Guests Appreciate Efficiency

HOTEL Service is not merely a matter of courtesy. The smooth-running machinery, which produces in the guests that feeling of restfulness and security from noise and inconvenience, is a vital factor in the success of every hotel worthy of the name.

Guests appreciate hotel service, and continue to patronize those hotels which are successful in creating an involuntary impression of efficiency.

The importance of an Otis-Fensom Freight Elevator to the development of efficiency in hotel service is incalculable.

Baggage may be quickly and quietly transferred from the street to the bedroom or sample room upon arrival, and rushed to the porter's room when the time comes for departure.

Guests are enabled to save time and avoid inconvenience. Satisfaction on their part creates prestige and increased traffic.

OTIS FENSOM FREIGHT ELEVATORS

An Otis-Fensom Freight Elevator may be installed at a moderate cost, and quickly pays for itself in the saving effected in time and labor alone.

Whatever YOUR requirements, we can supply an Elevator of any description—Electric, Hydraulic or Hand Power—calculated to meet your individual case.

Write for our free booklet, "Freight Elevators and Their Uses," containing interesting facts and illustrations. This book will tell you of more uses for a Freight Elevator than you ever dreamed possible.

Write TO-DAY—don't put it off until another time—fill in this coupon and mail NOW while the thought is fresh in your mind.
