

## WOMAN HELD IN SHOOTING OF HOST AT CAMP

Trained and Seized After Phoning Hospital About Wounded Man

MORRISTOWN, N. J., Aug. 11.—A telephone call to the Memorial Hospital here, inquiring as to the condition of a man, brought in at night in a critical condition from a .32 calibre bullet wound, resulted in the arrest of Mrs. Hazel McMullen, of New York. Mrs. McMullen was driving an automobile, said by troopers to belong to the wounded man, when she was arrested near Ledgewood, about six miles from Dover. She had called the hospital from Hackettstown and had then driven on. She was brought here by State troopers and locked up in the Morris County jail charged with shooting Bird. Mrs. McMullen and Bird, according to Lieutenant Rogers of the state police, were together in Bird's cottage at Longwood Lake, about 20 miles from Morristown. Mrs. McMullen, who had been at the cottage some time, according to the trooper lieutenant, announced her intention of returning to New York. The pair were drinking at the time, it was said, and a quarrel resulted.

### ACCIDENTALLY SHOT

Whether the shooting was the climax of the quarrel authorities were unable to learn. Mrs. McMullen emphatically denied the shooting and said that Bird had been firing at chickens when he was wounded. Bird, on the other hand, roused momentarily from the effects of his wound, asserted that he was cleaning a rifle when it was discharged accidentally. Then, he said, he threw the rifle into the lake.

The story told by Mrs. McMullen and the wounded man differed materially from that of Mr. and Mrs. Stephen Bird, the uncle and aunt of Bird, who occupied a cottage next to Bird's quarters and who first found Bird wounded in his cottage floor. Both declare that Bird said when they entered, "She shot me."

Later, according to police, Bird indicated Mrs. McMullen as assassin, although she persistently denied that she had fired the bullet. It was after Bird's identification of the New York woman, who gave her home address as 1886 Bally avenue, the Bronx, that the formal charge of felonious assault and battery was lodged against her. The address was that of Port Morris, N. J., but maintains a cottage at Longwood Lake. His condition was said by physicians to be serious.

After the shooting, according to troopers, Mrs. McMullen got into Bird's car and drove away.

### A Recipe For a Day

(Anonymous)  
Take a dash of cold water,  
And a little bit of prayer,  
A little bit of sunshine gold,  
Dissolved in the morning air.  
Add to your meal some merriment  
And a thought of love and kind  
And then as a prime ingredient,  
A plenty of work thrown in.  
But spiced it all with the essence of love  
And a little whiff of play;  
Let the good old Book and a glance  
Above  
Complete the well-spent day.

## DRIVER IS STABBED; WON'T GIVE NAMES

Says "We Attend to Those Things Ourselves" in Hell's Kitchen

NEW YORK, Aug. 11.—Jeremiah Flaherty, a chauffeur, who was arrested Nov. 2, 1925, on a charge of suspicion of homicide in connection with the shooting of former Deputy United States Marshal Joseph V. Sheridan, said today that he had no connection with the West Forty-seventh street station.

Taken to Roosevelt Hospital by Walter Granville of 825 West Forty-seventh street, another chauffeur who saw Flaherty as he was passing in his taxi, the wounded man refused to tell who stabbed him. "You guys know I'm from Hell's Kitchen," he told Detectives Davis and Walsh of the West Forty-seventh street station. "We don't quarrel where I come from. We attend to those things ourselves."

**FOLLOWED TRAIL.**  
The detectives followed a trail of blood into 836 West Forty-seventh street and entered an alleged drinking place of which they said Peter Ginch was the proprietor. John Gorman, 33 years old, of 846 West Fifty-first street, said to be the bartender, was arrested, but denied having stabbed Flaherty.

The wounded man, who is 27 years old, married, has two children and lives at 444 Tenth avenue, was said to be in a critical condition. He was released a week after his arrest in the Sheridan killing, having satisfied the authorities he had had no connection with it. He is employed at the Standard Oil Company's distribution station at 46 Eleventh avenue.

LONDON, Aug. 11.—Behind a loose stone elbow the roof of Ash House, Stedham, Middlesex, a workman has found a bag containing 400 silver coins of the reigns of Elizabeth, James I., Charles I. and Charles II. The cavity also contained a pair of women's elastic side boots.

