What better proof can we give of wisdom and goodness, than to be content with the station in which Providence has placed us?

How pleasant it is when we lie down at night, to reflect that we are at peace with all persons! that we have carefully performed the duties of the day! that the Almighty beholds and loves us!

How readily should we forgive those who offend us, if we consider how much our heavenly Father forgive us!

Who could exchange the humble peace which virtue gives, for all the honors and pleasures of a vain world?
