## STRATHCONA ON

NO CAUSE FOR ANY RESENTMENT BY STATES

Says Canada Trusts the Judgment of Mr. Chamberlain - The Pacific Cable.

Montreal, Aug. 5.-The Star's London

"Lord Strathcona in the Daily Graphic men on either side of the Atlantic can-

to attract large numbers of United States farmers to Canada, but Canadians do not view such immigration with anything but satisfaction, confident from past experience that these new settlers would make the best of citizens. He also denied that there was any cause of resentment by the United States and American businessmen in the proposal of Mr. Chamberlain. Between their states, he said, there exists an arrangement for the most complete mutual benefit, while they interpose a tariff against the outside world. Why should they resent the establishment of a mutually benefitting arrangement between the States and Great Britain. We do not resent any part of the domestic policy of the United States. Why should her citizens resent any change in Britain's policy? Lord Strathcona added that he believed that throughout Canada to-day there exists the greatest confidence in Mr. Chamber-'Canada believes in him, and trusts his judgment and ability,' he said."

Rome, Aug. 5.—The American pilgrims vas to-day received by Pope Pius X. They were met at the bronze door of the Vatican by Monsignor Kennedy, rector of the American college. They were taken to the unique hall of inscriptions. Cardinal Gibbons, Monsignor Kennedy and Monsignor Bisletti disappeared. Suddenly there was a murmur, "Hush, hush," and they saw two Swiss guards enter from a corridor. Before they could quite realize it the Pope stood among them; his whole person emanated great benignity and cordiality. Rome, Aug. 6 .- During one full hour this morning the bells of about five hundred churches were rung in honor of the election of Pius X., a welcome unique of its kind and ordered by Cardinar Respighi, Vicar of Rome, who issued special instructions therefor. The bell ringing served a purpose, that of heralding the great ceremony of the reception of the diplomatic body accredited to the Holy See.