## COAL STRIKE MAKES LONDON'S AIR PURER

Notable Improvement in Visibility From High Places is Reported

LONDON, Aug. 11.—London's air this summer is clearer and cleaner than within memory; the coal strike is responsible. This is the verdict of residents who have marked the notable improvement in visibility from the high places within the last few weeks. Far less coal than usual is being burned and the absence of smoke from countless chimneys where it was wont to issue has done wonders toward brightening the aspect of the city. It is the excess of smoke, added to the natural atmospheric dampness of the winter months, which brings about the city such an unenviable reputation for its "fog soup," that have given the strike its credit. It is computed that the clearing year has robbed of 80 per cent. of its rightful share of sunlight by coal smoke.

## POETIC PRISONER

Showers Blessing on Magistrates But "Goes Down" For 3 Months

Special to The Times-Star.  
LONDON, Aug. 11.—Blessings were showered upon the magistrates at Hull recently by Frederick Thorold, convicted of a minor offence. The following was his recitation:  
May the blessing of God await thee,  
May the Sun of Glory shine around thy bed,  
And may the gate of plenty, honor and happiness be ever open to thee.  
May no sorrow distress thy days, may no grief distress thy nights, may the pillow of peace kiss thy cheeks and the pleasure of imagination attend thy dreams. And when the length of years makes thee tired of earthly joys, and the curtain of death closes gently around thy last sleep of human existence, may the Angel of God attend thy bed and take care that the expiring lamp of life shall not receive one rude blow to hasten on its extinction.  
But the magistrates hardened their hearts and his prayers availed him nothing, for Frederick retires from active life for three months.

Nova Scotia's Minister of Public Works advocates coking plants at different points for the use of Canadian coal. The same plan was suggested in a report to the Canadian Government last year. The idea is logical, but apparently it needs a heavy voltage on the political wires to get action.

## FAILURES IN CANADA FEWER THAN LAST YEAR

Figures for June and for Six Months Given

As compared with June, 1925, a slight decrease in the number of assignments under the Bankruptcy and Winding Up Acts, as reported to the Dominion Bureau of Statistics, was experienced in June, 1926, while the liabilities of the assignors also showed a decrease. Commercial failures numbered 142, as compared with 145 in the same month of the previous year, and 120 in May, 1926, an increase being noted in the last comparison. The liabilities of the assignors amounted to \$2,912,912 as compared with \$2,695,945 in June, 1925, and \$2,665,859 in May, 1926.

In the month under review there were 14 assignments in the Maritime Provinces, as compared with 10 in May, 1926, and nine in June, 1925. The liabilities in June were approximately \$107,000.

In Quebec, failures in June, 1926, numbered 46 as compared with 39 in May, 1926, and 43 in June, 1925, an increase of seven per cent. as compared with last year. The liabilities in June were in the neighborhood of \$899,000.

### WESTERN PROVINCES.

In the three Prairie Provinces, the failures numbered 27 in June, as compared with 34 in May, 1926, and 19 in June, 1925—an increase of 42 per cent. over the same month of last year. The liabilities in June were approximately \$189,000.

In the Pacific Provinces, commercial failures numbered six, as compared with eight in May and eight in June, 1925—a decrease of 25 per cent. in both comparisons. The liabilities were about \$166,000.

Trading establishments constituted as usual a majority of the failures, 20 of these assigning in June, 1926, as compared with 27 for May and 74 in June, 1925, a decline of about three per cent. in the latter comparison.

Manufacturing establishments to the number of 29 assigned during June, as against 26 in May and 31 in June, 1925. Agriculturists assigning in June numbered nine as compared with seven in May and six in June, 1925. Other failures numbered four in construction, three in logging, and 16 in service.

### SIX MONTHS TOTAL.

The cumulative total of commercial failures for the first six months of 1926 was 857, as compared with 1,297, 1,290, 1,996 and 1,896 for the same periods of 1925, 1924, 1923 and 1922 respectively, this being the best showing of the last five years. The default of liabilities for the first six months of 1926 were \$14,194,835 as compared with \$17,214,681, \$27,283,017, \$39,280,185 and \$52,611,942 respectively for the same periods of 1925, 1924, 1923, and 1922, and also showing a considerable decline from the 1925 period.

