

### FUSILIERS ARRIVE AT MILITARY CAMP

#### Local Regiment is Now Under Canvas

#### GOOD IMPRESSION

62nd Though Not as Strong as Expected Presents Smart Appearance Plans for Sunday and Dominion Day.

Special to The Standard.  
Sussex, June 28.—After three days spent under canvas, the 62nd and soldier lads are beginning to really enjoy camp life. While the long hours of drill in the hot sun are very trying, especially in the new men, all have so adapted themselves to the requirements of a military camp, that little complaint is heard.

At 5:30 the infantry regiments are awakened by the sound of the reveille. There being no artillery camp this year, the time normally consumed in bringing a cannon to position and again to rights out, has been dispensed with. Early as the infantry are out, the cavalrymen have already been astride and have fed their horses. The mounted men are also required to perform on horse foot drill before morning mess and while the dew is still sparkling on the tall grass. At 8:30 all units march off to their respective parades grounded the music of a regimental band.

Until 12 o'clock noon the troops are busy practicing the various movements laid down in the camp syllabus for the day. At stated periods the brigade bugle sounds and a formal review is given by the commanding officer. This is very similar and lasts from 7 to 4:30. At 6 p. m. after mess is over, the non-commissioned officers of each regiment are given instructive lectures on their duties and responsibilities by the regimental sergeant-instructor.

Saturday night at 8:15 the first bonfire and sing song of the year will be given by the C.A.S.C. of the 62nd Regiment at the camp theatre—the well known natural amphitheatre just east of the staff lines. The C.A.S.C. has also challenged the 11th Regiment to a tug of war on Saturday night.

Church Parades.  
Sunday morning at 10 o'clock the annual church parade will be held. Capt. Shurman, chaplain of the 62nd Regiment, will address the troops. Capt. Shurman has from Harland and this being his first year at camp is the junior chaplain in the brigade. The service will take the usual form. On Sunday evening a sacred concert will be given at the camp theatre by the massed bands beginning at 8:15. The Monday morning, July 1st, drill will be taken up as usual. At noon the royal salute will be fired in honor of the birth of the Dominion.

In the afternoon field sports will be held beginning at 3:30. The following events will be pulled off: 100 yard dash; 220 yard dash; 1 mile run; sack race; running broad jump; shot put; 120 yards hurdle race for buglers under 15.

Tuesday evening, July 2nd.—An amateur performance of "The Mascotte" will be given at the Sussex Opera House under the patronage of the Camp Commandant and staff.

Thursday, July 4th at 4:30, mounted sports will be held, including: Half mile hurdle race—N. C. O's and men.  
Half mile hurdle race—Officers.  
Alarm race—Open.  
Victoria Cross race—Open.  
Cigarette race—Open.  
Chaplain, Captain Thomas, of the 73rd regiment arrived in camp today. Among the visitors to the grounds this afternoon was Bishop Richardson of Fredericton.

A cup is up for the regiment making most points in Monday's sports. Three successive winners make the cup the permanent possession of the regiment. Each regiment is allowed to enter only one man for each event.

62nd Arrive.  
The 62nd Fusiliers, commanded by Col. McDevitt, arrived by special train at 12 o'clock this morning, drill being over, many officers and men from the regiments already in camp, turned out to welcome them, and took great interest in the smart city regiment as headed by their bands they marched up from the siding to the parade grounds. While not as strong as had been hoped the smart appearance of the boys from the winter port and the music of their brass band in full marching order with haversacks, water bottles and rifles as they marched by elicited favorable comments from all sides. After medical inspection by chief medical officer, Major Foster, the bugle band played the different companies to their respective tents.

At 3 p. m. the Fusiliers made their first appearance on the parade ground, and drilled for an hour.

The camera man and peanut boys have been busy ever since camp opened. Perhaps the most welcome visitor is the newsboy who brings the

### CANADA WILL KEEP BUNKER HILL TROPHY

#### Captured Cannon Will Not Be Returned, Says Col. Hughes.

Special to The Standard.  
Ottawa, June 28.—There will be no surrender of the Bunker Hill gun, Col. the Hon. Sam Hughes having declined to accede to the suggestion of the Massachusetts Peace Society that the trophy be handed back.

What happened was that Col. Hughes raised the question of exchange of trophies, a species of reciprocity in captured cannon, flags, etc. and that the American assistant secretary of war, General Oliver, was not disposed to accede. Thereupon Col. Hughes failed to see the point of an unsolicited surrender.

