Wear the New Soft Collar and Be Comfortable
FOR MEN DURING THE SUMMER.

Many a man who has wished he could exchange his stiff linen collar for something soft and comfortable during the summer can have his wish gratified by wearing these new soft Collars.

They're of fine soft mercerised cottons in plain colors and figured effects. They are worn with safety pin.

COLLARS, 25 cents each.
Plain Gold Filled Pins, 25 cents.
Pins with Cut Stone Mountings, 25c., 50c.

THE SATURDAY HALF-HOLIDAY
To Be Observed Here.

Our friends in the city and country will please take notice that we will close our store on SATURDAYS at One O'clock, during the months of July and August. Having made this decision we intend standing by it irrespective of what others in the trade might do in the matter.

We make this announcement without any conditions or reservations whatever. In other words we intend giving our HELP THE NEEDED HALF-HOLIDAY even though all other merchants in our line should remain open.

During these two months our store will be open Friday Evenings.

The day is coming when the large city business places of every kind will close the year round from Saturday noon till Monday morning. We are interested in seeing this brought about, and to that end we make this move.

It would not be to the detriment of Storekeepers, and would be greatly to the advantage of thousands of workers.

IN THE WORLD OF SPORT

BASE BALL

In a seven-inning game on the Victoria grounds last evening the St. Peter's boys won quite handily from the F. M. A. team by a score of 8 to 2. The game, while at times not of the best, was exciting and there were some excellent plays which called forth loud applause, especially a running one-hand catch by Small in centre field in the fourth inning, and a difficult catch by S. McGuiggan in right field in the fifth inning, also a double play by Driscoll and McCormick.

Small was the best batter, having a two and a three-bagger to his credit. The F. M. A.'s had Mills in as catcher, and Allan McGuiggan at short.

Vims Win in Whirlwind Finish.

In a game that was replete with sensational plays the Vims defeated the Independents last evening by a score of 8 to 7. It was a pitchers' battle, with the odds favoring Keleher, of the Vims, to a slight degree. He allowed the Independents but five hits, while Ramsey, who pitched for the Independents, was touched for nine safe ones.

Martellos vs. Jubilees Tonight.

There will be something doing this evening on the Market square, Carleton, when the Martellos will meet their old rivals, the Jubilees. So far this season four games have been played between these two teams, each taking two games. Captain Murphy's team now leads the league, with the Jubilees second, so tonight the playing should be keen.

THE RIFLE

Halifax, June 14—The twenty-first interprovincial match took place on the Bedford range today and resulted in a win for the Nova Scotia team with a score of 685. The P. E. Island team was second with 670 points, and New Brunswick third with 660.

The weather was fine but the high wind made good shooting difficult. The conditions of the match were seven rounds at 200, 500 and 600 yards, with two sighting shots at each range.

Nova Scotia led at the 200 and 600 ranges, New Brunswick leading at the 500 yards range.

The highest individual total score was made by Lieut. Creelman, of Nova Scotia, who had 94. Sergeant Crooks came next with 91, and he also made the possible at one range, scoring 35 at 200 yards. The team scores by ranges are as follows:

	200 yds.	500 yds.	600 yds.	Total.
Nova Scotia..	245	220	220	685
P. E. Island..	233	227	211	670
New Brunswick..	225	230	205	660

WERE MARRIED SIXTY TWO YEARS

Mr. and Mrs. W. L. Prince of Moncton Congratulated by Friends on Happy Event.

MONCTON, June 14—Robert Kindread, a former traveller for the Record Foundry & Machine Co. in this city, now manager of the company's branch office in Winnipeg, arrived in the city this afternoon on an interesting mission. He is to be married next week to one of Moncton's well known young ladies and a former popular member of Victoria school teaching staff.

A well known citizen was summoned to appear in the police court this morning to answer to the charge of cruelly beating his horse, upon information laid by the S. P. C. A. As the accused failed to appear the case was adjourned for a week and a warrant issued for his arrest.

Mr. and Mrs. W. L. Prince, of this city celebrated the sixty-second anniversary of their marriage yesterday. About a hundred friends called at their home in Lewisville during the day and evening to tender congratulations on the notable event. Mr. and Mrs. Prince are among Moncton's oldest citizens and have lived in this section all their lives. Among the letters congratulating the aged couple upon the important event was one from Mr. R. L. Borden, the Conservative leader at Ottawa.

Among those who went to Sackville today to attend the funeral of the late Mrs. J. W. S. Black were Mr. and Mrs. F. W. Sumner, Mr. and Mrs. G. B. Willett, Mrs. R. W. Hewson, Mrs. W. L. Creighton, Judge Wells and J. H. Harris.

