academy, 76 Dundas street, London, has been placed with Tamlin & Co., and Miss Goforth with Gray-don & Graydon. Mr. Coo secures a situation for every graduate. This is the only shorthand and typewriting academy in Ontario, and we would advise young ladies or gentlemen who desire to earn their living to attend Coo's Academy. You will receive a thorough and practical training, and be put into a situation where you can make use of your talents and earn a living.

AT MALOLOS

The 'Pinos Driven Back to the

American Troops Resting After Their Hard-Earned Victory.

Washington, April 1.—In a cablegram to the war department early today from Gen. Otis, from Manila, it says the American troops rested yesterday after their entrance into Malolos. The dispatch indicates that the American forces made no forward movement either yesterday or today. All is quiet

at the front. Washington, April 1.-The following was received this morning: Manila, April 1.—Adjutant-general, Washington: Quiet prevails at Malolos, and on railroad on reconnoitering duty. Find insurgents only in small parties in surrounding country, who retire on the approach of our troops. Few of our troops moving to a new position. Pre-paring for a continued active campaign. Army in excellent spirits.

(Signed) OTIS.

(Signed) STARS AND STRIPES FLOAT OVER MALOLOS.

Manila, April 1.-Gen. Hall's brigade advanced yesterday from Mariquina almost to Montalban, driving the enemy to the hills to the north. The rebels were in considerable force at the junction of the Rivers Nanca and Ampit with the Mateo, but the American artillery soon scattered them with heavy loss.

The American loss was one killed-Lieut. Gregg, of the Fourth Infantry. Gen. Hall eventually returned to the waterworks. Gen. King advanced from San Pedro Macati, establishing head-

quarters at Pasig. UNITED STATES FLAG RAISED. The American flag was raised over Malolos at 10 o'clock a.m. The Kansas Regiment and the Montana Regiment, on entering the city, found it deserted. Presidencia is burning, and the rebels are retreating towards the mountains

in a state of terror.

THE ADVANCE ON MALOLOS. Manila, April 1.-U. S. troops behaved splendidly in the advance on Malolos. They advanced steadily against successive lines of trenches, through woods and jungles, and suffering from frightful heat. In addition, the American volunteers were handicapped in fighting by the fact that their Springfield rifles are of shorter range than the Mauser rifles in the hands of the rebels. But the most noteworthy feature of this onward sweep of the Americans is the patience and endurance of the private soldiers. They have never hesitated to plunge across any kind of difficult country, against any

number of the enemy. The victorious American army is now feasting on cocoanuts and bananas, and enjoying a well-earned rest, while the hospital train is carrying the wounded back to Manila.