General Oliver in his communication said that a certain number of British guns, largely trophies of the revolution are in the custody of the war department, that others are at various army posts where some of them form parts of monuments and some of them have been built into structures, and that other again, by act of congress have been bestowed upon states of the union.

It thus would be impracticable to collect them, while in addition, a certain number would be necessary and any steps leading to the restoration of that which would have to be organized through diplomatic channels. The diplomatic channels will not be moved.

### DISASTROUS FIRE AT POINT AUX TREMBLES

#### Damage May Amount to Hundred Thousand Dollars—Convent and School Buildings Were Saved.

Point Aux Trembles, Que., June 28.—Damage estimated at between \$75,000 and \$100,000 was done by fire which broke out here late this afternoon and raged until eleven o'clock this evening. Fifty buildings mostly residences and small shops, were destroyed and two hundred people are homeless. The insured is very small. At one time it was feared that the entire village was doomed as a high wind was blowing, but the timely arrival of a section of the Montreal fire brigade and three fire tugs belonging to the harbor commissioners of Montreal, finally checked the progress of the flames.

The local fire fighting equipment was quite insufficient, but the village fire did good work under the direction of the parish priest and curate in saving the church, school and convent and other of the principal buildings.

The cause of the fire which had its origin in a house on St. Jean Baptiste street is still unknown. Once started, it spread rapidly through the wooden buildings devastating both sides of the street. There has been no rain here for a week and the stores and houses burned fiercely.

At first all was confusion but Fathers Roussin and Moran, parish priest and curate respectively, rapidly organized the frightened villagers and formed a bucket brigade which managed to save most of the principal buildings.

The homeless are being sheltered in the larger buildings which were saved.

The morning papers with news of the world at large and more particularly news from the home town.

The cool weather of the past two days has reduced the number of patients at the hospital. Several were discharged today. Capt. Sherman, chaplain of the 47th, who was taken to the hospital yesterday suffering from a severe chill is reported improved. Private McVicker of the Dragons is also improving slowly from injuries sustained from a kick several days ago.

The Y.M.C.A. is as popular as ever. Tonight's meeting was addressed by Capt. MacDonald, chaplain of the 71st Regiment.

### BIG SUIT AGAINST C. W. MORSE

#### The Former "Ice-King" Finds Himself in Difficulties Again.

New York Assets Realization Co. Institutes Proceedings to Recover Million Dollars—Violated His Agreement.

New York, N. Y., June 28.—A million dollar suit against Charles W. Morse, the former ice king, whom President Taft pardoned from serving his term in the federal penitentiary at Atlanta, was begun today in the New York county supreme court by the New York Assets Realization Co. which alleges that Morse is a debtor to at least that amount. United Copper Company stock, about 17,000 shares, figures in the complaint, which states that Morse purchased the stock from Arthur P. Helms with an agreement that he, Morse, was not to sell it for two years.

This purchase, the plaintiff alleges, was made in January, 1907, in October came the panic, and according to the complaint, Morse violated his agreement by selling some of the stock, thereby lowering the market price of the company's common stock and causing a loss of more than \$1,000,000 to Helms. The latter has since assigned his claim to the company which is now suing Morse.

### DECLARATION DAY PROCEEDINGS IN GLOUCESTER CO. PLEAD NOT GUILTY USING THE MAIIS TO DEFRAND PUBLIC

Special to The Standard.  
Bathurst, June 28.—Declaration proceedings opened off quietly here today, short speeches being made by members elect and defeated candidates.

The official count as announced by the sheriff is:  
Hachey, 2,984; Wetzel, 2,926; Stewart, 2,901; Robichaud, 2,896; Yeniot, 2,156; Byrne, 2,121; Legere, 2,102; Delegrade, 2,054.

The Newcaste band is in town and a big celebration was held this evening in honor of the elected members.

BENJAMIN KILBURN BURIED WITH RITES OF MASONIC ORDER

Kilburn Vic. Co., June 28.—The funeral of Benjamin Kilburn took place this afternoon with the full ritual of the Masonic Order. About one hundred masons from the county were present and people attended from as far off as Woodstock.

Dr. A. C. Moffat, who formerly occupied a chair at Edinburgh University and is one of the leading surgeons

### SOME COMMON DAY THOUGHTS

"Canada is destined to be the controlling power of the Empire."  
Earl Grey—29th January, 1912.

We believe in our Country—The Dominion of Canada. We believe in our King, our Flag, our Constitution, our Laws, our Institutions, and the principles for which they stand. We believe in our future—we believe in our vast natural resources from the Atlantic to the Pacific, our great possibilities—yea, our wonderful certainties.

