Wilson, Alexander Campbell, George E. Hendricks, John Whalen, Irvine E. Murray, George H. Barnes, Robert H. Smith, Dennis McDade, Adam Marchbank, H. F. Pickle, P. W. Titus, E. A. Flewelling, E. P. The only criminal case he had to submit to them was that of Samuel H. Taylor, charged with larceny of a railway baggage check at Apohaquo. From the evidence presented in preliminary trial, which he had carefully gone over, it appeared that the defendant produced a duplicate check for a trunk which had come by rail from St. John or some place west, but it could not be found. TRURO, N. S., Sept. 9.—The Grand Lodge Knights of Pythias of the maritime provinces met in annual session here today. J. C. Henry, grand keeper of records and seals, presented his thirteenth annual report. In opening, he suggested that the grand lodge should exact some law prescribing a penalty for failure to have semi-annual reports in the hands of the grand keeper of records and seals by February 1st and August 1st in each year. As to the growth of the order he said: "Our gain has not been as large as last year, but as in other years, after a prosperous term, we have only started to take a fresh start. We have added no new lodges to our roster, but nearly every lodge shows gains in membership and finances."

For an exact statement of our growth the following statistics are given, which will, doubtless, be found interesting: Membership June 30, 1901, 1,894. Initiated during the year, 184. Admitted by card, 10. Reinstated, 10. Total additions, 204. Total deductions, 188. Number of members suspended, 48. Number of members withdrawn, 11. Number of members deceased, 7. Total deductions, 67. Membership June 30, 1902, 2,180. Past Grand Chancellors, 22. Past Grand Secretaries, 13. Past Grand Treasurers, 13. Past Grand Scribes, 13. Pages, 14. The above shows an increase of one hundred and twenty-two, divided among twenty-five lodges. The ten lodges in New Brunswick show a total of nine hundred and seventy, being an increase for the year of twenty. The thirteen Nova Scotia lodges have a membership of seven hundred and seventy-two, an increase of ninety-nine for the year; and the two Prince Edward Island lodges, with seventy-four members, have made a gain for the year of three.

There was another matter to which he would refer, although it would not affect them, but it was due to the bar and the petit jurors that he should state that he would have to adjourn the court, by reason of the marriage of his youngest daughter, which place tomorrow. He regretted that arrangements had been made which broke in upon his official duties, yet he would ask the same kindly consid- eration as in similar circumstances he would accord to any grand juror or officer of the court.

The grand jury retired and after an hour's absence returned with "no bill" against Taylor. They were then presented, in which they called upon his honor to see before the Municipal Council the unsanitary condition of the Court House and to call upon them to make necessary repairs or supply a new plant entirely. They also expressed entire concurrence in the remarks of the judge in regard to the unseemly conduct of persons at and about the station, and begged his honor to include Sussex in his appeal to the authorities and crown officers for maintaining order and public quiet on all occasions, especially upon the Sabbath day.
