WAR MEMORIAL NOT CONSIDERED

Mayor Announces Several Communications Objecting to Fountain Removal.

The war memorial matter did not come up at today's meeting of the city commissioners.

Mayor Potts said after the meeting that he had received several communications objecting to the moving of the W. C. T. U. fountain. These were from the West Saint John Field Corners Association, which donated \$500 toward the monument, Mr. and Mrs. Harry Selien, who lost a son in the war, and the Loyalist Society and the North End W. C. T. U. were opposed to the plan to move the fountain.

Mayor Potts said yesterday that he had adhered to his stand that the memorial fountain should not be removed.

Commissioner Bullock thought the spirit of the trust would be observed if the fountain was moved to some other location and set up again.

Commissioner Frank Laidwood made any statement on the matter.

Commissioner Wignore said he was quite willing for the fountain to be moved if it was the will of the people to do so.

TO RETURN BOND

The opinion of Hon. J. B. M. Baxter, K. C., city solicitor, in regard to the right of the Common Council to interfere in the matter of the bond taken by the police from George T. Kane was read to the council this morning.

He advised that this was a matter for the police and not for the council; that he felt the police had been in error in asking Mr. Kane for the bond without an information being sworn out, and that it should be returned to him. After the bond had been returned, the council owner could then take the necessary legal steps to recover his property if he wished.

Commissioner Harding said that the letter be filed, as the matter was being attended to. Mayor Potts moved that the council be thanked for the advice and the recommendations be carried out, and this carried.