We believe in the Canadian people, in their honesty, integrity, reliability, genius, in their brain and brawn. We believe that nothing can stand in the way of our advancement and prosperity.

The great thing to remember is that we are all Canadians—in our veins runs the blood of many an old and new world nation. We are kin to each and identical with one only. We should keep ever before our eyes the fact that we are British Canadian people, with high ideals and standards. Let us be true to ourselves, for then we cannot be false to any man.

We who live in Canada should be proud of the fact and live so that Canada will be proud of us.

C. W. ROWLEY,  
Winnipeg, Canada.

### INTEREST IN FARM TRAIN GROWING

#### Better Farming Special Attracts Many Visitors on North Shore.

Variety and Exhaustive Nature of Display Affords Surprises—Instruction Regarding Injurious Insects.

Special to The Standard.  
Dalhousie Junction, June 28.—Interest in the college on wheels as the better farming special has been called, grows from day to day. This has been a very busy day for the visitors and for those in charge. The train spent the night at Newcastle, and went to Bathurst early in the morning. At nine o'clock the car was opened for inspection and was quickly filled with a crowd which evinced the deepest possible interest in what they saw and heard. The school children were given a half holiday and accompanied by their teachers visited the train in masses. Farmers and others had come in for several miles around, and fully eight hundred people passed through the car in the morning.

Five lectures were given in all at this place, each on a topic of practical interest to farmers. Leaving Bathurst at noon the train proceeded to Nadebe Creek, where another large crowd awaited it and where much interest was displayed in the various exhibits and addresses. Great surprise is shown on all sides at the variety and completeness of the displays which the department of agriculture has assembled for inspection and the education of the people.

Many had regarded the project of taking education to the farmers more as a joke than as a practical scheme, but doubters are silenced once they have visited the train. Should the experiment be repeated another year farmers will avail themselves of its advantages.

Charles was the last place visited today, and here the successes of earlier in the day were repeated. It is especially gratifying to see the large numbers of school children visiting the train and receiving the instruction imparted by the various experts in charge. Naturally the children take the deepest interest in the displays of insects and mounted specimens, weeds and grasses. The information they received regarding injurious insects, methods of their destruction and prevention, and also regarding noxious weeds must be of incalculable value to the province.

After the exhibits tomorrow at Campbellton and Dalhousie Junction the train will be passed over to the care of the Quebec government.

Hon. Dr. Landry, who has accompanied the train for the past few days left it at Bathurst today and returned to his home.

### DEMOCRATS DRAW UP PLATFORM OF PARTY

#### FIND LEAK IN DETECTIVE DEPARTMENT

#### Court Looks for Source of Information Appearing in Press.

Ex-General Manager of Farmer's Bank Difficult Witness in Nesbitt Case and Nearly Lands in Jail.

Toronto, June 28.—Although a motion was made to commit him for contempt of court, W. R. Travers, ex-general manager of the Farmers' Bank today refused to divulge to Sir William Meredith, government commissioner investigating the causes of the failure of that institution, where the proceeds of a \$2,000 cheque marked "C" went. Sir William told him that he had the power to commit him to jail permanently until he answered the question, but Travers remained silent.

Efforts were made by Sir William and crown counsel holdings to find where the leak in the detective department was, whereby newspapers came into possession of certain documents. Walter Duncan, inspector of detectives, contradicted the evidence of Stewart Lyon, assistant editor of the Globe when the latter said he saw papers in Duncan's office over the latter's shoulder.

The matter of Dr. Nesbitt's escape was also inquired into. The commission did not quite clean up all the business today and a further sitting which it is not expected will last more than an hour, will be held tomorrow.

### Republican Tariff System Condemned

#### WANT LOWER DUTIES

#### Lay Blame for High Cost of Living on Political Opponents and Suggest Remedies—President Taft Scored.

Baltimore, M. D., June 28.—Of the various votes taken at this evening's session of the Democratic national convention, Champ Clarke made slight gains, but at a late hour had failed to secure the two-thirds vote necessary for his nomination. Supporters of Bryan still expressed confidence that the protracted deadlock would eventually force the Democrats to nominate the veteran presidential candidate a fourth time.

The official platform of the party as expressed tonight, is strong in its condemnation of the Republican tariff programme.

The representatives of the Democratic party of the United States, in national convention assembled, reaffirm our devotion to the principles of democratic government formulated by Thomas Jefferson and enforced by a long and illustrious line of democratic presidents.

Continued on page two.

