on Enquiry on Friday.

Would you think a matter like this should
 be taken up? I would suggest some journals
 friend take The Globe or M. & E. report to
 Liversay (C.P. Ga. Mgr.) and show him
 what you said - your specific utterances
 indicative of your proposed policy, & find
 out why such a thing should not be
 broadcast. Per contra The Gazette has
 a lot of false nonsense on. The
 first page carries from Winnipeg
 why the latter, and not yours? A judiciously
 placed "brick" in this fashion should have
 the effect, at least, of stirring up things.
 Perhaps Gratton O'Leary might stir up
 the Ottawa Journal to make a brick.