## INVENTION IS AID TO DEAF CHILDREN

Apparatus Enables Some to Hear Music For First Time

Special to The Times-Star.  
LONDON, Aug. 11.—Interest has been aroused in the success achieved by J. L. Calvard, a Hull electrician, who has constructed an apparatus by which children at Hull Deaf and Dumb Institution can be made to hear music and speech. The deafened child, which Mr. Calvard uses is the eighth selected for the purpose.

While his invention does not claim that it will enable every deaf person to hear, over 80 per cent. of the children in Hull heard a gramophone selection played and also speech tests. The apparatus will be installed so that the deaf, but experts in this direction, will be undertaken. Children will be taught to vocalize vowels through the medium of the invention.

Further tests are to be made, one of which will be a vocal and instrumental concert. A special room will also be equipped. It is not possible yet to make use of ordinary broadcasting programs for transmission to the deaf, but experiments in this direction will be undertaken. Children will be taught to vocalize vowels through the medium of the invention.

## PILGRIMAGE MADE TO OLD N. B. CHURCH

Rev. C. J. McLaughlin Recalls Pioneers at Skiff Lake Service

McADAM JUNCTION, Aug. 10.—A large crowd joined in the pilgrimage to St. Thomas' Catholic church at Skiff Lake yesterday, where special services were held and mass offered by the Rev. Charles J. McLaughlin, pastor. St. Thomas' church is one of the oldest in these parts and has retained all its quaintness and primitiveness of near 70 years ago.

The people came for miles to assist at the services; mass was offered and the relics of the early Canadian settlers were exposed to view.

Father McLaughlin, in his sermon spoke of keeping faith with the dead and past. We read, he said, about the hardships of the missionaries, the heathen lands but we should not be unmindful of the hardships endured in their own country by the hardy pioneers and missionaries of other days.

He spoke of the late Monsignor Connelly, who labored in this country and, after referring to the early work of Catholic missionaries in Canada and said that in 1849 this mission of Skiff Lake came under the jurisdiction of Father McLaughlin. He said that the church to which we have made this pilgrimage, thus in unbroken history we trace back this little church to the missionary days of the Franciscan and Jesuit martyrs.

DIGBY OFFERED \$32,500

At a special meeting of the Digby town council Monday afternoon, an offer of \$32,500 for the town's electric light plant and assets was made by the Maritime Electric Co., Ltd. The committee of the council will report on this at a later meeting. Should the committee report favorably a plebiscite will probably be held.

## BLIND MAN GAINS B. A. AT CAMBRIDGE

Hugh A. Staly Lost Sight as Result of Wound at Ypres

LONDON, August 11.—Among the hundreds of Cambridge undergraduates who were admitted to the degree of bachelor of arts in the senate house recently was Hugh Arthur Staly, of Calcut College, who was led before the vice-chancellor because he is blind, the result of a wound at Ypres when he was 18.

Three years ago he went up to Cambridge. Last year he gained a second class in the historical tripos, part one, and he has finished his academic course by winning this month a first class in the anthropological tripos.

He has had the assistance in his studies of his wife, a daughter of Sir Frank Dyson, the Astronomer Royal, whom he met when she was a nurse in the hospital where he was lying wounded. They were married in 1922.

## AN INTERNAL BATH HIGHLY RECOMMENDED

A prominent physician made the remark recently that if people were half as particular in regard to internal cleanliness as they are about external appearance three quarters of our ordinary ailments would be eliminated. This medical man said the people did not stop to think of the importance of keeping the system clean as clean as one is careful to keep hands, face and body. The result is that the intestinal tract becomes clogged and waste material which should leave the body daily stays there for an indefinite period doing harm to people realize. So many ills are traceable to these clogging poisons! An internal bath sounds novel, but it is much easier to take than any other kind! A spoonful of Sal Luthos before breakfast (or any other meal), dissolved in a glass of tepid water acts as a gentle cleanser of the bowels—provides a soothing internal bath that rids the body of dangerous toxic poisons and gives one that feeling of freshness, vigor and well-being. A further advantage of the internal bath lies in the fact that a healthy body ensures an alert and active mind which makes for greater efficiency and happiness in one's daily work.