### RECORDS TELL AGAINST THAW

#### On One Occasion He Had to be Carried to His Room and on Another He Assaulted Patient.

White Plains, N. Y., June 28.—Harry K. Thaw's record during his confinement at Matteawan, was spread upon the record by his counsel, Clarence J. Shearn, during the progress this afternoon of the hearing on Thaw's application for release from the asylum.

Part of the record was a comparison of Thaw's mental condition with that of the average normal person of his age. It related further to Thaw's manner, conversation on his acquittal and other subjects. One day's record, signed by Dr. Amos T. D. Baker, reads: "Thaw is very fond of cards and gets angry when his partner makes a mis-play. Last night he called his partner a dunce and an ass. Today found him laughing over the funny page of a copy of the New York Sunday papers."

One portion of the record as read by Mr. Shearn showed that on one occasion Thaw sat on the tile floor, refused to go to his room when requested, and had to be carried helplessly, struggling and protesting. Another time was that Thaw struck a patient and knocked him down.

### PREMIER FLEMMING ATTENDS SESSION OF THE INSTITUTE

#### Teachers Hear of Efforts Exerted by Government to Advance Interests of Education in Province.

Special to The Standard.  
Fredericton, June 28.—The sessions of the Educational Institute which have been in progress here during the past few days were brought to a close this afternoon. The chief incident of the closing session was the visit of Premier Flemming, accompanied by Provincial Secretary McLeod, and the adoption of a number of resolutions.

Premier Flemming and the provincial secretary were introduced to the session by Chief Superintendent W. S. Carter. Both the premier and provincial secretary delivered brief addresses. In their remarks they referred to the successful efforts of the government on behalf of the teaching profession of the province, by assisting the members of the profession through the pension act, and they assured the convention that the aim of the government will be to give every possible aid towards an advanced educational policy, and to advance the interests of the members of the teaching profession.

At this afternoon's session a committee on text books was appointed and is composed of the following: Dr. H. S. Bridges, H. H. Haggerman, G. J. Oulton, Miss Effie Barton, Miss Annie Hea and Dr. H. V. B. Bridges.

Several resolutions were adopted by the convention. Complimentary resolutions were tendered Dr. H. V. B. Bridges and Chief Superintendent W. S. Carter. Dr. J. R. Inch was elected a life member.

Another resolution was passed expressing the convention's opinion on the advisability of inserting a disability clause in the Teachers' Pension act.

The sixth Institute which closed this afternoon was one of the most successful ever held in the province. The attendance was large and many matters of interest and importance were dealt with.

### APPEAL DECISION

Washington, June 28.—Samuel Gompers and Frank Morrison, of the American Federation of Labor, recently sentenced to one year and nine months in jail, respectively, for contempt of court, today filed an appeal from Justice Wright's decision, and gave bail. Execution of their sentence was stayed.

### WHERE THE DEMOCRATIC CONVENTION IS MEETING

Interior of Fifth Regiment Armory Where Democratic Convention will be Held, and Four National Campaigners Already on the Job: Left to right, Willard Saulsbury, Josephus Daniels, Edwin Newman and Edwin Wood.

### TRAVELLERS' DAY IN OLD HOME WEEK AT RAILWAY TOWN

#### Baseball Attraction Proved Somewhat Disappointing—Nova Scotia Came Out on Top—Entertained Friends in Evening.

Special to The Standard.  
Moncton, June 28.—This was commercial travellers' day in the Old Home Week and they made a noise something like a real celebration.

They came to the number of about two hundred and proceeded to a good parade in the morning. In the afternoon they had another in decorated automobiles and proceeded to the athletic grounds where Nova Scotia was pitted against New Brunswick in a baseball game.

The Scotians won, 17 to 13, and while some of the players showed that they had been some class in their younger days, the game was more funny than scientific. The players lined up as follows: Nova Scotia, Brown, Neal Dakin, Yearley, McDonaid, Hoyt, Smith, Walker and Arthur. For New Brunswick, Hazen, Simmons Taylor, Day, Wilson, Bray, Tibbits, Larson and Gilmore.

The knights of the grip made the curling rink their headquarters and tonight they are assembled with their late friends for social enjoyment.

### COURAGEOUS GIRL SAVES YOUNGSTER

Quebec, June 28.—By the courage of Miss Ida Ryan, a young lady of Champlain street, a four-year-old child of Mr. and Mrs. John Fitzgerald was saved from drowning.

The child was playing at the water front when she fell into the river. Miss Ryan ran down the wharf and jumped into the water, rescuing the child and restoring her to her mother.
