POISON IVY MENACE TO BEACHES PEOPLE

Will Appeal to Provincial Health Authorities as a Last Resort.

The residents of the Beaches are up in arms regarding the poison ivy nuisance in the district. According to E. H. Gourlie, 220 Kingswood road, the weed is allowed to grow along the boulevards, and in the parks without any real effort on the part of the civic authorities to exterminate it.

A short time ago, owing to the number of persons who suffered from the effects of the poison, a petition was signed and sent to the city hall, and a man was sent along from the parks department, who did a certain amount of grubbing, with the result that the ivy spread still more abundantly.

It is the determination of the residents to appeal to the M. O. H., Dr. Hastings, to exterminate the noxious plant, and failing this, to apply to the provincial health authorities at Queen's Park.

LEASIDE

MORE SCHOOL ACCOMMODATION.

The new public school at Leaside will soon have accommodation for double the present number at present in attendance. The second room is almost completed and a neat wire fence has been placed around the school grounds.

EAST TORONTO

BAND PLAYS FOR PATIENTS.

Roden Branch G.W.V.A. Band, under the leadership of W. Goldsmith, gave a delightful concert at the D.O.H., Christie street, on Sunday afternoon for the benefit of the patients. The members of the band were afterwards entertained to light refreshments by the ladies of the Red Cross.

these protective measures conditions quieted down.

Bomb Exploded at Cork.

Cork, Sept. 27.—A violent explosion shook this city about 2 o'clock this morning. It was followed by the rattle of rifle fire in various parts of the business district.

When the townspeople ventured forth later in the morning, after the curfew had expired, they found the main thorofare, Patrick street, littered with glass, and the front of a large department store, which is said to employ a large number of young Sinn Feiners, completely wrecked as if by bombs.

Windows were smashed in the upper storeys of almost every store in the vicinity.

At military headquarters it was said that a preliminary report showed there were no military patrols near the wrecked store at the time of the explosion, but that troops were hastened to the scene. They were fired on by snipers from the roof of the store, according to the report, and the soldiers returned the fire with several volleys. A military guard has been stationed at the store.

It is understood the theory of both the military and police is that a bomb was placed in a show window from the inside, but this is controverted by the owner. Half a dozen employes, who were sleeping upstairs in the rear of the premises, were badly shaken.

Sniping at Belfast.

Belfast, Sept. 27.—Twenty-five persons are under treatment in the hospitals here for injuries received in the week-end disturbances.

The shooting by snipers and others which occurred in the centre of Belfast last night caused a panic among the crowds which were promenading on Royal avenue, the city's main artery, after church hours. The disturbance followed the shootings of Saturday night and early Sunday, in which one policeman was killed and two others were wounded, followed by the assassination of three civilians in reprisal by parties of masked men.

The opening incident of Sunday night's disorders occurred when snipers in side streets of the Sinn Fein quarter fired into North street, which crosses Royal avenue. A tramcar on North street came into the line of fire, and there was great alarm among the passengers, who, with the driver, crouched on the floor until the car had turned into Royal avenue. The tramcar traffic later had to be diverted to another route.

DOCTOR'S HOUSE ROBBED.

Victory bonds valued at $2,500, a diamond ring and a set of diamond earrings were stolen from the home of Dr. H. Cunningham, 228 High Park avenue, West Toronto, on Sunday afternoon between 1.45 and 8.30. Entrance was made thru an open rear window.

Fairview Lodge, No. 446, I.O.O.F., held a social evening in Colvin Hall, West Toronto, last night. J. Thompson, noble grand, presided.

HIGH TENSION IN COUNCIL CHAMBER

(Continued From Page 1).

one hundred" and promised consideration.

Would Make It a Park.

After the deputation had been heard, the subject was dropped until the report of the board of control came up for adoption by the committee late in the evening. A motion to strike out the board's recommendation was carried by a 12 to 10 vote. Later Ald. Sykes moved that this recommendation be reinserted and this motion was lost on a 10 to 14 vote.

Controller Cameron then moved, seconded by Ald. F. M. Johnston: "That the land acquired by the city in 1917 from the Toronto Lacrosse and Athletic Association in North Rosedale be set apart by bylaw as a public park, the same having been purchased from funds appropriated for parks acquisition purposes and that the notice required by the 32nd rule of this council be dispensed with so far as relates to this motion."