BUILDING IN NEW YORK EXCELS OLD HIGH RECORD

Reports from 50 of the leading cities of the United States received by the American Contractor, New York, tabulated and compared with those of the corresponding month last year, show two-thirds of the cities to have had an increase over the operations of 1905. In Greater New York the gain is small, only 1 per cent, but this is a remarkable showing when the enormous, record-breaking business of last year, with which the comparison is made, is taken into account.

Chicago breaks all its records, with $6,494,220 a gain of 60 per cent over May, 1905. The per centage of gain in other leading cities is as follows: Atlanta, 34; Bridgeport, 167; Buffalo, 60; Cleveland, 17 Duluth, 110; Harrisburg, 112; Louisville, 50; Nashville, 130; Newark, 26; New Orleans, 48; Omaha, 75; Philadelphia, 11; Portland, 307; St. Louis, 14; St. Paul, 49; Seattle, 30; Syracuse, 34; Toledo, 93; Tacoma, 111; Wilkes-Barre, 271. The following figures show the losses reported in leading cities: Cincinnati, 44; Denver, 26; Indianapolis, 35; Kansas City, 17; Milwaukee, 23; Minneapolis, 25; Mobile, 65; New Haven, 34. Some of the cities showing a loss have enjoyed a building boom for some years past, and diminished building was almost a matter of necessity.

A man somewhat under the influence of liquor was discovered in a small boat in the harbor last night drifting toward the whirlpools of the falls. He was brought to a realization of his danger by some fishermen and sent to his home.

Mr. and Mrs. E. N. Abbott left last evening for Montreal en route to England on a holiday.

SENSATIONAL STATEMENTS

Lord Bishop of Ottawa Says High School Geography Which Teaches Evolution Would Breed Infidelity.

KINGSTON, June 13—Bishop Mills in his charge to the Ontario Synod made particular references to moral standards of the day and church union. Concerning the former he said:-

"When one thinks of the moral standard which now exists, how shocking it seems. Many people think little of taking advantage of their neighbors or overreaching in a business transaction. How little value is attached to a promise or to a statement, aye, more than that, how little sacredness is attached by many even to an oath. The decadence which has taken place in morals has, over and over again, been made painfully apparent in election contests throughout our country. I am glad to say that Kingston has turned over a new leaf, which I hope it will keep turned. By a mutual agreement, both parties resolved that the last election should be a pure one, and adopted means by which it became practically impossible for any act of dishonesty or fraud to take place. The action was creditable to both parties and made defeat as well as victory honorable. Now while I would reprobate in the strongest terms, any clergyman using his pulpit or even his influence for the propagation of party views, thus driving a wedge of separation into the widst of his congregation, and alienating, of course, many from him—still I believe the pulpit should be used more frequently than it is in behalf of civic and electoral purity and the decrying of that blind partizanship which leads men to follow a name even though it leads into moral quagmires and far on the way to outer darkness.

"I am glad to find the able and active Roman Catholic Archbishop of Montreal taking such an absolute stand in behalf of temperance and the better observance of the Lord's Day; all honor to him for what he is doing. He will not only accomplish great things amongst his own people, but the change in them will have an influence on Protestants also, just as their carelessness with regard to these matters in the past led Protestants to be careless."

His lordship declared that infidelity was being taught in the high schools and collegiate institutes of the province through the medium of a text-book called the high school geography. Another branch of his remarks had reference to the re-marrying of divorced persons, and he drew attention to the English church canon prohibiting such marriages. In the course of his remarks the bishop said: "I adopt as my own the statement which appeared in The Canadian Churchman directing attention to the fact that infidelity is now being openly taught in the high schools and collegiate institutes of this province, as well as in those of Manitoba. In September, 1904, a new text-book called the high school geography was introduced into these schools, under the false plea of teaching true science, which propounds theories diametrically opposed to the Holy Scripture and Christian doctrine. While the curriculum of these important educational institutions makes no provision for religious instruction of any kind, the religious public have a clear right to expect that no doctrine opposed to the orthodox tenets of Christianity shall be taught therein. Without at all entering into the discussion of how far the theory of evolution—for it is only a theory—may be true, while it harmonizes with fundamental laws of human progress, we can all understand its dangerous character when it presumes to tell us that the universe, and this part of it, was not the work of a Supreme Being, but the product, on the contrary, of chance or accident arising from self-contained conditions already existing in physical nature, and that man instead of being created by God in his own image sprang originally from some inferior form of animal life, to gradually attain by evolutionary processes to the higher form in which he appears today."

