Miramichi Advance,

CHATHAM, N. B. - - JULY 12, 1888

Change of Creed.

A New York despatch of June 10 says: Mgr. Bouland was yesterdry admitted into the Episcopal church, the formal ceremonies being held at Grace church, in the presence of Bishop Potter. Mgr. Bouland declared his faith in the Episcopalian doctrines, and gave his reasons for leaving the Catholic church. There is some talk of making him the first bishop of the Gallican church, in which event he will go to Paris.

Monsignor Antonine Bouland is a notive of France, and is 40 years of age: He was educated in Paris at the University of France, and was for several years the protege of Cardinal de Lavigerie. He first came to the United States in 1875, and was named a canon of St. Michael the Archangel in 1881. In 1882 he was appointed general president of the Society of the Advocates of St. Peter in North America and the same year was made a member of the Academy of the Arcades in Rome. Mgr. Bouland was further an honorary canon of the Metropolitan church at Rouen, a commander of the order of the Holy Sepulchre, and private chamberlain to his holiness Leo XIII. He had lately been entrusted with the general direction of Peter's pence in North America. For some years past Mgr. Bouland has had charge of the parish of Central Falls, R. I.

In his letter to the Pope, Monsignor Bouland says he takes this step because he can no longer believe in the doctrines of the syllabus, and the dogmas proclaimed at the last council of the vatican. Besides, he can no longer admit the pretentions of the Ultramontanes, who wish to exercise absolute authority no only in religous affairs, but also in matters of scientific, philosophical and soocial character. Mgr. Bouland concludes by saying, that he enters the Episcopalian communion as being more in harmony with his convictions.

Trained Nurses.

A PROFITABLE BUSINESS FOR YOUNG WOMEN GROWING UP.

The regular rate for the services of a trained nurse is $20 to $24 and board per week, writes a New York correspondent, and the demand is brisk enough to employ them on an average of 45 weeks out of the year. Unusually skilled nurses sometimes get $30 to $35 per week while undergraduates in their second year's training are permitted to go out at the rate of $16 a week. What attracts many women to the work is the fact that in most of the hospitals they are paid liberally for their time while learning. This practice is likely to be abolished before long, however, as the managers regard the training sufficient recompense for services rendered. The nurses are recruited largely from the ranks of those who would otherwise be milliners or dressmakers, though many highly educated ladies are found among them, attracted by the work, which seems to them especially feminine. Some of the younger nurses become so much interested in the medical end of their duties that, after graduating, they study medicine and become practitioners. The best paying field which has opened before intelligent nurses with organizing and executive ability, however has been, after perfecting themselves, to open training schools on their own account in localities not supplied with such schools. The number of nurses is not equal to the demand yet, but it is increasing so fast that the profession may be overcrowded, like most departments of woman's work.

GENERAL NOTE AND NEWS

Unseemly conduct—That of a woman who will not sew.

Baird's French Ointment is an excellent article for any kind of Humor, such as Salt Rheum, Pimples, Pustules, Rash, and a sure cure for the Itch. It quickly heals obstinate Sores and Ulcers. Sold by dealers.

If you can't marry a girl that's too far above you, you, perhaps, might marry one your own sighs.

Children naturally object to nauseous medicine. When troubled with Worms they often suffer for want of sound sleep and their food does not seem to nourish them, give promptly McLean's Vegetable Syrup.

Friend—Did you enjoy your honeymoon?

Bride (for a third time)—Yes, after I had got Charlie trained.

Scott's Emulsion of Cod Liver Oil and Hypophosphites.

is sold all over the world. It is far superior to plain Cod Liver Oil, palatable and easily digested. Dr. Martin Miles Stanton, Bury Bucks, London, England, says: "I have prescribed Scott's Emulsion and taken it myself. It is palatable, efficient, and can be tolerated by almost anyone, especially where cod liver oil itself cannot be borne. Put up in 50c. and $1 size.

Country wife (at the ballet)—Isn't it awful, John!

Countryman (drawing a long breath)—Ye'es but I'm slowly gettin' used to it.

Loss and Gain.

"I was taken sick a year ago with bilious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides and I got so bad I Could not move!

I shrunk!

From 228 lbs. to 120! I have been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles I am not only as sound as a sovereign but weigh more than I did before. To Hop Bitters I owe my life."

Dublin, June 6, '81. B. FITZPATRICK.

HOW TO GET SICK.—Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised and then you will want to now *how to get well*, which is answered in three words—Take Hop Bitters.

The foreman of a large printing house one morning received the following note from the wife of one of the men in his employ: "Please to eggscuse my huaban for not coming to work to-day. He is ded.'