This motion was lost by 10 to 12, but it was accepted as notice of motion, and will be considered again.

Motion Rejected.

Then came a motion from Alderman MacGregor, that the ratepayers be asked to vote on January 1 on the question of turning Rosedale field into a stadium site. Controller Ramsden contended that this motion was not in order, because no sum was mentioned, but Mayor Church ruled otherwise. The vote, however, was 11 to 7 against the motion.

Council then voted on a motion by Controller Ramsden that the ratepayers be asked next January to pass judgment on a proposal to bring in a money bylaw to spend $200,000 on stadiums in different parts of the city. This motion passed almost unanimously. Controller Cameron's motion to make the Rosedale field a park will come before the board of control next week.

Juggled With Housing.

The treatment accorded the board's recommendation for the appointment of a new housing commission manifested the nervous state of some of the members. The housing scheme was killed in committee of the whole, but a motion in council by Controller Maguire to reinsert it in the board's report was carried by 13 to 11.

The action of council appoints a commission consisting of Messrs. E. L. Cousins, John E. Russell, W. H. Smith of the social service commission, Col. Boyd Magee and George Barron, to build 500 houses for sale or rent.

The board also asked council to authorize loans to bona-fide builders, and to authorize relaxation of the building bylaws in the interest of persons who desire to erect cheap houses.

Ald. Singer moved that the above recommendations be struck out, leaving only the clauses relating to the closing up of the old commission, and also authorizing the city architect to supply building plans to small builders at nominal fees.

Mayor Church followed Ald. Singer with a defence of the housing scheme, and raised a storm which nearly broke up the meeting. The row ended in adjournment for dinner.

Oppose Commission.

When the committee of the whole resumed after dinner Controller Cameron spoke against the new housing commission recommendation, which he said had been sent on by the board of control without any consideration whatever. The scarcity of houses, he affirmed, was largely due to the unwise criticism of aldermen and legislators, which had driven capital out of the house-building industry.

An amendment proposed by Alderman Ryding to refer the question back was lost. The motion to strike out the whole recommendation regarding houses was carried on a 12 to 11 vote, but the vote was reversed later in council.

Will Extend Teraulay Street.

The proposition to extend Teraulay street to Davenport road, taking in St. Vincent Chapel and North streets, and widen them to 86 feet, got final approval of council yesterday when the bylaw to authorize the work was carried with practically no opposition. After a short debate in committee of the whole a vote was taken and not a vote was recorded against it.

A deputation of one, J. B. Tremayne, appeared in opposition, and addressing council, said the scheme would mean a shameful waste of money and was not needed.

Controller Ramsden in reply said Mr. Tremayne had opposed every move for improvement in this district and would probably continue to do so.

When the bill proposing to put the old General Hospital site in the residential area, with the exception of the Gerrard street frontage, came up in committee, Controller Maguire read a letter from Treasurer Rundle of the General Hospital trust, to the effect that if prevented from making an advantageous sale of the property for factory purposes, it would only be fair for the city to make up any shortage arising from a sale for residential property. Controller Maguire moved that the bill be held up pending a conference with the hospital trust, but the motion was lost. Later it was agreed to let this bill stand over.

Ald. Ryding's resolution, favoring track depression at Royce avenue, was referred to the board of control.

A bill to authorize an extra issue of debentures amounting to $1,058,000 to enlarge certain schools was approved.

Communications.

Communications were received from several cities commending the city's stand against telephone rate increases and favoring government ownership of the system. There were also letters of protest against permitting the holding of self-determination for Ireland meetings.

Fred Hambly wrote commending the proposal to erect a fence and bleachers at the Rosedale athletic field, and Dr. Noble of the school board wrote in a similar vein.

The property committee's report was adopted with the exception of the clause permitting the establishment of a monument works at 297-301 Merton street, which was referred back.

MAKES NEW APPEAL TO LEAGUE OF NATIONS

London, Sept. 28.—The London Times says it is informed that the Lithuanian government has made a fresh appeal to the league of nations under paragraphs 11 and 17 of the covenant, asking an immediate meeting of the council in order to consider the situation created by the Polish invasion of Lithuania.

