The Inter-Society
Debating League
Dr. J. B. Gosnell Presided at
St. Peter's Y. M. A. Yester-
day When Large Audience
Heard Important Subject
Debated.

The third of a series of debates,
under the auspices of the Inter-Society
debating league, had yesterday
afternoon in St. Peter's Society rooms,
and was presided over by Dr. J. B.
Gosnell, vice-president of the league.
The interest in these debates was
so great that Capital Punishment
was raised as a question of the
highest importance. The audience
last night was equal to that of the
previous evenings, and the seating capacity
of the hall. The subject for argument
was, "Resolved, that Capital Punish-
ment should be Abolished." The St.
Peter's team having the affirmative
side of the question, while the team
from the Church of the Assumption
opposed them.

The debate was productive of some
very interesting points, several important
points being scored by both sides, while
the delivery and presentation
were of a high order. After listening
to the arguments of both sides, the
judges, William J. Shea, C. J. McMillan
and Thomas O'Leary, awarded the
decision to the team handling the nega-
tive side of the question.

The Church of the Assumption team
was composed of Edward Owen, lead-
er, and G. O. Morris, and they were
opposed by Fred J. Gouverneur, leader,
and Frank Burke, representing St.
Peter's.

At the close of the debate, the
meeting was addressed by the Hon.
R. J. Ritchie, who spoke on the ad-
vantages of debating as a means to
wards developing the art of public
speaking. He commended the Inter-
Society Debating League on its enter-
prise, to test the practice of holding
debates, and advised all the young
men in the societies to attend and take
an active part in the activities of the
league.

NATIONAL HOCKEY LEAGUE GAMES PLAYED SATURDAY

Toronto Trimmed Canadiens 5 to 3 and Cleghorn Showed
More Rough Stuff—Hamilton Tigers Won from Sena-
tors in Game Full of Thrills and Good Hockey.

Montreal, Jan. 22—Babe Dye's rib-cracking shots, the Randal-Doyle-Nobell combination, and the impregnable Roux in goal were too much for Canadians in the Mount Royal Arena here Saturday night, and when that going rang the score stood Toronto 5, Canadiens 3. The game did not lack for exciting rushes from either end of the rink, almost invariably resulting in dangerous shooting. There was another sort of excitement when Sprague Claghorn knocked Hamilton's Joe Hart off his feet during an argument in the middle of the ice. Dye had to retire for the latter time when he was hit in the head by a stick. Hart appeared to spur Malouet's team to a better effort, and their attack on the Gerard case was so savage it succeeded in stinging up the center before the second period was over. Another, who turned in such a good game against the Irishmen, was again prominent against Ottawa, but the outstanding star for Hart was Joe Ross. Both teams started the rally that put the second period alive after an encounter with Sprague behind the Toronto goal. Claghorn got five minutes on the boards for each of those infractions and received another two minutes when he swung his stick in the air. Dye's first tally in the second period was the result of a foul committed by Hart in the goalmouth. The match was a considerable dispute about the master while the crowd served to the players to proceed.

Line-up:
Canadians..... St. Patrick's
Goal.....
Defense..... Roux
Cleghorn..... St. Andrew's
Corbeau..... Cameron
O. Claghorn..... Randal
Wings..... Nobell
Boucher..... Dye
Couture..... Dye
Substitutes..... Dye

Both teams scored twice in the third period, but the goals that Montreal got to put the count came five seconds apart. Hart had a chance to play and Mickey Roux succeeded in breaking Beaudoin for the winning goal after eight minutes and thirty-three seconds of play.

Following is the line-up:
Hamilton..... Ottawa
Lockhart and Montgomery..... Ottawa
Defense..... Dye
Reise..... Dye
Matte..... Dye
Malone..... Left Wing
Arbour..... Centre
Proders..... Right Wing
Fournier..... Subs

Wilson..... Cherie
Carey..... Bell
Rouch..... Bruce
Referee—Harvey Sprule, Toronto.

Summary:
First period—1, St. Patrick's, 2; 2, St. Patrick's, 3; 3, St. Patrick's, Randal, 2:30.
Second period—4, Canadians, 2; 5, St. Patrick's, Dye, 1:10.
Third period—7, Canadians, 2; 8, St. Patrick's, Dye, 8:15.
Final score—St. Patrick's, 5; 6; 8:15.

Tigers Defeated Ottawa.
Hamilton, Jan. 22—Tigers improved their standing in the national race on Saturday night when they defeated Ottawa seven to six in a game that went nearly nine minutes overtime and was chock full of thrills and good hockey. At one time Ottawa appeared to have a large enough margin to win two games from every Thompson's blunder, but the game showed that old fighting spirit that

Richard did go to Jersey, and try to knock Leonard there to an extent where the fight would be called off. But the effort failed, and Leonard fought Kansas in New Jersey.
New Rule Set at Leonard.
On top of that the boxing commission had to inflict a rule that his managers were not to get guarantees and more—thus he would have to fight for 10 per cent of the receipts. It is the function of managers to assist so as to protect himself against giving big purses, thus making his own profits bigger.
"Gibson and Leonard, upon learning what the extreme Richard had done to break the fight in New Jersey, and to what extremities he went to harm Leonard, were determined that Leonard never again would fight under the promotion of Richard. And that's the real story."

Richard, explaining the situation, says: "The real reason seems to be that I insist upon Leonard fighting in a curve, but this flattened out part of the drive must be obtained for a true-flying ball." He stood a little less than half of following through on a straight line, swept to the left just as he went through the tail, impaling to the ball the fatal clefting tail. When he stood up to his ball a few inches closer his shot vanished.

A logical study and analysis on the player's part will reveal to him just what I mean by this. The cleft must come up to the ball, on the down stroke, on a straight line. It must go through the ball and continue after the ball on a straight line for about two inches. All the rest of the stroke is in a curve, but this flattened out part of the drive must be obtained for a true-flying ball.

Stance for Iron Shots.
This applies particularly to the iron shots. The distance of the foot from the ball must be very accurately arrived at for the reason that the iron shot is shorter and the swing narrower.

The follow through of the iron shot must be the same in principle as with the wood club.

So many iron shots are pulled by the player because his position with relation to the swing does not allow for an adequate follow through. He sits back on his ball and tries to hit this in a almost inverted position.

This is almost impossible to do. This into the habit of simply "swinging" the ball with the right hand, using virtually no follow-through at all. If his ball flies straight and arrowy from such a blow nothing but chance gives it such flight.

If the player has been standing too far from the ball his first tendency, on moving up a little, will be to drop his right shoulder on the down swing. The drive should, of course, be entirely free from this, but some very fine players have never been able to rid themselves of the habit.

Another good rule to follow in your indoor practice is this: Learn to follow the left leg as the clubhead goes through the ball, thus keeping the body out of the stroke. Remember that the head should be on an extension with the spot where the ball rests, after the ball has been driven.

It is permissible to let the body go forward after the ball has been hit, but the player who does this too readily falls into the wrong habit of letting the body go too soon in the follow-through. The ball tends to swerve away—literally snatched away—and holding the head in line, which will automatically keep the rest of the body in line, prevents lifting the eyes too soon—a disastrous practice.

When Richard heard about it he was mighty mad, and he told Miss Gibson, manager of Leonard, that Leonard never would fight in New Jersey—that he would stop it. Richard wanted to be \$16,000 right then and there with Gibson that Leonard never would fight Kansas in Jersey.
