NEWFOUNDLAND TO PRODUCE MORE

Government Issues Bulletin to People on Soil to Grow More Crops.

Washington, Feb. 27.—To assist Spain in moving supplies to General Pershing's forces, the United States is ready, the war trade board an anounced tonisht, to release for Spanish use some of its own badly need ed rallway materials. The offer is made to induce the Spanish government to jift its embargo on the shipment of goods into France, placed, it was claimed, because of a breakdown in Spanish railroad transportation A final agreement between the two nations, the board announced, is near, although not actually signed as yet. Spain has been notified again that all Spanish railroad transportation at Issued and the provided every pound of edible matter that our soil will transport and the promiseler field are operated. Spain has been notified again that all Spanish railroad transportation at Issued to make a working conditions and day wage rates as set out in the 'tentative agreement' under which the other mines in the Drumheller field are operated. This is taken to mean that the Rose-dale mine will be operated under the agreement without further trouble.

TRAINMAN KILLED

AND TWO RIIRNED St. John's, Nfid., Feb. 27.—The Newfoundland agriculture board in a bulletin just issued expresses appreciation of "the excellent response to the pleas made by the government for increased production," and appeals for even greater efforts during the coming season. "In the present year—the crucial year of the war—says the bulletin, "it is now but too apparent that we shall be compelled to make a supreme effort to provide every pound of edible matter that our soil will furnish.

Between British and Ger-

London, Feb. 27.—The report from Field Marshal Haig's Headquarters in France, says:

"A successful raid, in which several casualties were inflicted on the enemy without loss to ourselves, was carried last night by the Canadians near Lens.

"The hostile artillery has shown some activity today south of Cambraiand south of the Scarpe River, in the neighborhood of La Bassee and Armentiers, and east of Ypres. Our artillery engaged hostile infantry transport in the neighborhood of St. Quentin."

Air Fighting.

Air Fighting.

An official statement on British aerial operations tonight says: "The weather was fine Tuesday, but a strong west wind greatly favored the enemy in the air fighting. Four tons of bombs were dropped on a large railway siding at Courtrai, a railway junction midway between Douani and Valcennis, two airdromes north of Douai and bilets.
"The fighting in the air was severe

The fighting in the air was ser "The fighting in the air was severe and there were many combats between the enemy's scouts and our reconnaissance, bombing and fighting machines. One enemy machine was brought down by gunfire, another was forced to land inside the British lines and twelve others were brought down. Eight of our machines are mis-

BIG SLACKER RAID STIRS MONTREAL

Taken in England, Commenced on Saturday, But No Returns Yet Received at

Ottawa, Feb. 27.—The counting of the soldiers' vote taken in England commenced on Saturday. The general returning officer has not yet received any returns by cable. It is presumed that the results are being held on the other side until the count is completed. The compling of the vote taken in France was done by a considerably larger staff than the one engaged upon the work in England. There is no certainty as to what seats are likely to be changed by the vote still to come through, although the two seats in Queens, P. E. I., and Brant, South Perth, South Renfrew and Nipissing, Ontario, are still jooked upon as being doubtful.

An official analysis of the military and naval vote cast at the general elections in Canada and the United States shows that 88.18 per cent. of the vote was for the Union government. This is approximately four per cent. less than the government received of the vote cast in France.

The Analysis.

By provinces the analysis is as follows:

A further analysis showed the total vote polled in North America, including rejections of all kinds, to be 54,119. The calculation is as follows:
Total number of ballots reported from 197 electoral districts, 38,619; from 197 electoral districts, 38,619; acclamations or deferred elections (33) including Halifax, where there were about 3,500 votes polled without from the count, represent 7,500; unsigned envelopes, 500; unqualified voters and those who did not indicate residence in any particular electoral district, 1,500; envelopes rejected because voter indicated no place of residence but merely a desire to vote in a particular constituency. to vote in a particular constituent. These were, in almost every instance quite clearly unqualified by residence 6,000. Total, 54,119.

"WEAK NATIONS MUST BE AS SAFE AS THE STRONG"--BALFOUR

(Continued from Page 1)

Philipp Scheidemann, the German Socialist leader, has voiced the protest of his party to the peace that is being forced on Russia. In a debate in the Reichstag he has said that Germany must negotiate a peace by understanding and that the independence of Belgium must be secured.

Balfour Replies.

London, Feb. 27.—Foreign Secretary Balfour replying today to the speech of Count Von Hertling, the German Im-perial Chancellor, regarding the doc trine of the balance of power, said that "During the night more than half a ton of bombs were dropped on the barracks and railway stations at Treves. The same night nearly one and one half tons of bombs were dropped on an alfdrome near Metz.

"One hostile machine was brought the struggle for the balance of the balan

lying the struggle for the balance of power.

Mr. Balfour told the House of Commons, which he was addressing, that he was unable to find in Von Hertling's speech any basis for fruitful conversation or nope for peace. The chancel the structure of the speech and the life and the life and the life and the life and the was completely unsatisfied.

Starts Work on Four-Masted Schooner, Largest Built on Miramichi in Past Forty

Operations were begun by the company on November 10th last, A mill was built to replace the old Nordin mill that had been burned a short time before. The new mill is a three story structure 45x100 feet, 35 feet high. The first floor contains a rotary saw, a 40-inch beveiling band saw, planers, etc. The second floor is the moulding loft and the third is the rigging loft. The company expect to have their schooner completed by August next.

There are 70 men employed round the yards. F. H. McNaught of Chatlottetown, superintendent, and A. S. Morash of Lunenburg, N. S., master builder.

REHABILITATION OF HALIFAX NOW ON **GOOD FOOTING**

H. T. Falk Returns to Winnieg Today and Leaves Effective Organization in Charge of Work.

Halifax, Feb. 27—J. H. T. Falk, who came from Winnipeg to Halifax shortly after the disaster to assist in and organise the work of the rehabilitation organise the work of the rehabilitation committee of Halifax relief, returns to Winnipeg tomorrow. Mr. Falk completed his organization and leaves a staff numbering sixty two. He had aimed to consolidate the work so that every family should be visited, each one known, urgent needs all attended to, and the necessity of people going to the administration offices, except in regard to claims, reduced to a minimum.

cept in regard to claims, reduced to a minimum.

He said "I know that the visiting social workers will agree with me when I say that up to now little reconstructive work has been possible with individual families. But with all urgent needs attended to pre-disaster problems which have been in many cases exaggerated by the disaster and others crerated by it, can now receive the undivided attention which they require, if the families affected are to be brought back as near as possible to a state of happy independance.