The Times adds that a commission of the league to investigate the situation on the spot in Lithuania was appointed Sunday. It includes British, French and Italian members.

CRICKETERS ENTERTAINED.

The city and Mayor Church entertained at dinner last evening at Carls-Rite Hotel, the visiting English cricket players and the Toronto district cricketers. They later went to Loew's Theatre in a body.

CLAIMS VETERANS DRIVEN TO AMERICA

Flynn Again Scores Federal Government and Urges Political Action.

Vigorous denunciation of the Union government's policy towards the returned soldier and affirmation of the liveness of the cash gratuity issue were contained in the address given at last evening's meeting in the Labor Temple of South Branch, Grand Army of United Veterans, by President J. Harry Flynn. President Flynn appealed to his audience to unite in political action for the securing of a government which would remedy the allegedly intolerable conditions at present confronting the returned man.

"There are 20,000 ex-Canadian service men at present living in the States," declared President Flynn, in referring to the international growth of the organization, and adding: "They were driven out of Canada by the failure of the Union government to provide adequate re-establishment—by the failure to give even livable conditions. They were the very men that the country needed for after-war conditions."

President Flynn referred to conditions which had necessitated the association's assuming a political character, and declared that miraculous growth had followed the adoption of a definite platform. The present requirement was, he said, the maintenance of zeal upon the part of members who had joined at first, possibly in the expectation of obtaining the cash gratuity by a brief but enthusiastic campaign.

"You cannot gain your object right away. We found that out in France," he declared, adding: "The gratuity is the first plank in our platform, and the one for which we intend to fight until we get it."

He concluded by scathing condemnation of a government pension policy which had been responsible for such an action upon the part of a veteran as that to which Capt. Hoare, who committed suicide in Chicago, had been driven.

"Capt. Hoare was a man who escaped from the Hun. He was not murdered by them. He was murdered by the pension board, and his blood is on its head," President Flynn concluded.

During the business section of the meeting the following officials were elected to vacancies on the executive: W. F. Sigmond, to the position of second vice-president; A. E. Kite, to the position of treasurer; and Herbert, Moran, and Grimbleby to the executive committee.

The Canadian Press operators report having signed an agreement for the coming year and retroactive to September 1 of the present year. The wage scale specified is said to be $45 per week for day operators, $46 for week for night operators, and a bonus of $5 per week for bureau operators.

The Grand Army of United Veterans announce a free medical clinic for their members, to be held between 11 and 12 o'clock Tuesdays and Thursdays, at the association's headquarters, 19 East Gerrard street. A qualified doctor, formerly an A. M. C. man, will be in charge.

WOLFE MONUMENT WITHOUT COLORS

Veterans Refer Question to Ladies' Auxiliary to See What Can Be Done.

The General Mercer, G. W. V. A., of West Toronto, at their meeting last night in St. James' Hall, appointed a committee of Messrs. Cronin, Clarke, Cunningham and Hopkins, as a temporary entertainment committee, arrangements having already been made for semi-monthly meetings thru the fall and winter, one evening to be of a social nature.

A letter from the district command, regarding the draping of the Wolfe monument at Westminster Abbey, which has been without colors since the Canadian regiments brought theirs home with them, was referred to the Ladies' Auxiliary to see what assistance they cared to give in working new colors.

The per capita tax question introduced by a letter from Provincial President E. D. O'Flynn and Secretary W. E. Turley, drew from several members sharp criticism. They acknowledged their obligation as G. W. V. A. members to support the tax if they had funds, but they recalled their own fruitless efforts to get assistance when starting their branch, from either the provincial or Dominion commands. A resolution was passed appointing the re-reading of the letter at the next general meeting when a financial review will determine the amount to be given.

A resolution was passed claiming, "That drastic damage was being done our retail trade by reports in the papers of late, and that it is merely a scheme to throw dirt in the eyes of the public, so as to cause the onus to fall on smaller retail merchants, instead of the government getting at the real profiteers." Sugar refineries, packing houses, woolen mills, etc., were named. Comrade Mockford moved the resolution.

The chair was occupied by L. A. Airhart, second vice-president.
