TRANSPORT-RECORDS

JUL 17 AM.

File

5008-E7-3

1. Herewith for your information, please, copy of accident report aircraft CF-EGC, dated July 9th, 1947.

2. The undersigned, with Mr. J. J. Currie, inspected the wreck at Kamsack.

3. It would appear the aircraft, since its previous flight, had stood out in several heavy rains and upon taking off, water caused failure in the fuel system.

4. At a low altitude the pilot attempted to turn back, stalled and hit, at the near commencement of a spin.
