

DEATH

Knows No Holiday ...

It works round the clock . . . 365 days a year! And it preys on drivers who've had "one for the road." But the saddest thing is it also takes its toll in innocent passengers, pedestrians and other drivers. Make this a happy . . . healthy . . . New Year. Stop

and think about it. Do you really need another drink? If you do . . . don't get behind the wheel of a car! And throughout the season, and the year, drive as if your life depends on it. Because it does. Have a safe holiday.
