ONE GENERAL APPEAL FOR ALL ORGANIZATIONS

W. E. Braden of Y. M. C. A. Speaks of Financial Federation

Plan Being Put Into Effect This Year in Toronto—Does Away With Frequent Calls Upon Citizens for Money

Some time ago Mayor Hayes, addressing the executive of the Playgrounds Association, expressed the hope that a plan might be adopted by which there would be each year a big drive for funds for all benevolent organizations, and thus do away with the frequent calls upon citizens for money.

W. E. Braden, Y. M. C. A. national secretary for employed boys, told a group of Rotarians and others last evening, as many will simply draw a check and leave the council to make the apportionment.

This plan has been in operation in some American cities for several years. In actual working it is said to give the deserving societies all they ask, and some that were little known get more—

If in the opinion of the council they deserve it. One merit of the system is that every society must present its budget and the permanent secretary is always looking into the matter of the work done, to determine whether the cause is worthy and gives full community value for what it gets. The citizen at the same time is relieved of the constant demands for contributions for different organizations.

Mr. Braden believes such a system would produce excellent results in any city.

A Soldiers' Memorial

The Views of President J. Fraser Gregory of the Riverview Memorial Park Association

J. Fraser Gregory, president of the Riverview Memorial Park Association, insists that a soldiers' monument in that park would not necessarily interfere with any larger scheme to erect a community building as a memorial. Nor does he assent to the view that this is merely a North End park. It lies beside the great thoroughfare, Douglas avenue, is easy of access, and for the use and pleasure of all the citizens. It was established as a memorial, and has now a monument in honor of the St. John men who died in South Africa.

Mr. Gregory contends that the statue of a man in khaki with a base on the sides of which could be placed copper plates bearing in small but indelible print the names of all the soldiers from the city and county who died for their country should stand beside the avenue, as a memorial to the heroes of Canada's second war. It is in that sense, as a memorial park, which as the years pass will be made more and more beautiful, on the great highway between east and west St. John, that President Gregory presents his plea. The association has done much, and will do more, to beautify what will eventually be a part of the park system of the city.

It is estimated that about \$7,000 would complete the necessary preparation of the site and erect the monument, and Mr. Gregory would like to see the amount raised by dollar subscriptions, believing that citizens would gladly contribute the necessary amount.

FINE OF \$200 IN LIQUOR CASE TODAY

George Clark was brought before Magistrate Ritchie at 11 o'clock this morning for having possession of liquor in his private dwelling house. Police Constable Goslin said that about 11:15 this morning, he and Police Constable Spence were in Winslow street, Carleton, talking, when their attention was attracted to lights burning in a house. The door was open, and he had seen lights burning there an hour or so earlier, they investigated. They found Clark and two other men. They found a bottle with the seal broken and the cork out. It was labeled "Scotch Whiskey." There was about three-fourths of the contents gone. The policeman telephoned to Sgt. O'Neill, who arrived and helped them to take the men to the lock-up, and later they were taken to the police station in a patrol wagon.

Sgt. O'Neill corroborated the evidence. Clark denied having seen the bottle of liquor before. The court fined him \$200 or six months in jail with hard labor.

Charles Perry was charged with wandering in the streets and not being able to give a satisfactory account of himself and using obscene language. Detective Saunders said that he saw the accused come out of Coleman's lunch cart at 2:30 this morning, meet his brother and start talking to him and asked his brother who he was. Detective Saunders was, and on being told he called the detective an indecent name and used other unflattering language. He was fined \$16.

Three men were in the police court this morning charged with drunkenness. Each was fined \$8.

**JAMES CUNNINGHAM.**  
The death of James Cunningham, a former resident of St. John, eldest son of the late Robert and Ellen Cunningham, occurred suddenly after a brief illness of pneumonia on Monday, February 17, at his home in Nashua, N. H. He is survived by four sons and three daughters, also five sisters, Mrs. M. Nelson, Mrs. John McGinley, Mrs. George Parker, Mrs. C. M. Coyle, Mrs. M. H. United States, and Mrs. Joseph A. Smith of this city, and one brother, George Cunningham of Sydney, Cape Breton.
