A. A. BROWN, Esq.,

MANAGER, McCLARY MFG CO., CITY.

DEAR SIR,

Referring to your new Steel Range, one of which I recently purchased, I have much pleasure in stating that it is one of the best Cooking Ranges I have ever seen; quick and thorough in action, in every particular. The draughts are perfect, and also easily controlled. My cook, who has had great experience, says it is perfect, and the oven is splendid for baking bread, which is quite unusual. One of its strongest points, however, is its economy. The saving in fuel, compared with anything I have ever seen, is simply wonderful. Your firm deserves great credit for putting such a good article on the market. I wish it every success.

Yours faithfully,

J. R. WILSON.
