WHAT PAYS?

IT PAYS every Manufacturer, Merch-
ant, Mechanic, Inventor, Farmer,
or Professional man, to keep informed
on all the improvements and discoveries of the
age.

IT PAYS THE HEAD OF EVERY FAMIL-
Y to introduce into his household a newspaper
that is instructive, one that fosters a taste for in-
vestigation, and promotes thought and encour-
ages discussion among the members.

The Scientific American

which has been published weekly for the last
thirty one years, does this, to an extent beyond
that of any other publication; in fact it is the
only weekly paper published in the United States
devoted to MANUFACTURES, MECHANICS,
INVENTIONS and NEW DISCOVERIES in
the Arts and Sciences.

Every number is profusely illustrated and its
contents embrace the latest and most interest-
ing information pertaining to the Industrial, Me-
chanical, and Scientific Progress of the world;
Descriptions, with Beautiful Engravings of New
Inventions, New Implements, New Processes,
and Improved Industries of all kinds; Useful
Notes, Recipes, Suggestions and Advice by
Practical Writers, for Workmen and Employers;
in all the various arts, forming a complete re-
pository of New Invention and Discoveries; con-
sisting a weekly record, not only of the progress
of the Industrial Arts in our own country, but
also of all New Discoveries and Inventions in
every branch of Engineering, Mechanics, and
Science abroad.

THE SCIENTIFIC AMERICAN
has been the foremost of all industrial publications
for the past thirty one years. It is the oldest,
largest, cheapest and the best weekly illus-
trated paper devoted to Engineering, Mechanics,
Chemistry, New Inventions, Science and Indus-
trial Progress, published in the world.

The practical Recipes are well worth ten
times the subscription price, and for the shop and
house will save many times the cost of subscrip-
tion.

MERCHANTS, FARMERS, MECHANICS, E-
NGINEERS, INVENTORS, MANUFACTURERS, CHEM-
ISTS, LOVERS OF SCIENCE, and PEOPLE OF ALL
PROFESSIONS, will find the SCIENTIFIC AMER-
ICAN useful to them. It should have a place in
Family, Library, Study, Office and Counting-
Room; in every Reading Room, College and
School. A new volume commences January 1st,
1877.

A year's number contains 52 pages and Sev-
eral Hundred Engravings. Thousands of vol-
umes are preserved for binding and reference.
Terms, \$3.00 a year by mail, including postage.
Discount to Clubs. Special circulars, giving
Club rates, sent free. Single copies mailed on
receipt of 10 cents. May be had of all News
Dealers.

In connection with the
SCIENTIFIC AMERICAN,
MUNN & Co. are
Solicitors of American and Foreign Patents, and
have the largest establishment in the world. More
than fifty thousand applications have been made
for patents through their agency.

Patents are obtained on the best terms. Models
of New Inventions and Sketches examined, and
advice free. A special notice is made in the
Scientific American of all Inventions Patented
through this Agency, with the name and resi-
dence of the Patentee. Patents are often sold in
part or whole, to persons attracted to the Inven-
tion by such notice. A pamphlet containing full
directions for obtaining Patents sent free. The
SCIENTIFIC AMERICAN Reference Book, a vol-
ume bound in cloth and gilt, containing the
Patent Laws, Census of the U. S., and 142 En-
gravings of mechanical movements. Price 25