HE WASHED HIS FEET 2 OR 3 TIMES EVERY DAY.

Also changed his socks as frequently and still could get no comfort or relief. "Foot Elm" relieved him so that he could wear one pair of socks a week with comfort. It changed unnatural, unhealthy feet into healthy, vigorous, joyous feet. We will send his address if you don't believe it. 25 cents invested in Foot Elm will do as much for you. Sent by mail if your druggist does not keep it. We pay the postage. Stott & Jury, Bowmanville, Ont.

SHEFFIELD

SHEFFIELD, June 13.—Rev. W. R. Pepper went to Fredericton Tuesday to attend the annual district meeting of the Methodist church.

Prof. Harrison of Fredericton was in Sheffield today on business.

N. C. Scott of St. John returned home today from a pleasant trip to French Lake, Sheffield.

Mr. Cooper (carriage maker) of Fredericton is registered at the Vandine Hotel.

The Baptist district meetings, which were held in the Lower Maugerville church, were attended by a large number of delegates, including a number of local clergymen and several from Acadia College, Wolfville, including the principal, Rev. H. De Wolfe.

Miss Ada Campbell visited friends in Fredericton this week.

Holland B. Bridges of Lower Gagetown is in Sheffield on business.

A REASONABLE THEORY ABOUT CANCER

There is a peculiar condition of the blood that favors the growth of Cancer, and neither knife nor plaster will effect a permanent cure without the aid of a constitutional treatment such as ours. Send 6 cents (stamps) and get the booklet and names of those cured without knife, plaster or pain. Stott & Jury, Bowmanville, Ont.

A peculiar accident occurred on the steamer Calvin Austin yesterday when she was at her dock at Lubec, Me. The first assistant engineer, Wilmot Pitt, of 99 Main street, this city, had his left arm broken through the sudden recoil of a small brass cannon when the men were at drill on the gun, which is used to shoot a line ashore. On arrival of the steamer Mr. Pitt was removed to the General Public Hospital, where he was feeling fairly well last night.

The appointment of Charles Avard Emery, deputy registrar of deeds for St. John, has been approved by the government.

JAPS BARRED FROM U. S. NAVY

It Has Been Found That They are too Handy in Securing Plans.

NEW YORK, June 14— All Japanese are to be excluded from the American navy on July 1st unless they produce citizenship papers or a signed statement declaring they will take out the same. In the future no Japanese will be allowed in the navy unless he renounces the Emperor in favor of the Stars and Stripes. Orders to drop the names of all alien Japanese from the papers of every warship in this country have been issued by Secretary of the Navy Bonaparte. He further directs that the places of the Japanese who have been employed as stewards and servants be filled with American negroes.

Officers of the navy yard in Brooklyn say it has been discovered that the Japanese Government has been able, through its subalterns on board American ships, to learn altogether too much about the Yankee service. Not only the personnel but also the plans for future defence. Hence Bonaparte's order.

The story is told by officers of American battleship now at anchor in North river that less than a month ago a midshipman discovered a Japanese steward making plans of the business section of the turrets of one of the largest types of warships. The steward's personal effects were searched by order of the commander of the ship. It was discovered that he had been working for weeks on the plans of the ship and was a remarkably fine draughtsman. The matter was reportel to Washington and was doubtless one of the things which caused the order issued against the Japanese.

C. P. R. EARNINGS.

Canadian Pacific earnings for the elapsed portion of the fiscal year (July 1, 1905, to June 7, 1906) gross earnings totalled $56,994,000, an increase of $10,406,000 over the same period of 1904-5, and of $14,264,000 over the like period in 1903-4.

Mr. and Mrs. J. T. Garden returned from Boston by yesterday's train. Mr. Garden has been in Boston and New York for medical treatment since February and returns much improved in health. They were accompanied by Mr. Garden's brother, Jas. F. Garden, M. P. P., of Vancouver (B. C.), who will make them a visit at their home in Woodstock.

J. Fred Pender and bride, who was Miss May Stephens, arrived home by steamer Calvin Austin yesterday.

Ellis Spring Needle Underwear fits perfectly — under all conditions.

Made on the only machinery of the sort in Canada. Every stitch is of equal length, smooth, close, firm, elastic and durable.

The ordinary latch-stitch used on other underwear is not uniform —the shorter stitches strain the material—there's no spring to it.

Ellis Spring Needle Ribbed Union Suits are particularly desirable for summer wear.
